Secrets of Power Problem Solving Roger Dawson, 2011-05-15 Let's face it very few people have studied how to solve problems. Problems knock us down like a tsunami and we don't know what to do about it. We lie awake at night worrying about it and spend our days stressing out over a situation that only seems to get worse. It doesn't have to be that way. Roger Dawson has taught hundreds of thousands of people how to negotiate, persuade, and make decisions with his lectures, audio programs, and books, and now he has turned his attention to something that everyone needs: a way to solve life's problems. *Secrets of Power Problem Solving* provides proven techniques and sure-fire strategies for solving everything the world throws at you. You'll enjoy greater success as you learn how to treat every problem as a golden opportunity. Make your intuition work for you. Evaluate your available choices. Create options when you see no solution. Avoid problems in the first place. And much, much more. [A Speaker's Guidebook with The Essential Guide to Rhetoric](#) Dan O'Hair, Rob Stewart, Hannah Rubenstein, 2011-10-26 *A Speaker's Guidebook* is the best resource in the classroom, on the job, and in the community. In every edition, hundreds of instructors have helped us focus on the fundamental challenges of the public speaking classroom. Improving on this tradition, the fifth edition does even more to address these challenges with stronger coverage of overcoming speech anxiety, organizing, and outlining, and more. And as the realities of public speaking change, so does *A Speaker's Guidebook*; the new edition also focuses on presentational speaking in a digital world, from finding credible sources online to delivering presentations in a variety of mediated formats.
