Reeves,2016-08 *Mystery Accomplished* is a simple straight forward look at Biblical answers to questions about the end times the miraculous gifts of the Holy Spirit and more Learn from Jesus own words the time and purpose of His expected return Understand the meaning of John s Revelation of Jesus Christ Follow the Bible from beginning to end to see how the great mystery of God was revealed and accomplished **The Secrets of Generation** Raymond Stephanson,Darren N.

Wagner,2015-01-01 *The secrets of Generation* is an interdisciplinary examination of the many aspects of reproduction in the eighteenth century Exploring the theme of generation from the perspective of histories of medicine literature biology technology and culture this collection offers a range of cutting edge approaches Its twenty four contributors scholars from across Europe and North America bring an international perspective to discuss reproduction in British French American German and Italian contexts The book is a collection on eighteenth century generation and its many milieus *Miracles and Wonders in the Middle Ages and Early Modern Period* Albrecht Classen,2025-10-20 Despite the assumption that we live today in a rather rationalist and mechanized world there remain many aspects that neither medicine nor physics can fully explain The Catholic Church continues to pronounce individuals as saints because scientifically confirmed miracles are associated with them If we want to gain a solid understanding of the pre modern history of mentality emotions and everyday culture it proves to be highly revealing to examine what miracles and wonders had meant at that time both in the theological and medical field in the visual arts and literature As a matter of fact people both in the East and in the West have consistently flocked to pilgrimage sites all over the world in the hope that a miracle might happen and solve issues for them The contributors to this volume based on a symposium at the University of Arizona May 2024 approach this critically important topic from many different perspectives taking us from the early Middle Ages to the early modern age examining hagiographical medical literary and alchemical texts discussing both miracles and wonders as relevant themes in the public discourses Both the passage through Inferno and Purgatorio as the crucial pathway toward Paradiso and the experience of women s miraculous conception are identified as deeply impactful for the pre modern world and this both in Christian and Muslim cultures Studying miracles and wonders through a kaleidoscope of different materials and concepts makes it possible to gain a closer understanding of people s mindsets power structures and the debate between medicine and religion These topics were also greatly important in other cultures as several papers on Arabic medieval literature indicate Further pursuing this global issue we recognize easily that the separation line between the Middle Ages and the early modern period is only a modern construct and often not that helpful because the discourse on miracles and wonders has continued and influences even us today *Eutopia* Philip Allott,2016-07-27 There is a vacuum of philosophy to make sense of a world dominated by a disorderly global economy by science and engineering by ideologies and by popular culture There is a vacuum of law to bring order to relations between states that are more threatening than they have ever been Thomas More s *Utopia* 1516 re thought everything in another difficult new world Philip Allott s *Eutopia* 2016 reclaims the best of human thought to empower us in

making a better human world **Dogmatics in Outline** Karl Barth, 2013-01-25 Barth stands before us as the greatest theologian of the twentieth century yet the massive corpus of work which he left behind the multi volume Church Dogmatics can seem daunting and formidable to readers today Fortunately his Dogmatics in Outline first published in English in 1949 contains in brilliantly concentrated form even in shorthand the essential tenets of his thinking Built around the assertions made in the Apostles Creed the book consists of a series of reflections on the foundation stones of Christian doctrine Because Dogmatics in Outline derives from very particular circumstances namely the lectures Barth gave in war shattered Germany in 1946 it has an urgency and a compassion which lend the text a powerful simplicity Despite its brevity the book makes a tremendous impact which in this new edition will now be felt by a fresh generation of readers **Jesus Christ, Eternal God** Stephen H. Webb, 2011-12-16 Drawing on modern physics and ancient metaphysics Stephen H Webb constructs a philosophy of Christian materialism based on the unity of matter and spirit in the incarnation **Catholic World** ,1925
