Real Philosophy David Applebaum, Jacob Needleman, David Appelbaum, 1990 Why the works and writers considered the guardians of traditional human values Heraclitus Chuang Tzu St Augustine the Upanishads and others are essential tools for rediscovering our moral worth and understanding our place in the universe Curing the Philosopher's Disease Richard H. Jones, 2009-09-28 Curing the Philosopher's Disease is a philosophical examination of the mysteries surrounding the foundations of science philosophy and religion Much of Western philosophy and science is discussed in order to see our epistemological and metaphysical situation The love hate relation philosophers have with mystery is explored as are the contributions of reductionists and antireductionists postmodern relativists and critical realists naturalists and the religious and theologians and mystics The thrust of the arguments affirms that there are limits to what philosophy science religion and mystical experiences can tell us about reality By acknowledging that some questions may be unanswerable and understanding the importance of that fact even as the answers remain ambiguous our true situation in the world is revealed Mystery should be reinstated as a basic feature when we reflect upon the nature of what we know and who we are Mystery frames all of our claims to fundamental knowledge and we must accept that it will remain a permanent fixture Thus the importance of mystery needs to be reaffirmed today during an era when the fullness of reality is often ignored **The God Who Rejoices** Christian D. Kettler, 2010-06-01 How does one deal with despair Are joy and despair irreconcilable How does the joy and despair of Jesus Christ relate to our joy and despair Continuing to explore the implications of the vicarious humanity of Christ as he did in *The God Who Believes* Christian Kettler investigates the christological implications of the all too human phenomenon of despair All people experience the pain of personal loss and lack of the meaningfulness of existence We also desire and covet joy as difficult as it is often to define or maintain Jesus was both the man of sorrows and one who for the joy set before him endured the cross Heb 12 2 Can we think of the despair of Christ and the joy of Christ as both being vicarious in our place and on our behalf and thus have a theological way to possess joy in the midst of despair as well as to have a more robust theology of the atonement Drawing on wide ranging resources from Augustine Calvin Karl Barth and T F Torrance to Bob Dylan the fantasy writer Ray Bradbury and Ed Wood the director of *Plan Nine from Outer Space* Kettler seeks to bring Trinitarian and incarnational theology deep into our flesh filled with real despair and joy and find that Jesus is there with his own despair there to lift us up with his own joy The Dreamer's Book of the Dead Robert Moss, 2005-09-29 A guidebook for communicating with the departed and gaining first hand knowledge of life beyond death Reveals that the easiest way to communicate with the departed is through dreams Offers methods for helpful and timely communication with deceased loved ones Provides powerful Active Dreaming practices from ancient and indigenous cultures for journeying beyond the gates of death for wisdom and healing We yearn for contact with departed loved ones We miss them ache for forgiveness or closure and long for confirmation that there is life beyond physical death In *The Dreamer's Book*

of the Dead Robert Moss explains that we have entirely natural contact with the departed in our dreams when they come visiting and we may travel into their realms As we become active dreamers we can heal our relationship with the departed and move beyond the fear of death We also can develop the skills to function as soul guides for others helping the dying to approach the last stage of life with courage and grace opening gates for their journeys beyond death and even escorting them to the Other Side Drawing on a wealth of personal experience as well as many ancient and indigenous traditions Moss offers stories to inspire us and guide us He shares his extraordinary visionary relationship with the poet W B Yeats whose greatest ambition was to create a Western Book of the Dead to feed the soul hunger of our times Moss teaches us the truth of Chief Seattle s statement that there is no death we just change worlds *The Return of the Perennial Philosophy* John Holman,2012-01-01 Intelligent and perceptive this examination of the universal truths inherent in all cultures and religions is a powerful scholarly analysis of Western esotericism s deepest teachings John Holman contends that the perennial philosophy is not only at the heart of all world religions but also of all major schools of thought and writings by the great thinkers and philosophers no matter how diverse the presentation of their perceived truths In an accessible way Holman sheds light on a number of esoteric topics including The Absolute and the One the Great Chain of Being the Philosopher s Stone the Seven Spirits the evolution of consciousness and the Eternal Now paying particular attention to the subject of time This thought provoking book helps us to develop a better understanding of the nature of reality and our potential for transcendence and revolutionizes the debate on the perennial philosophy **Being Consciousness Bliss** Astrid Fitzgerald,2002-04 Many people are looking for a deeper and richer spiritual life They sense that there is more to their existence than the surface of life seems to offer but they are confused and uncertain about where to look and how to begin Being Consciousness Bliss is a rich profound and eminently accessible compendium of wisdom that will help orient people toward a more fruitful spiritual search Drawing on a dazzling array of sources including the insights of G I Gurdjieff and P D Ouspensky as well as the spiritual traditions of the East it gives a clear and compelling account of the true inner structure of the human being and how it may be developed to its full potential Part One discusses the current human condition the sleep of ordinary life and how a person may begin to wake up from it Part Two offers a feast of excerpts from the Perennial Philosophy the great wisdom tradition that underlies all cultures and religions to feed and nurture the growth of the soul Part Three provides simple ways to put these insights into practice in daily life Clear sensible and erudite Being Consciousness Bliss is a resource suitable for both beginners and advanced practitioners to be used and treasured for many years This is a feast of a book spread out like a banquet of the freshest foods served wholesomely and presented artfully Starting from a premise that the aim of human life is to know who we are to realize our Self our true nature and our identity with the Universal Self Fitzgerald s poetic and passionate prose awakens consciousness on a deep level She helps us feel the Self so we can begin to work with the Self To complement her own inspired writing she includes a section with words of wisdom

from other sources grouped by such intent as to examine suffering or to explore aspiration In addition there is a cornucopia of suggestions for practice such as how to focus attention on a task or how to listen to the sound of your own voice Dotted with illustrations and charts to further clarify the text this work is an invitation to a nourishing meal of self awareness S J A Managing Editor NAPRA Review Following Aldous Huxley Astrid Fitzgerald s tireless pursuit of an inner path is sure to awaken the heart to bliss and rouse spirit to behold David Appelbaum editor of Parabola Magazine This book is equal parts wisdom beauty and inspiration Astrid Fitzgerald opens the insights of the ages for anyone to follow Highly recommended Larry Dossey M D author of Healing Beyond the Body Reinventing Medicine and Healing Words Astrid Fitzgerald s Being Consciousness Bliss is a well researched clearly written account of the essential teachings given by all the major wisdom traditions which all teach that we are one human family Sri Swami Satchidananda Founder Spiritual Head Integral Yoga International Satchidananda Ashram Yogaville

Mystery 101 Richard H. Jones,2018-02-15 Offering readers much to ponder Richard H Jones approaches the big questions of philosophy such as the nature of reality consciousness free will the existence of God and the meaning of life not by weighing the merits of leading arguments in these debates but instead by questioning the extent to which we are even in a position to answer such questions in the first place Regardless of continuous technical and even groundbreaking advances in knowledge there will always be gaps in what we can fully understand Distinguishing true mysteries from problems yet to be solved but within the scope of our intellectual grasp Jones provides a penetrating and high level overview of the scope and limits of scientific and philosophical inquiry

The Problem of Existence Arthur Witherall,2017-03-02 This book explores the question of why there is something instead of nothing Several responses to this question are possible but only some of them address the question seriously respecting its emotional aspects as well as its cognitive dimension The author carefully distinguishes those answers that are truly satisfactory in both respects from those that are inadequate It can be argued that the existence of the world has no explanation at all or that there is a necessary being whose existence is self explanatory or that the world exists because it has value Each kind of response is defensible to some degree and it is argued that where they are defensible they have a common content Incorporating aspects of both the analytical and continental traditions this book also responds to several historical philosophers concerned with these questions including Plato Leibniz Kant and Nietzsche

Everything, Briefly Thomas O. Scarborough,2022-06-14 As a man thinks so is he Personally and socially so is he Yet if this is true then as a man thinks has led us into the thick of global crisis What exactly is it about our thinking that fails us What has gone so wrong There are firm reasons why we may hope for new direction Firstly we have a new view of the connectedness of all things Never before has this encompassed so much It makes a crucial difference to philosophy Secondly when we recast philosophy s high level concepts in more concrete terms it becomes possible to discuss them without confusion This is the method of this book There is much of interest for the theologian too Legendary film director Ingmar Bergman once wrote What will happen to us who want to believe but can not
