Secret Agent X The Fear Merchants:

Secret Agent X Brant House, 2005-08-30 Ripped from the pages of the March 1936 issue of Secret Agent X magazine here is The Fear Merchants a thrilling pulp novel Includes the great original magazine art Flame demons swept across the city And in their scorching wake came a new horror The firemen fighting the vast inferno suddenly toppled from their ladders their shrieks piercing the blazing roar For when the firefighters struck the pavement they were distorted bloated husks Secret Agent X was at that fire But his manhunt was blocked by a barrier of the bloated dead **The Fear Merchants**

Brant House, 2022-11-22 In The Fear Merchants Brant House under the mask of Secret Agent X submerges us into a gripping narrative of supernatural intrigue set against an urban landscape The novel is replete with stylistic flourishes reminiscent of the pulp magazines of the early 20th century and the prose dances with the vivid shadows of film noir Secret Agent X confronts entities that are more than criminal they are otherworldly flame demons that bring a palpable threat to the city With each turn of the page readers are enveloped in a world where every corner conceals danger and the scent of dread is potent This literary work encapsulates an era as much as it does a riveting tale seeding its plot amongst the detective and supernatural genres with a masterful equilibrium of pace and detail Brant House is the collective pseudonym for a host of authors who penned the exploits of Secret Agent X for the eponymous magazine series Works under this name often draw deeply from the cultural fears and fascinations of their time weaving them into the heroic escapades of a singular protagonist House s writing is informed by an era where the world was rapidly changing shadows of war loomed and the public yearned for characters who could tackle the unseen and the unknown The Fear Merchants is a standout piece in this tradition crafted during a time of societal unease that parallels the lurking dread within the narrative For aficionados of classic pulp fiction and new readers alike The Fear Merchants by Brant House is a must read It rewards the reader not only with a whirlwind adventure and precise evocative storytelling but also offers an intriguing reflection of the social undercurrents of its times This book beckons to those drawn to the clandestine dance with darkness and the enduring battle between the ordinary and the extraordinary that rages in the heart of every Secret Agent X saga **The Phantom Detective** Robert
