Secret Beyond The Door:

Secrets Beyond the Door Maria Tatar,2006-10-03 Maria Tatar analyses the many forms the tale of Bluebeard's wife has taken over time showing how artists have taken the Bluebeard theme and revived it with their own signature twists

Secret Beyond the Door Rufus King,2015-03-20 Rufus King master of the macabre penned a modern Bluebeard thriller of such unbearable suspense that Hollywood jumped at the chance to produce it as a movie *MUSEUM PIECE* No 13 later renamed to match the movie was filmed as *SECRET BEYOND THE DOOR* starring Joan Bennett and Michael Redgrave and produced by Fritz Lang It became an instant noir classic as tense shocking and suspenseful as the original novel Lily Rumney lovely and in love could see no evil in her husband Not even when she discovered his strange collection of blood spattered rooms where murder had been done But when a forbidden door swung open and Lily entered a chamber prepared for death her death she knew she must escape Slowly warily frozen by dread the terrified bride walked a dim corridor while close at hand a madman planned his thirteenth killing

Hollywood: Formal-aesthetic dimensions: authorship, genre and stardom Thomas Schatz,2004 Hollywood as a concept applies variously to a particular film style a factory based mode of film production a cartel of powerful media institutions and a national and increasingly global way of seeing It is a complex social cultural and industrial phenomenon and is arguably the single most important site of cultural production over the past century This collection brings together journal articles published essays book chapters and excerpts which explore Hollywood as a social economic industrial aesthetic and political force and as a complex historical entity

Walter Wanger Matthew Bernstein,1994 A portrait of the trailblazing film producer whose career spanned five decades Bernstein packs an astonishing amount of solid film history into his lucid chronicle of Wangers whirlwind corporate liaisons A fully realized A line biopic of a fascinating life in the movies *Tom Doherty Film Quarterly*

The Death of Classical Cinema Joe McElhaney,2012-02-01 The Death of Classical Cinema uncovers the extremely rich yet insufficiently explored dialogue between classical and modernist cinema examining the work of three classical filmmakers Alfred Hitchcock Fritz Lang and Vincente Minnelli and the films they made during the decline of the traditional Hollywood studio system Faced with the significant challenges posed by alternative art cinema and modernist filmmaking practices in the early 1960s these directors responded with films that were self conscious attempts at keeping pace with the developments in film modernism These films Lang's *The Thousand Eyes of Dr Mabuse* Hitchcock's *Marnie* and Minnelli's *Two Weeks in Another Town* were widely regarded as failures at the time and bolstered critics claims concerning the irrelevance of their directors in relation to contemporary filmmaking However author Joe McElhaney sheds new light on these films by situating them in relation to such acclaimed modernist works of the period as Godard's *Contempt* Fellini's *La dolce vita* Antonioni's *Red Desert* and Resnais's *Last Year at Marienbad* He finds that these modernist films rather than being diametrically opposed in form to the work of Hitchcock Lang and Minnelli are in fact profoundly linked to them

Inside/Out Diana Fuss,2013-04-15 Lesbians and gays

have gone from coming out to acting up to outing meanwhile radically redefining society's views on sexuality and gender The essays in *Inside Out* employ a variety of approaches psychoanalysis deconstruction semiotics and discourse theory to investigate representations of sex and sexual difference in literature film video music and photography Engaging the figures of divas dykes vampires and queens the contributors address issues such as AIDS pornography pedagogy authorship and activism *Inside Out* shifts the focus from sex to sexual orientation provoking a reconsideration of the concepts of the sexual and the political

A Companion to Fritz Lang Joe McElhaney, 2015-01-27 *A Companion to Fritz Lang* Fritz Lang's movie making spans a major part of the history of cinema across genres styles and national contexts With smartness and sharpness the essays in this essential volume come from many angles to capture the richness of Lang's cinema and bring great insight to its study Dana Polan *Cinema Studies* NYU Fritz Lang's influence on cinema cannot be overstated with a career that stretched from the silent era in Germany to the decline of the Hollywood studio system in the late 1950s from the Weimar Republic to Nazi Germany from Depression America to the McCarthy era One of the best known migrants from Germany's school of Expressionism Lang is also credited with influencing the emergence of film noir *A Companion to Fritz Lang* offers the first full scale collection of scholarship available in English on one of the most important filmmakers of all time Addressing much of Lang's voluminous body of work from *Metropolis* and *M* to lesser known titles such as *Western Union* and *Clash by Night* this volume offers a superb overview of Lang's cinema with revealing insights into his enduring influence on directors such as Godard Scorsese Chabrol and Tarantino The two dozen essays presented here are an unrivaled and up to the minute assessment of the prolific and resilient life and vision of one of cinema's greatest auteurs

Driven to Darkness Vincent Brook, 2009-09-18 From its earliest days the American film industry has attracted European artists With the rise of Hitler filmmakers of conscience in Germany and other countries particularly those of Jewish origin found it difficult to survive and fled for their work and their lives to the United States Some had trouble adapting to Hollywood but many were celebrated for their cinematic contributions especially to the dark shadows of film noir *Driven to Darkness* explores the influence of Jewish immigrant directors and the development of this genre While filmmakers such as Fritz Lang Billy Wilder Otto Preminger and Edward G. Ulmer have been acknowledged as crucial to the noir canon the impact of their Jewishness on their work has remained largely unexamined until now Through lively and original analyses of key films Vincent Brook penetrates the darkness shedding new light on this popular film form and the artists who helped create it

The Films of Fritz Lang Tom Gunning, 2019-07-25 In this volume Tom Gunning examines the films of Fritz Lang not only as a stylistically coherent body of work but as an attempt to portray the modern world through cinema The world of modernity in which systems replace individuals is conveyed by Lang's mastery of cinematic set design composition and editing Lang presents not only a decades long vision of cinematic narrative which can be compared to that of Alfred Hitchcock or Jean Renoir but a view of modernity that relates strongly to the ideas of Adorno Brecht Benjamin and Kracauer

From the sweeping allegorical films of the 20s to the chilly and abstract thrillers of the 50s Lang's films Gunning claims are among the most precious records of the twentieth century. *The Films of Fritz Lang* immeasurably enriches our understanding of a great artist and in so doing reimagines what a film artist is: an author who fades away even in being recognised and interpreted, an enigmatic figure at the junction of aesthetics, history, biography and theory. *American Anti-Pastoral* Thomas Gustafson, 2024-06-14

One of the best known novels taking place in New Jersey Philip Roth's 1997 *American Pastoral* uses the fictional hamlet of Old Rimrock NJ as a microcosm for a nation in crisis during the cultural upheavals of the 1960s/70s. Critics have called Old Rimrock mythic but it is based on a very real place: the small Morris county town of Brookside New Jersey. *American Anti-Pastoral* reads the events in Roth's novel in relation to the history of Brookside and its region. While Roth's protagonist Seymour Swede Levov initially views Old Rimrock as an idyllic paradise within the Garden State its real world counterpart has a more complex past in its origins as a small industrial village as well as a site for the politics of exclusionary zoning and a 1960s anti-war protest at its celebrated 4th of July parade. Literary historian and Brookside native Thomas Gustafson casts Roth's canonical novel in a fresh light as he studies both Old Rimrock in comparison to Brookside and the novel in relationship to NJ literature making a case for it as the Great New Jersey novel. For Roth fans and history buffs alike *American Anti-Pastoral* peels back the myths about the bucolic Garden State countryside to reveal deep fissures along the fault lines of race and religion in American democracy.
