Secrets, Gossip, and Gods Paul Christopher Johnson,2002-08-15 In this wide ranging book Paul Christopher Johnson explores the changing hidden face of the Afro Brazilian indigenous religion of Candombl Despite its importance in Brazilian society Candombl has received far less attention than its sister religions Vodou and Santeria Johnson seeks to fill this void by offering a comprehensive look at the development beliefs and practices of Candombl and exploring its transformation from a secret society of slaves hidden persecuted and marginalized to a public religion that is very much a part of Brazilian culture Johnson traces this historical shift and locates the turning point in the creation of Brazilian national identity and a public sphere in the first half of the twentieth century His major focus is on the ritual practice of secrecy in Candombl Like Vodou and Santeria and the African Yoruba religion from which they are descended Candombl features a hierarchic series of initiations with increasing access to secret knowledge at each level As Johnson shows the nature and uses of secrecy evolved with the religion First secrecy was essential to a society that had to remain hidden from authorities Later when Candombl became known and actively persecuted its secrecy became a form of resistance as well as an exotic hidden power desired by elites Finally as Candombl became a public religion and a vital part of Brazilian culture the debate increasingly turned away from the secrets themselves and toward their possessors It is speech about secrets and not the content of those secrets that is now most important in building status legitimacy and power in Candombl Offering many first hand accounts of the rites and rituals of contemporary Candombl this book provides insight into this influential but little studied group while at the same time making a valuable contribution to our understanding of the relationship between religion and society

Secret Friends Margaret Yater,2016-09-04 This book has been written in an effort to help young people to understand that the differences in human beings lies not in the color of their skin but the moral state of their hearts and mind Life will never be perfect but if we take the time to go beyond outward appearances maybe many injustices in life can be avoided
