Love, Amanda Love, Shannon Martin, 2019-11-12 The Secret of Life reveals the lens through which all decisions can be made for the fullest life expression and experience By combining ancient wisdom with modern science we now can design a life which supports our design our energy our health and our life experience Learn how to put on your Secret Formula Glasses to see the world in a whole new way and receive all the benefits that come with it A life free of disease full of energy and bursting with vibrance **Anatomy of a Secret Life** Gail Saltz, M.D., 2006-04-11 We think we know those who are close to us and we want to believe that what we see is what we get But we can never know for certain because what really goes on inside another's head and heart is essentially a secret How do you know if that secret is something that will hurt you Your husband turns to face you in bed Is he thinking about you or your closest friend Your boss shows up in another new outfit Did she get a raise or is she a compulsive shopper who is stealing money from the company Your teenaged daughter is upstairs in her bedroom Is she doing her homework or chatting online with a man twice her age *Anatomy of A Secret Life* will take you inside the minds of secret keepers and show you how secrets start how they're kept and how they exact their devastating emotional and social toll Using contemporary case studies and historical examples Dr Gail Saltz shows you how to spot through subtle behaviors and clues and safely stop the potentially dangerous secrets that someone even you might be concealing from the world *The Secret Life of Decisions* Ms Meena Thuraisingham, 2013-02-28 *The Secret Life of Decisions* exposes the unchallenged myths and distortions that impact our reasoning ability raising our awareness of the many traps we can fall into Meena Thuraisingham and her collaborator Wolfgang Lehmacher have drawn from decades of work with leaders showing that even the most talented leaders and teams can end up making sub optimal decisions This is rarely because they had poor critical thinking faculties but rather because they did not pay enough attention to the often invisible traps hardwired into our thinking processes letting through only information that conforms with our current beliefs mental models and expectations This leaves many leaders and businesses exposed This book is an essential read for developing and seasoned executives who have to work through high stakes decisions It treats choosing wisely and the thinking involved as a skill that can be improved with the guided practice and supporting tools provided here The journey however starts with awareness that comes from outing the secret forces that can sabotage the quality of our decisions
