Secretary Of Praise The Poetic Vocation Of George Herbert:

Secretary of Praise Diana Benet, 1984 The purpose of this study is to elucidate Herbert's poetry by reference to grace and charity as two of the major themes of *The Temple* These doctrines lay the foundation for an understanding of Herbert's poetic vocation his typical didactic strategies the dramatic and emotional situation on which his book builds and his spiritual autobiography a poetic sequence that is a comprehensive exposition of the empirical reality as Herbert saw it of grace and charity

George Herbert's Pastoral Christopher Hodgkins, 2010 As poet and as country parson George Herbert engaged the pastoral in all of its varied senses In October of 2007 many of the world's leading Herbert scholars met at Sarum College in Salisbury England to locate Herbert's pastoral life and writings more particularly in early Stuart Wiltshire They explored the relations between the pastoral locale of Herbert's last years 1630-1633 in nearby Bemerton and the themes images and tenor of his writing How did the specific country place time and people shape the life and work of this especially lyrical country priest The fourteen essays in this collection address Herbert's pastoral poetry and practice cast new light on his actual relations with specific local personalities and places make fresh connections to the inward biblical and liturgical spaces of his work consider his outward links to garden and pasture and discover fictional and theological reverberations beyond Herbert's local pastoral world Christopher Hodgkins is Professor of English at the University of North Carolina Greensboro

George Herbert and the Business of Practical Piety Ceri Sullivan, 2024-07-12 Contemporary nudge theory points out that people make good choices over issues where they have had past experience of similar circumstances where there is reliable substantial and relevant information about the situation and where they will get prompt feedback about the effect of their decision Yet none of these conditions apply to the most vital choice of action facing early modern Protestants how can they be saved In *George Herbert and the Business of Practical Piety* Ceri Sullivan uses nudge theory to show how practical divinity disregards the doleful conclusions of predestination that salvation cannot be earned to supply readers with suggestions on how to prepare to act regardless of their final destiny Such texts create cognitive niches to support cheerful godly thought and action in a way which is far from being despairing or compulsive Their nudges were repeatedly put into practice by Herbert's friends the Ferrars who tried to form an ideal religious community at Little Gidding These prescriptions and examples illustrate how George Herbert's *The Temple* 1633 is a compendium of the techniques of choice architecture Herbert's poems are full of the humour emerging from a life of faith which is willing to guard high ideals by low cunning stooping to use the least little things to change a self *George Herbert and the Business of Practical Piety* initially calls on theories of the extended mind to ask what sort of minor physical and social structures scaffold decisions then examines a selection of nudges used by Herbert contracts with the self building a mind cleaning a heart conversing with God making to do lists and working on working well

George Herbert's Christian Narrative Harold Toliver, 2010-11-01 *Co-Creative Communication in George Herbert and John Donne* Sara Rogalski, 2025-03-17 This study examines the co-creative

relationship between speakers hearers and God in poetry and prose by George Herbert and John Donne Through analyses of communicative situations communicative interactions and reflections on communication models of communication are established that underlie the texts selected In particular the activity of hearing is shown to be considered essential to the constitution of a meaningful utterance In this way a key function of communication becomes apparent it can yield a range of creative products from the conversation itself to a literary artefact and its extratextual effects This study thus offers a new reading of the texts of George Herbert and John Donne and provides a clear perspective on how early modern religious texts regarded communication and co creativity as connected concepts **A George Herbert Companion (Routledge**

Revivals) Robert H. Ray, 2014-05-01 First published in 1995 this title provides the reader with a compendium of useful information for any reader of George Herbert to have at hand It includes key biographical information situates the poetry in its historical and cultural context and where appropriate explains theological concepts and traditions which have a direct bearing on the verse The aim throughout is to enhance understanding and appreciation without being exhaustive A George Herbert Companion will be of most use to general readers and undergraduate students coming to this poetry for the first time and will interest students of Anglican Caroline theology and hymnology **George Herbert** Thomas Stearns Eliot, 1994 Peter Porter's new introduction gives a fresh perspective on the poetry of George Herbert and on T S Eliot's study of the poet himself Poetry of Contemplation Arthur L. Clements, 1990-01-01 This is the first systematic and thorough study of mysticism or contemplation in these three seventeenth century poets and in three modern writers It not only clarifies the very confused issue of mysticism in seventeenth century poetry but also connects seventeenth century poets with modern literature and science through the contemplative tradition from the Bible and Plato and Church fathers and important mystics of the Middle Ages through Renaissance and modern contemplatives The transformative and redemptive power of contemplative poetry or holy writing regardless of genre or discipline is prominent throughout the book and the relevance indeed the vital necessity of such poetry and of the living contemplative tradition to our apocalyptic modern world is discussed in the last chapter In this chapter attention is given to modern science especially to the new physics and to philosophical and mystical writings of eminent scientists *The Complete English Poems* George Herbert, 2004-10-07 George Herbert combined the intellectual and the spiritual the humble and the divine to create some of the most moving devotional poetry in the English language His deceptively simple verse uses the ingenious arguments typical of seventeenth century metaphysical poets and unusual imagery drawn from musical structures the natural world and domestic activity to explore a mosaic of Biblical themes From the wit and wordplay of *The Pulley* and the formal experimentation of *Easter Wings* and *Paradise* to the intense highly personal relationship between man and God portrayed in *The Collar* and *Redemption* the works collected here show the transcendental power of divine love *The Poem in Time* Janis Lull, 1990 In tracing George Herbert's revisionary goals as they developed through the two manuscripts of the *Church* this book offers a new approach to the interpretation of his poems

in showing that Herbert intended to encourage his readers to connect the separate lyrics into larger structures of meaning and also to look beyond his poetry to the Bible
