Leading Learners, Leading Schools Robin Brooke-Smith, 2003-12-16 In this book Robin Brooke Smith explores the dynamics of schools as complex organisations He presents a radical departure from established school improvement and effectiveness orthodoxies offering a refreshing new approach to managing change and enhancing collective learning Based on the author s own experience of managing and leading schools this book explores such questions as How can schools learn as a generative process How can schools become adaptive and co evolve with their internal and external environments How can education leaders navigate their institutions out of the comfort zone and into the creative state The book concludes with a series of practical lessons for leading schools in complex conditions and will be of great value to reflective action orientated heads principals and deputies as well as academics and researchers in education management

Teaching English as an Additional Language in Secondary Schools Seán Bracken, Catharine Driver, Karima Kadi-Hanifi, 2016-11-10 With increasing numbers of learners in secondary schools having English as an additional language it is crucial for all teachers to understand the learning requirements of these students and plan distinctive teaching approaches to engage and support them This book provides school leaders trainee teachers and qualified teachers with the skills and practical knowledge they need to strengthen the learning outcomes of students for whom English is an additional language Teaching English as an Additional Language in Secondary Schools sets out realistic ways in which EAL learners can be

engaged and stretched in their learning building on their prior literacy cultural experiences and language learning It clearly explains the theory and key research into how additional languages are acquired and offers practical classroom teaching and learning strategies to show teachers how they can help EAL learners to access the curriculum and reflect on their learning through assessments Features include tasks to help put the ideas into practice case studies illustrating the key challenges faced by EAL learners summaries of key research findings reflections to encourage deeper thinking Drawing on the daily experiences of teachers and teaching assistants this book will be essential reading for all trainee and practising teachers that want to ensure students with EAL fulfil their true learning potential Secondary Education at the Crossroads Phillip

Hughes,2006-09-23 Education is a universal priority Currently it is at a crossroad In every society it is valued as a major road to produce more productive more harmonious and healthier citizens Yet in every setting there is deep dissatisfaction with the overall performance of education and there are major moves towards reform sometimes superficial but more often

fundamental These reform processes have had only moderate and very uneven success Too often they are episodic reflecting a short term approach which is frequently changed for the latest enthusiasm or the most recent administration In Asia and the Pacific countries many systems are in the process of construction or reconstruction Can we learn from the experiences of others Given the multiplicity of efforts at reform and the variety of situations for reform there may well be lessons we can learn from each other s efforts and each others failures and successes This book features contributions from experienced researchers who have worked in many different settings and bring their own insights to attack this universal problem The

Secondary PSHE Co-ordinator's Handbook Colin Noble,2013-05-13 This handbook provides the Personal Social and Health Education PSHE co ordinator in a school with everything that they need to deliver good practice in this subject The book contains thorough guidance through policy and required practice and has a strongly practical bias It shows through examples of good practice what can be achieved and how this can generally help to raise standards in schools This is a topical lively and up to date book which tackles the real issues facing schools heads co ordinators and classroom teachers in an engaging and practical manner It quotes from examples and case studies where strategies worked and failed but also keeps the learning of the pupil as the focus of all activities The PSHE Co ordinators Handbook is what every Head and PSHE co ordinator needs to help them make practical sense of the new curriculum the new PSHE the new healthy school standard social inclusion citizenship school councils and the new Ofsted requirements and how these can be woven together in a coherent way to support the raising of academic standards **Creativity and Education** Anne Harris,2016-06-15 This book

advances an environmental approach to enhancing creativity in schools by interweaving educational creativity theory with creative industries environmental approaches Using Anna Craft s last book Creativity and Education Futures as a starting point the book sets out an up to date argument for why education policy should be supporting a birth to workplace approach to developing creative skills and capacities that extends across the education lifespan The book also draws on the voices of

school teachers students and leaders who suggest directions for the next generation of creative teachers and learners in a rapidly evolving global education landscape Overall the book argues that secondary schools must find a way to make more room for creative risk innovation and imagination in order to adequately prepare students for creative workplaces and publics
