Teaching for a Multifaith World Eleazar S. Fernandez, 2017-05-05 When religious diversity is our reality radical hospitality to people of other faiths is not a luxury but a necessity More than necessary for our survival radical hospitality to religious diversity is necessary if we are to thrive as a global society By no means does the practice of hospitality in a multifaith world require that we be oblivious of our differences On the contrary it demands a respectful embrace of our differences because that s who we are Neither does radical hospitality require that we water down our commitment because faithfulness and openness are not contradictory We must be able to say with burning passion that we are open to the claims of other faiths because we are faithful to our religious heritage The essays in this book do not offer simply theological exhortations they offer specific ways of how we can become religiously competent citizens in a multifaith world Let s take the bold steps of radical openness with this book on our side **Yoga Journal** ,2007-09 For more than 30 years Yoga Journal
