Poetical Works Of Taras Shevchenko:

The Poetical Works of Taras Shevchenko Taras Shevchenko, 1964 *The Poetical Works of Taras Shevchenko* Taras Hryhorovych Shevchenko, 1964 **The Poetical Works of Taras Shevchenko, The Kobzar** [©] Taras Grigorovič Ševčenko, 1964 Poetical Works Taras Shevchenko, 1964 **Archaisms in the Poetical Works of Taras Shevchenko** Julian Lysiak, 1951 Kobzar Taras Shevchenko, 2013-10

Who better to tell the story of Ukraine than the kobzar a native son who walked its many roads and acquired a vast collection of experiences It is this iconic figure who feels the land with his feet and drinks it with his eyes that is the prism through which Taras Shevchenko composed a pioneering collection of poems

The Kobzar Taras Shevchenko, the Poet of Ukraine Taras Shevchenko, 1945

The Poet of Ukraine is a selection of poems written by Ukraine's most beloved literary figure Taras Shevchenko This compilation features a full biography as well as historical and political contextual commentary for each of the thirty one selected poems Taras Shevchenko is the poet of Ukraine There is hardly a Ukrainian home from the humblest to the richest that does not contain a portrait of the poet who during his short life touched every chord of the Ukrainian heart He shared the fortunes of his people and during his unhappy life he suffered all the hardships of serfdom of exile of police supervision that was the fate of the greater part of his compatriots Seldom has a poet lived and suffered to the full as did Shevchenko and rarely has a man so fully incorporated all the aspirations of his people That is not all As an artist and a thinker Shevchenko deserves the sympathetic knowledge and understanding of the entire civilized and democratic world He deserves it as the representative of his people a nation of forty millions who have so far failed to receive that independence for which they have long struggled He deserves it also for himself for his own writings since it can be truly said that he is one of those men who have a message for all humanity for the suffering and the downtrodden the victims of injustice and oppression every where It is the object of this book to make available in English translation some of the masterpieces of this poet whose works have lived for a century with an ever widening influence and an ever increasing appreciation of his genius both at home and abroad It has been a strange fate that has confined knowledge of his works to some scanty references in books on literature while lesser men in other languages have received fantastic praises Such was fate In his lifetime many of the most penetrating critics in Russia saw fit to place him above Pushkin and Mickiewicz for his mastery of language and for the depth and sincerity of his ideas Yet they were in the minority for the vast multitudes were only inclined to see in him a young serf writing in his native language and they passed him by with a shrug of the shoulders He formed part of that great flowering of poetry which commenced with the period of Romanticism in Europe and he was one of those men who passed by a natural evolution to the great period of realism and of sensitiveness to the social problems of the day Now in the twentieth century we are learning as never before to judge him for himself as a flowering of the Ukrainian character and as a man who has a message not only for his own times and country but for the entire world He has stood the test of time and he deserves due recognition in these days when the

entire world is sunk in war and desolation There can be no doubt today that Taras Shevchenko is one of the great Slavonic poets He is one of the great poets of the nineteenth century without regard to nationality or language and his fearless appeal to right and truth and justice speaks as eloquently in the New World as it did in the Old or in the little village where he was born the city to which he was taken or the treeless steppes to which he was exiled Amazon *Taras Shevchenko* Taras Shevchenko,1964

Ukrainian Canadians: A Survey of Their Portrayal in English Language Works Frances Swyryda, 1978 Ukrainian Canadians A Survey of Their Portrayal in English Language Works is published by the Canadian Institute of Ukrainian Studies through the University of Alberta Press to provide an important guide to the current state of Ukrainian Canadian studies The survey highlights the changing place of Ukrainians in Canadian society as the author examines works from the early articles and reports by Anglo Celts who were concerned that this peasant community should be assimilated quickly into the mainstream of British Canadian life to the theses of recent years by students of Ukrainian Canadian history which reflect the maturity of this community whose members have taken their place among the professional and business classes and who have become a highly visible and vocal minority in Canada's third element

Blood and Salt Barbara Sapergia, 2012-08-01 The central character Taras Kalyna has run away from the Austrian army on the brink of World War I to follow his love Halya to Canada He can't know how hard it will be to find her again or that his search will be interrupted by two years in what some have called Canada's Gulag Because Ukrainians come from Austrian ruled territories they will be classed as enemy aliens and confined behind barbed wire in internment camps Not every single Ukrainian the emphasis was on the unemployed the political such as union activists and people who were in somebody's way The novel involves class relations Halya's ambitious father gets her a job as companion to a rich woman Louisa Shawcross Louisa is the mother of Ronnie Shawcross Taras's boss at the small town brick plant and he falls in love with Halya Taras becomes a person in his way Ronnie denounces him to the police By the end of the story Taras and Halya do come together again Taras has come to love the southern Saskatchewan landscape and raises horses like the one he saw in a dream as a young man in the old country Storytelling is an important element To explain why he'll never return to the old country Taras begins a tale about why he left which lasts for most of the time in camp and helps to sustain the men's spirits Another character Myro a teacher tells stories about the great 19th century Ukrainian poet and patriot Taras Shevchenko In these stories the narrative moves to the poet's point of view We see him in St Petersburg and elsewhere and we learn of his own internment his exile to eastern Russia

The Oxford Guide to Literature in English Translation Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and

will be essential reading for all students of English and comparative literature. It highlights the place of translation in our culture, encouraging awareness of the issues raised, making the translator more visible. Concentrating on major writers and works, it covers translations out of many languages from Greek to Korean, from Swahili to Russian. For some works, e.g. Virgil's Aeneid, which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available. The Guide is divided into two parts. Part I contains substantial essays on theoretical questions, a pioneering outline of the history of translation into English, and discussions of the problems raised by specific types of text, e.g. poetry, oral literature. The second, much longer, part consists of entries grouped by language of origin; some are devoted to individual texts, e.g. *The Thousand and One Nights*, or writers, e.g. Ibsen, Proust, but the majority offer a critical overview of a genre, e.g. Chinese poetry, Spanish Golden Age drama, or of a national literature, e.g. Hungarian, Scottish Gaelic. There is a selective bibliography for each entry and an index of authors and translators.
