Rubin, 1980-01-01 [Art in an Age of Civil Struggle, 1848-1871](#) Albert Boime, 2008-09-15 From the European revolutions of 1848 through the Italian independence movement the American Civil War and the French Commune the era Albert Boime explores in this fourth volume of his epic series was in a word transformative The period which gave rise to such luminaries as Karl Marx and Charles Darwin was also characterized by civic upheaval quantum leaps in science and technology and the increasing secularization of intellectual pursuits and ordinary life In a sweeping narrative that adds critical depth to a key epoch in modern art s history Art in an Age of Civil Struggle shows how this turbulent social environment served as an incubator for the mid nineteenth century s most important artists and writers Tracing the various movements of realism through the major metropolitan centers of Europe and America Boime strikingly evokes the milieus that shaped the lives and works of Gustave Courbet Edouard Manet mile Zola Honor Daumier Walt Whitman Abraham Lincoln and the earliest photographers among countless others In doing so he spearheads a powerful new way of reassessing how art emerges from the welter of cultural and political events and the artist s struggle to interpret his surroundings Boime supports this multifaceted approach with a wealth of illustrations and written sources that demonstrate the intimate links between visual culture and social change Culminating at the transition to impressionism Art in an Age of Civil Struggle makes historical sense of a movement that paved the way for avant garde aesthetics and more broadly of how a particular style emerges at a particular moment **The Politics of Realism** Thomas Docherty, 2021-10-21 Exploring the controversial history of an aesthetic realism this book examines the role that realism plays in the negotiation of social political and material realities from the mid 19th century to the present day Examining a broad range of literary texts from French English Italian German and Russian writers this book provides new insights into how realism engages with themes including capital social decorum the law and its politicisation modern science as a determining factor concerning truth and the politics of identity Considering works from Gustave Flaubert Charles Baudelaire mile Zola Henry James Charles Dickens and George Orwell Docherty proposes a new philosophical conception of the politics of realism in an age where politics feels increasingly erratic and fantastical **Courbet's Landscapes** Paul Galvez, 2022-01-01 A groundbreaking insight into Gustave Courbet and his bold experiments in landscape painting Between 1862 and 1866 Gustave Courbet embarked on a series of sensuous landscape paintings that would later inspire the likes of Monet Pissarro and C zanne This series has long been neglected in favor of Courbet s paintings of rural French life Courbet s Landscapes The Origins of Modern Painting explores these astonishing paintings staking a claim for their importance to Courbet s work and later developments in French modernism Ranging from the grottoes of Courbet s native Franche Comt to the beaches of Normandy Paul Galvez follows the artist on his travels as he

uses a palette knife to transform the Romantic landscape of voyage into a direct visceral confrontation with the material world The Courbet he discovers is not the celebrated history painter of provincial life but a committed landscapist whose view of nature aligns him with contemporary developments in geology history linguistics and literature **"The Artist and the State, 1777-1855"** Daniel R. Politics and Aesthetics in the Arts Salim Kemal, Ivan Gaskell, 2000-02-24 This volume brings together essays from distinguished scholars in a variety of disciplines philosophy history literary studies art history to explore various ways in which aesthetics politics and the arts interact with one another Politics is an elastic concept covering an oceanic breadth of mechanisms for conducting relations between empowered groups and these essays offer a range of perspectives including nations classes and gendered subjects which examine the imbrication of politics with arts Together they demonstrate the need to counteract the reductionist view of the relationship between politics and the arts which prevails in different ways in both philosophy and critical theory and suggest that the irreducibility of the aesthetic must prompt us to reconceive the political as it relates to human cultural activity

Film and the Anarchist Imagination Richard Porton, 1999 From the early cinema of Griffith and Ren Clair to the work of Godard Lina Wertmüller and Ken Loach this book offers a comprehensive survey of anarchism in film

Text, Image, and the Problem with Perfection in Nineteenth-Century France Daniel Sipe, 2016-04-01 In the decades after the French Revolution philosophers artists and social scientists set out to chart and build a way to a new world and their speculative blueprints circulated like banknotes in a parallel economy of ideas Examining representations of ideal societies in nineteenth century French culture Daniel Sipe argues that the dream image of the literary or art historical utopia does not disappear but rather is profoundly altered by its proximity to the social utopianism of the day Sipe focuses on this persistent afterlife in utopias ranging from François René de Chateaubriand's Amerindian utopia in *Atala* 1801 to the utopian spoof of J J Grandville's illustrated novel *Un autre monde* 1844 He proposes a new reading of Étienne Cabet's seminal utopian novel *Voyage en Icarie* 1840 and offers an original perspective on the gendered utopias of technological inspiration that authors such as Charles Barbara and Auguste Villiers de l'Isle Adam penned in the second half of the century In addition Sipe considers utopias or important readings of the century's rampant utopianism in among others Victor Hugo Alfred de Vigny Théophile Gautier Charles Baudelaire and Gustave Courbet His book provides the historical context for comprehending the significance and implications of this enigmatic afterlife in nineteenth century utopian art and literature

Culture + the State: Alternative Interventions Gabrielle Eva Marie Zezulka-Mailloux, James Gifford, 2003

Bohemian Paris Jerrold Seigel, 1999-09-30 Exotic and yet familiar rife with passion immorality hunger and freedom Bohemia was an object of both worry and fascination to workaday Parisians in the nineteenth century No mere revolt against middle class society the Bohemia Seigel discovers was richer and more complex the stage on which modern bourgeois acted out the conflicts of their social identities testing

the liberation promised by post revolutionary society against the barriers set up to contain it Turning life into art Bohemia became a space where many innovative and original figures some famous some obscure found a home **Gustave Courbet** Klaus Herding,2016-04-01 An artist assessed as much by his personality as by his work French painter and writer Gustave Courbet s renown centers on his paintings of peasants and labourers of the mid nineteenth century and his presentation of himself as a passionate social commentator Motivated by strong political views Courbet s art formed a paradigm of Realism a consciously democratic attempt to objectively represent contemporary life This in depth Grove Art Essentials title explores the life and work of the ground breaking artist from his training and early politicized works through an analysis of Courbet s writings critical reception and posthumous reputation *Sensing the Nation's Law* Stefan Huygebaert,Angela Condello,Sarah Marusek,Mark Antaki,2018-03-22 This book examines how the nation and its fundamental law are sensed by way of various aesthetic forms from the age of revolution up until our age of contested democratic legitimacy Contemporary democratic legitimacy is tied among other things to consent to representation to the identity of ruler and ruled and of course to legality and the legal forms through which democracy is structured This book expands the ways in which we can understand and appreciate democratic legitimacy If democratic communities are imagined this book suggests that their rightfulness must be sensed analogously to the need for justice not only to be done but to be seen to be done This book brings together legal historical and philosophical perspectives on the representation and iconography of the nation in the European North American and Australian contexts from contributors in law political science history art history and philosophy *Hiding Making - Showing Creation* Rachel Esner,Sandra Kisters,Ann-Sophie Lehmann,2025-10-01 The artist at least according to Honor de Balzac is at work when he seems to be at rest his labor is not labor but repose This observation provides a model for modern artists and their relationship to both their place of work the studio and what they do there Examining the complex relationship between process product artistic identity and the artist s studio in all its various manifestations the contributors to this volume consider the dichotomy between conceptual and material aspects of art production The various essays also explore the studio as a form of inspiration meaning function and medium from the nineteenth century up to the present *Seeing and Consciousness* Gen Doy,2020-08-20 Through its provocative examination of feminist and Marxist approaches to women s art and female representations this book challenges the widespread belief that Marxism has nothing valuable to contribute to women s studies The author argues that from the French Revolution through to the present gender and class have shaped visual imagery She shows how Marxist theory can function to question some of the premises of feminist art histories and to provide a more accurate understanding of the meanings of visual imagery **Anarchy and Art** Allan Antliff,2007-04-01 One of the powers of art is its ability to convey the human aspects of political events In this fascinating survey on art artists and anarchism Allan Antliff interrogates critical moments when anarchist artists have confronted pivotal events over the past 140 years The survey begins with Gustave

Courbet's activism during the 1871 Paris Commune which established the French republic and ends with anarchist art during the fall of the Soviet empire Other subjects include the French neoimpressionists the Dada movement in New York anarchist art during the Russian Revolution political art of the 1960s and gay art and politics post World War II Throughout Antliff vividly explores art's potential as a vehicle for social change and how it can also shape the course of political events both historic and present day it is a book for the politically engaged and art aficionados alike Allan Antliff is the author of *Anarchist Modernism*

Impressionist Cats & Dogs James Henry Rubin, 2003-01-01 Many Impressionist paintings of modern life and leisure include images of household pets Their appealing presence lends charm to such works while alluding to middle class prosperity and the growing importance of animals as family members In many cases such domestic denizens significantly complement representations of their owners In certain others the devotion of individual artists to their pets symbolically enhances their expressions of artistic identity This enjoyable and informative book focuses on the role of pets in Impressionist pictures and what this reveals about art artists and society of that era James H Rubin discusses works in which artists paint themselves or their friends in the company of their pets including several paintings by Courbet who was fond of dogs and Manet a notorious lover of cats He points out that in some works by Degas dogs contribute to the artist's commentary on psychological and social relationships and that in paintings by Renoir dogs and cats have playful and erotic overtones He also offers a theory to explain why Monet almost never painted pets Drawing on early pet handbooks and treatises on animal intelligence Rubin explores nineteenth century opinions on cats and dogs and compares handbook illustrations to the animals shown in Impressionist works He also provides fascinating information on pet ownership and on the place of Impressionism in the long history of animal painting
