Middle School Science Smithsonian Institution,National Academy of Engineering,National Science Resources Center of the
 National Academy of Sciences,Institute of Medicine,1998-04-30 With age appropriate inquiry centered curriculum materials
 and sound teaching practices middle school science can capture the interest and energy of adolescent students and expand
 their understanding of the world around them Resources for Teaching Middle School Science developed by the National
 Science Resources Center NSRC is a valuable tool for identifying and selecting effective science curriculum materials that
 will engage students in grades 6 through 8 The volume describes more than 400 curriculum titles that are aligned with the
 National Science Education Standards This completely new guide follows on the success of Resources for Teaching
 Elementary School Science the first in the NSRC series of annotated guides to hands on inquiry centered curriculum
 materials and other resources for science teachers The curriculum materials in the new guide are grouped in five chapters by
 scientific area Physical Science Life Science Environmental Science Earth and Space Science and Multidisciplinary and
 Applied Science They are also grouped by type core materials supplementary units and science activity books Each
 annotation of curriculum material includes a recommended grade level a description of the activities involved and of what
 students can be expected to learn a list of accompanying materials a reading level and ordering information The curriculum
 materials included in this book were selected by panels of teachers and scientists using evaluation criteria developed for the
 guide The criteria reflect and incorporate goals and principles of the National Science Education Standards The annotations
 designate the specific content standards on which these curriculum pieces focus In addition to the curriculum chapters the
 guide contains six chapters of diverse resources that are directly relevant to middle school science Among these is a chapter
 on educational software and multimedia programs chapters on books about science and teaching directories and guides to
 science trade books and periodicals for teachers and students Another section features institutional resources One chapter
 lists about 600 science centers museums and zoos where teachers can take middle school students for interactive science
 experiences Another chapter describes nearly 140 professional associations and U S government agencies that offer
 resources and assistance Authoritative extensive and thoroughly indexed and the only guide of its kind Resources for
 Teaching Middle School Science will be the most used book on the shelf for science teachers school administrators teacher
 trainers science curriculum specialists advocates of hands on science teaching and concerned parents **Professional**
