Secret Strength:

The Secret Strength of Angels Frederic Flach, MD, 2014-09-30 The perfect gift for the Angels in your life A book to be treasured forever Personal protectors divine messengers pure spirit seraphim and cherubim agents of God We all have a notion of what angels are and what they should look like We've seen angels portrayed in paintings sculpture movies and TV But even with hundreds of books and TV shows on angels is there something about them we've missed The Secret Strength of Angels is about the remarkable qualities that angels possess and what we humans can do to emulate them in our own lives here on earth What's secret about these virtues is not so much what these angel strengths are but the idea that we can penetrate the shroud of mystery that surrounds them and identify very specific attributes seven in particular that we can make a part of our own personalities once we understand and appreciate them This may come as a surprise to some Even those of us who do believe in angels have traditionally thought of them as belonging to another realm pure spirit sometimes impish sometimes heroic agents of God our personal protectors We have been encouraged to model ourselves after elders deserving of respect remarkable figures in history saints But this may be the first time that anyone has considered angels themselves as models for human behavior The Secret Strength of Angels reminds us that it is not what angels are that is important but rather what they do Angels travel the world protecting people performing altruistic acts and making life better for those around them In fact there are seven specific strengths that angels exhibit which Dr Flach reveals The freedom to choose The power of knowing Love and generosity Communicating A mission to guide and protect Healing and helping A mission to become a more spiritual person Written with quiet confidence and authority The Secret Strength of Angels provides a unique guide to confronting the day to day in the healthiest manner possible Whether it helps you heal old wounds and change your behavior or merely confirms what you already know The Secret Strength of Angels is thought provoking and interesting and contains a message that can appeal to anyone For every Angel on Earth *How Little Coyote Found His Secret Strength* Anne Westcott, C. global turbulence **Sepher Rezial Hemelach** Steve Savedow, 2025-09-12 Sepher Rezial Hemelach is the long-awaited first English translation of this famous magical text, a translation from the ancient Hebrew in the rare and complete 1701 Amsterdam edition. According to Hebrew legend, the Sepher Rezial was presented to Adam in the Garden of Eden given by the hand of God and delivered by the angel Rezial. The myth thus suggests that this is the first book ever written and of direct divine provenance. A diverse compendium of ancient Hebrew magical lore, this book was quite possibly the original source for later traditional literature on angelic hierarchy, astrology, Qabalah, and Gematria. Moses Gaster mentions this in his introduction to *The Sword of Moses* (1896), suggesting that the Sepher Rezial could be a primary source for many magic and qabalistic books of the Middle Ages. Sepher Rezial Hemelach is a compilation of five books: *The Book of the Vestment*, *The Book of the Great Rezial*, *The Holy Names*, *The Book of the Mysteries*, and *The Book of the Signs of the Zodiac*. It includes extensive explanatory text on the holy names of God, the divisions of Heaven and Hell, the names and hierarchy of the angels and spirits, as well as symbolic interpretations of both the Book of Genesis and Sepher Yetzirah. It also includes material on astronomy, astrology, gematria, and various magical talismans, most notably those used for protection during childbirth. In his introduction, Steve Savedow details the history, bibliographical citations, and lineage of this famous work. He lists the old and rare manuscripts still in existence and provides a bibliography of other reference works for study of the Western esoteric tradition.

Force of Imagination John Sallis, 2000 *Force of Imagination: The Sense of the Elemental* John Sallis. A bold and original investigation into how imagination shapes thought and feeling. This is a bold new direction for the author, one that he takes in an arresting and convincing manner, a powerful original approach to what others call ecology, but what Sallis shows to be a question of the status of the earth in philosophical thinking at this historical moment. Edward S. Casey. In this major original work, John Sallis probes the very nature of imagination and reveals how the force of imagination extends into all spheres of human life. While drawing critically on the entire history of philosophy, Sallis's work takes up a vantage point determined by the contemporary deconstruction of the classical opposition between sensible and intelligible. Thus, in reinterrogating the nature of imagination, *Force of Imagination* carries out a radical turn to the sensible and to the elemental in nature. Liberated from subjectivity, imagination is shown to play a decisive role both in drawing together the moments of our experience of sensible things and in opening experience to the encompassing light atmosphere of earth and sky. Set within this elemental expanse, the human sense of time, of self, and of the other proves to be inextricably linked to imagination and to nature. By showing how imagination is formative for the very opening upon things and elements, this work points to the revealing power of poetic imagination and casts a new light on the nature of art. John Sallis is Liberal Arts Professor of Philosophy at Pennsylvania State University. His previous books include *Being and Logos: Reading the Platonic Dialogues*, *Shades of Painting at the Limit*, *Stone Chorology*, *On Beginning in Plato's Timaeus*, all published by Indiana University Press. *Crossings: Nietzsche and the Space of Tragedy* and *Double Truth: Studies in Continental Thought*. John Sallis, editor. Contents
