**Kenneth F Warren**

## **Property And The Politics Of Entitlement:**

**Property and the Politics of Entitlement** John Brigham,1990 Presents a case for constitutional protection of entitlements as property This book argues that the legal definition of property is based on expectations founded on positive law which may or may not be related to the Lockean notion that labor creates property Violence, Entitlement, and Politics Steven G. Ogden,2021-09-30 This book is an exercise in political theology exploring the problem of gender based violence by focusing on violent male subjects and the issue of entitlement It addresses gender based violence in familial and military settings before engaging with a wider political context The chapters draw on sources ranging from Michel Foucault Judith Butler and tienne Balibar to Rowan Williams and Elisabeth Sch ssler Fiorenza Entitlement is theorized and interpreted as a gender pattern predisposing subjects towards controlling behaviour and or violent actions Steven Ogden develops a theology of transformation stressing immanence He examines entitled subjects predisposed to violence where transformation requires a limit experience that wrenches the subject from itself The book then reflects on today s pervasive strongman politics where political rationalities foster proprietorial thinking and entitlement gender patterns and how theology is called to develop counter discourses and counter practices The Politics of Genetic Resource Control A. Stenson,T. Gray,1999-06-23 The question of how genetic resources ought to be owned and controlled has become a controversial international political issue The authors examine this issue from a normative perspective discussing the four principles that govern the debate over genetic resource control These four principles are proprietarian intellectual property rights the dominant principle reflecting Western influences communitarian intellectual property rights a principle bound up with the rights of indigenous peoples national sovereignty the principle at the heart of international law and common heritage of mankind the most recent principle reflecting Third World demands The Individual and the Political Order Norman E. Bowie,Robert L. Simon,2008 This fourth edition of The Individual and the Political Order provides a careful accessible and reasoned liberal justification for the democratic state and political authority The central feature of liberalism is the commitment to individual autonomy The authors show how that commitment provides a defense of democracy and they give a liberal interpretation to such core values as liberty equality and political authority Although the authors support liberal theory they also provide a sympathetic treatment of the critics of liberalism The authors give a sound explanation of such positions as feminist political theory communitarianism and post modernism but they also argue persuasively that these theories fall short as adequate theories of the political order A significant feature of the new edition is the treatment of international issues and globalization particularly the war on terrorism and poverty in the third world This edition retains its balanced treatment of such major theorists as Hobbes Locke Rousseau Rawls and in this edition Marx This edition continues the tradition of readability balance and careful argumentation that characterized the earlier editions The Individual and the Political Order is accessible to a wide audience and to nearly all individuals who are interested in how citizens in a state should be governed **An**

**Introduction to Political Thought** Peri Roberts, Peter Sutch, 2004-12 An Introduction to Political Thought emphasizes a dual approach to political theory by providing a chronological overview of both major figures and texts as well as an understanding of the development of key concepts and themes In this way the authors provide a basic sense of the history and development of political thought and a critical grasp of the theoretical and philosophical issues at the heart of politics Beginning with the idea that laws and constitutions are only beneficial insofar as they give effective expression to our moral and political beliefs the authors argue that moral and political ideas are the foundations of politics Political philosophers covered in depth include Plato Aristotle Hobbes Locke Rousseau Marx Bentham Rawls and Burke Key concepts such as the moral order liberty human nature freedom the social contract distributive justice liberalism socialism feminism human rights and multiculturalism are also all covered In exploring these issues the authors offer a critical guide through key arguments in the history of political thought and contemporary political theory     The Politics Of Law David Kairys, 1998-05-09 The Politics of Law is the most widely read critique of the nature and role of the law in American society This revised edition continues the book's concrete focus on the major subjects and fields of law New essays on emerging fields and the latest trends and cases have been added to updated versions of the now classic essays from earlier editions A unique assortment of leading scholars and practitioners in law and related disciplines political science economics sociology criminology history and literature raise basic questions about law challenging long held ideals like the separation of law from politics economics religion and culture They address such issues contextually and with a keen historical perspective as they explain and critique the law in a broad range of areas This third edition contains essays on all of the subjects covered in the first year of law school while continuing the book's tradition of accessibility to non law trained readers Insightful and powerful The Politics of Law makes sense of the debates about judicial restraint and the range of legal controversies so central to American public life and culture     Disentitlement? Timothy S. Jost, 2003 This book is about health care entitlements in the US and about the threat of disentitlement It describes the history and legal character of our Medicare and Medicaid programs and of the tax subsidies that have brought health insurance to most working Americans It examines the threat that our entitlements face from privatization individualism and devolution It considers the models that other countries have developed for health care entitlements and what we can learn from them The book concludes by proposing a redesigned entitlement based health care system for the future     The Foundations of Islamic Political Economy Masudul Alam Choudhury, Uzir Abdul Malik, 2016-07-27 This rigorously written book on the areas of Islamic principle theory and application is expected to break new ground in modern economic analysis both for the Islamically inclined and others The main features of the book include analytical treatments of the essential axioms and instruments of Islamic Political Economy their expected application and a comparative perspective both in respect to contemporary Islamic literature as well as comparative economic theory     Administrative Law in the Political Sys Kenneth F Warren, 2018-04-17 Emphasizing that administrative law must be

understood within the context of the political system this core text combines a descriptive systems approach with a social science focus Author Kenneth F Warren explains the role of administrative law in shaping guiding and restricting the actions of administrative agencies Providing comprehensive coverage he examines the field not only from state and federal angles but also from the varying perspectives of legislators administrators and the public Substantially revised the fifth edition features approximately one hundred new and current cases that place administrative law in the context of the Obama administration Each chapter concludes with an edited exemplary case that highlights major themes and helps students understand important points made in the chapter Using straightforward prose and avoiding unnecessary legal jargon Administrative Law in the Political System fifth edition provides students with an informed and accessible overview of a difficult subject matter

*'Agrarians' and 'Aristocrats'* John Ashworth,1987-03-27 Cover title Agrarians aristocrats Includes index Bibliography p 280 312

Victorian Political Culture Angus Hawkins,2015 Victorian Britain is often described as an age of dawning democracy and as an exemplar of the modern Liberal state yet a hereditary monarchy a hereditary House of Lords and an established Anglican Church survived as influential aspects of national public life with traditional elites assuming redefined roles After 1832 constitutional notions of mixed government gradually gave way to the orthodoxy of parliamentary government shaping the function and nature of political parties in Westminster and the constituencies as well as the relations between them Following the 1867 8 Reform Acts national political parties began to replace the premises of parliamentary government The subsequent emergence of a mass male electorate in the 1880s and 1890s prompted politicians to adopt new language and methods by which to appeal to voters while enduring public values associated with morality community and evocations of the past continued to shape Britain s distinctive political culture This gave a particularly conservative trajectory to the nation s entry into the twentieth century This study of British political culture from the late eighteenth to the early twentieth century examines the public values that informed perceptions of the constitution electoral activity party partisanship and political organization Its exploration of Victorian views of status power and authority as revealed in political language speeches and writing as well as theology literature and science shows how the development of moral communities rooted in readings of the past enabled politicians to manage far reaching change This presents a new over arching perspective on the constitutional and political transformations of the Victorian age

**Deliberative Democracy, Political Legitimacy, And Self-determination In Multi-cultural Societies** Jorge Valadez,2018-03-09 Most foundational works in political philosophy have made fundamentally false and far reaching assumptions concerning the culturally homogeneous character of the polity Deliberative Democracy Political Legitimacy and Self Determination in Multicultural Societies provides a much needed corrective to conventional accounts of the normative foundations of the state by reconceptualizing some of the fundamental issues in political theory from a perspective that recognizes the culturally pluralistic character of contemporary democracies Among the issues considered are democratic deliberation in multicultural

societies the justification and function of political communities the nature of self determination the justification of cultural rights and the moral rationale for regional self governance and secession This work is suitable for graduate and upper division undergraduate courses in political philosophy and political science as well as the lay reader interested in understanding the major sources of conflict and instability in democratic societies *An Introduction to Political Philosophy* Colin Bird,2019-04-25 An updated comprehensive and thematic introduction to political philosophy enabling readers to reflect critically on a variety of political issues **Congressional Record** United States. Congress,1983 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 *Law and Society in England 1750-1950* William Cornish,Stephen Banks,Charles Mitchell,Paul Mitchell,Rebecca Probert,2019-10-31 Law and Society in England 1750 1950 is an indispensable text for those wishing to study English legal history and to understand the foundations of the modern British state In this new updated edition the authors explore the complex relationship between legal and social change They consider the ways in which those in power themselves imagined and initiated reform and the ways in which they were obliged to respond to demands for change from outside the legal and political classes What emerges is a lively and critical account of the evolution of modern rights and expectations and an engaging study of the formation of contemporary social administrative and legal institutions and ideas and the road that was travelled to create them The book is divided into eight chapters Institutions and Ideas Land Commerce and Industry Labour Relations The Family Poverty and Education Accidents and Crime This extensively referenced analysis of modern social and legal history will be invaluable to students and teachers of English law political science and social history **Journal of the House of Representatives of the United States** United States. Congress. House,1972 Some vols include supplemental journals of such proceedings of the sessions as during the time they were depending were ordered to be kept secret and respecting which the injunction of secrecy was afterwards taken off by the order of the House Encyclopedia of Ethics: P-W Lawrence C. Becker,Charlotte B. Becker,2001 A revised expanded and updated edition with contributions by 325 renowned authorities in the field of ethics All of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features *The Independent Man* Matthew McCormack,2005 In Georgian England independence was associated with manly virtue and physical vigour Fundamentally the political world was thought to consist of independent men exercising their consciences and standing up for the general good As such Georgians thought about political action and masculine virtue very differently to the ways in which we do today The Lost President Ruth Dunley,2019-03-01 Though few people have heard of A D Smith 1811 65 this nineteenth century

knight errant left his mark on some of the key events of his times in several states personifying the nineteenth century impulse to move across the American landscape Smith's Quixotic trail began in upstate New York wound westward to the Ohio and Wisconsin frontier southward to the federally occupied Sea Islands of South Carolina and finally ended aboard a northbound steamer In Ohio Smith became involved with a paramilitary group the Hunters Lodge which elected him the President of the Republic of Canada In Wisconsin he achieved notoriety as the judge who dared to declare the Fugitive Slave Act of 1850 unconstitutional lighting one of many fuses that sparked the Civil War In South Carolina he fought passionately for the property rights of freedmen Smith believed in civic movements based on Jeffersonian democracy and republican ideals Civic participation he believed was a fundamental part of being a good American This civic impulse resulted in his enthusiastic embrace of the reform movements of the day and his absolute dedication to radicalism A detective story set against the backdrop of the volatile antebellum era this gripping biography lays bare in funny accessible prose just what it is that historians really do all day and how obsessive they can be assembling a jigsaw puzzle of secret documents probate records court testimony speeches correspondence newspaper coverage and genealogical research to tell the story of a man like Smith of his vision for the United States and more generally of the value of remembering secondary historical characters

**Disjunctures** Yann Allard-Tremblay, Assistant Professor Department of Political Science McGill University Senior Research Associate African Centre for Epistemology and Philosophy of Science Yann Allard-Tremblay, 2025-10-10 Disjunctures demonstrates the transformative potential of Indigenous political traditions in settler states that seek reconciliation Though there exist irreconcilable differences between Indigenous and dominant Euro modern political structures and identities Yann Allard Tremblay argues that these disjunctures highlight a way forward In contrast to Euro modern politics Indigenous ways of thinking and acting politically emphasize harmony not just among humans but within the broader ecological context Reconciliation thus requires a deep transformation of political theory and conduct to recenter decolonial Indigenous political traditions
