Edgar Hoover** Lerone A. Martin, 2024-11-05 The shocking untold story of how the FBI partnered with white evangelicals to champion a vision of America as a white Christian nation On a Sunday morning in 1966 a group of white evangelicals dedicated a stained glass window to J Edgar Hoover The FBI director was not an evangelical but his Christian admirers anointed him as their political champion believing he would lead America back to God The Gospel of J Edgar Hoover reveals how Hoover and his FBI teamed up with leading white evangelicals and Catholics to bring about a white Christian America by any means necessary Lerone Martin draws on thousands of newly declassified FBI documents and memos to describe how under Hoover's leadership FBI agents attended spiritual retreats and worship services creating an FBI religious culture that fashioned G men into soldiers and ministers of Christian America Martin shows how prominent figures such as Billy Graham Fulton Sheen and countless other ministers from across the country partnered with the FBI and laundered bureau intel in their sermons while the faithful crowned Hoover the adjudicator of true evangelical faith and allegiance These partnerships not only solidified the political norms of modern white evangelicalism they also contributed to the political rise of white Christian nationalism establishing religion and race as the bedrock of the modern national security state and setting the terms for today's domestic terrorism debates Taking readers from the pulpits and pews of small town America to the Oval Office and from the grassroots to denominational boardrooms The Gospel of J Edgar Hoover completely transforms how we understand the FBI white

JFK and His Enemies Thomas J. Whalen, 2014-05-23 The famed 19th century humorist Finely Peter Dunne once commented that life would not be worth living if we didn't keep our enemies Certainly John F Kennedy could appreciate the wisdom behind this observation At nearly every stage of his noteworthy political career which stretched from the dank run down tenement houses of Charlestown Massachusetts in 1946 to the gleaming downtown skyscrapers of Dallas Texas in 1963 Kennedy had collected his fair share of enemies Some like Henry Cabot Lodge Jr in 1952 and Lyndon Johnson in 1960 presented formidable political obstacles to his attaining higher office Others like Nikita Khrushchev during the Cuban Missile Crisis of 1962 threatened the very survival of the human race itself Regardless of the stakes Kennedy always seemed to rise to the level of the domestic or international challenge presented Our problems are man made therefore they may be solved by man he said To those who knew him best this single mindedness was not surprising He clearly wanted to establish a place in history insisted Robert McNamara Kennedy's Secretary of Defense But being an historian himself Kennedy realized that political success did not come easily or cheaply It required individual strength of character clarity of thought and the ability to act decisively There are risks and costs to action he allowed But they are far less than the long range risks of comfortable inaction **The Black Panther Party and Transformative Pedagogy** Omari L. Dyson, 2013-11-14 The Black Panther Party and Transformative Pedagogy Place Based Education in Philadelphia by Omari L Dyson is the first scholarly text to detail the social relief efforts of the Philadelphia Pennsylvania Branch of the Black Panther Party Through a postcolonial lens this story captures the lived resistances highlights the socio historical context and examines the discourse of former members of the Black Panther Party and local residents of Philadelphia from 1968 1974 Overall this book provides insight

from a multiplicity of sources to better capture the identities and complexity of the organization. Drawing the Past, Volume 1 Dorian L. Alexander, Michael Goodrum, Philip Smith, 2022-01-04. Contributions by Lawrence Abrams, Dorian L. Alexander, Max Bledstein, Peter Cullen, Bryan Stephen Connor, Matthew J. Costello, Martin Flanagan, Michael Fuchs, Michael Goodrum, Bridget Keown, Kaleb Knoblach, Christina M. Knopf, Martin Lund, Jordan Newton, Stefan Rabitsch, Maryanne Rhett, and Philip Smith. History has always been a matter of arranging evidence into a narrative but the public debate over the meanings we attach to a given history can seem particularly acute in our current age. Like all artistic mediums, comics possess the power to mold history into shapes that serve its prospective audience and creator both. It makes sense then that history, no stranger to the creation of hagiographies particularly in the service of nationalism and other political ideologies, is so easily summoned to the panelled page. Comics, like statues, museums, and other vehicles for historical narrative, make both monsters and heroes of men while fueling combative beliefs in personal versions of United States history. *Drawing the Past, Volume 1: Comics and the Historical Imagination in the United States*, the first book in a two-volume series, provides a map of current approaches to comics and their engagement with historical representation. The first section of the book on history and form explores the existence, shape, and influence of comics as a medium. The second section concerns the question of trauma, understood both as individual traumas that can shape the relationship between the narrator and object and historical traumas that invite a reassessment of existing social, economic, and cultural assumptions. The final section on mythic histories delves into ways in which comics add to the mythology of the US. Together, both volumes bring together a range of different approaches to diverse material and feature remarkable scholars from all over the world.

A Time for Choosing Jonathan Schoenwald, 2001-08-16. How did American conservatism, little more than a collection of loosely related beliefs in the late 1940s and early 1950s, become a coherent political and social force in the 1960s? What political strategies originating during the decade enabled the modern conservative movement to flourish? And how did mainstream and extremist conservatives frequently at odds over tactics and ideology each play a role in reshaping the Republican Party? In the 1960s, conservatives did nothing less than engineer their own revolution. *A Time for Choosing* tells the remarkable story behind this transformation. Where previous accounts of conservatism's rise tend to speed from 1964 through the start of the Reagan era in 1980, *A Time for Choosing* explores in dramatic detail how conservatives took immediate action following the Goldwater debacle. William F. Buckley Jr.'s 1965 bid for Mayor of New York City and Reagan's 1966 California governor's campaign helped turn the tide for electoral conservatism. By decade's end, independent splinter groups vied for the right to bear the conservative standard into the next decade, demonstrating the movement's strength and vitality. Although conservative ideology was not created during the 1960s, its

political components were Here then is the story of the rise of the modern conservative movement Provocative and beautifully written A Time for Choosing is a book for anyone interested in politics and history in the postwar era
