world and a variety of disciplines offer analytical tools for further research. Never neglecting the interconnectedness of disciplines and domains, these original contributions survey specific topics and critically discuss the leading views in their areas. They include discursive and reflective pieces as well as discussions of original empirical work and contributors include established leaders in the field, rising stars, and new voices, including practitioner and industry voices. This is a comprehensive overview of the field, ideal not only for undergraduate and postgraduate fashion studies students but also for researchers and students in communication studies, the humanities, gender and critical race studies, social sciences, and fashion design and business.

Women and Aging Ellen Cole, Esther D Rothblum, Ruth R Thone, 2020-03-26. In our youth-oriented patriarchal society, aging and older women often find themselves either ignored, pitied, or feared. *Women and Aging* is a valuable guide to help women break through the negative stereotypes of old age and find personal fulfillment through the stages of maturity. Full of warmth and support, *Women and Aging* strongly enables women to take and remain in control of their lives instead of passively letting others make life-changing and possibly harmful decisions for them. This essential guide for aging will help women increase the vitality of their old age as it urges them to continue to plan for the future, keep and develop strong relationships, increase their overall wellness, and not be afraid to take risks. Truly a celebration of aging, the author's illuminating descriptions of her own aging and how she has overcome society's restrictions are sure to be a source of inspiration for all women, no matter what their ages. *Women and Aging* begins by addressing cultural attitudes toward women, including appearance, language, behavior, and women's work. The middle section encourages women to face their fears and limitations and express their emotions, while the concluding chapters are a virtual guide to life, showing how to live life to the fullest and find inner fulfillment while aging. Along with her own continuing narrative, the author includes a multitude of personal glimpses into the aging processes of other women. This uplifting, helpful book will be of great value not only for aging women but for women of all ages who are interested in taking active control of their own lives.

On Images, Visual Culture, Memory and the Play without a Script Matthias Smalbrugge, 2021-12-30 Matthias Smalbrugge compares modern images to plays without a script while they appear to refer to a deeper identity or reality it is ultimately the image itself that truly matters He argues that our modern society of images is the product of a destructive tendency in the Christian notion of the image in general and Augustine of Hippo's in particular This insight enables him to decode our current scripts of image As we live in an increasingly visual culture we are constantly confronted with images that seem to exist without a deeper identity or reality but did this referential character really get lost over time Smalbrugge first explores the roots of the modern image by analysing imagery what it represents and its moral state within the framework of Platonic philosophy He then moves to the Augustinian heritage in particular the Soliloquies the Confessions and the Trinity where he finds valuable insights into images and memory He explores within the trinitarian framework the crossroads of a theology of grace and a theology based on Neoplatonic views Smalbrugge ultimately answers two questions what happened to the referential character of the image and can it be recovered

Reading and Writing for Civic Literacy Donald Lazere, 2015-12-03 This brief edition of a groundbreaking textbook addresses the need for college students to develop critical reading writing and thinking skills for self defense in the contentious arena of American civic rhetoric Designed for first year or more advanced composition and critical thinking courses it is one third shorter than the original edition more affordable for students and easier for teachers to cover in a semester or quarter It incorporates up to date new readings and analysis of controversies like the growing inequality of wealth in America and the debates in the 2008 presidential campaign expressed in opposing viewpoints from the political left and right Exercises help students understand the ideological positions and rhetorical patterns that underlie such opposing views Widely debated issues of whether objectivity is possible and whether there is a liberal or conservative bias in news and entertainment media as well as in education itself are foregrounded as topics for rhetorical analysis
