Reality And Evangelical Theology:

Reality and Evangelical Theology Thomas F. Torrance, 2003-03-03 T F Torrance is widely recognized as one of our most important twentieth century theologians And scholars of Torrance suggest Reality Scientific Theology is one of his most accessible works Torrance s insights on Christian epistemology are remarkably relevant in light of recent discussions on realism and antirealism in philosophy and theology Torrance brilliantly sets forth no naive or even critical realism but rather an evangelical realism knowledge grounded in the revelation of God in Jesus Christ He not only constructively argues the case for an evangelical realism but compares and contrasts theological knowledge with natural scientific knowledge and shows how the Bible can function authoritatively in a fragmented church This edition of Reality and Evangelical Theology includes an in depth foreword that contextualizes Torrance s seminal theological work in light of recent debates over postmodern and postcritical hermeneutics to Scripture It will handsomely repay engagement or reengagement by theologians philosophers students and thoughtful pastors *Reality and evangelical theology : the realism of Christian revelation* Thomas F. Torrance, 1999 **Reality & Evangelical Theology** Thomas Forsyth Torrance, 2003 This book by Thomas F Torrance is a collection of lectures on theological and biblical interpretation of divine revelation Reality and Evangelical Theology Thomas Forsyth Torrance, 1982 This new edition of Reality Evangelical Theology includes an in depth foreword that contextualizes Torrance s seminal theological work in light of recent debates over postmodernism and postcritical hermeneutics to Scripture It will handsomely repay engagement or reengagement by theologians philosophers students and thoughtful pastors **Worship and the Reality of God** John Jefferson Davis, 2010-10-07 Professor John Jefferson Davis shows what s really needed for the renewal of worship in our evangelical churches Moving far beyond the worship wars Davis provides profound theological analysis and fresh recommendations to help us recognize obstacles to worship and learn to rightly respond to the glory and gracious real presence of God among us in our worship **Reality and Scientific Theology** Thomas F. Torrance, 2001-11-28 In this book the author argues for a rigorous scientific theology under the double constraint of the reality of God and the reality of the world of space and time Careful attention is given to the common commitment of theological and natural science to objective knowledge and the deeply natural relation between knowledge of God the Creator and knowledge of the world he has made Stress is laid upon the stratified structure of theology and the need for a radical simplification and unification of Christian doctrine Is theology the science of God and is it concerned with objective knowledge like natural science Is there a natural theology and how is it related to knowledge of God through divine relation How is the community of faith within which dogmatic theology arises related to the social coefficient of scientific inquiry What is the place of mysticism and of art in theology Does theology have a special notion of truth and does it have its own inner logic and structure These are some of the main questions which this book seeks to answer Encountering Reality Travis M. Stevick, 2016-12-01 Encountering Reality argues for a new appreciation of T F

Torrance on epistemology and reality According to Torrance's realism all authentic knowledge involves the nature of the object impressing its inherent rationality on the mind Consequently knowledge involves thinking in accordance with the nature of the object We shall explore the place and function of ultimate beliefs in epistemology as well as the question as to whether such beliefs imply a retreat to either foundationalism or fideism The inescapability of ultimate beliefs in all human knowledge requires a shift in the traditional notion of objectivity We find that shift in the account provided by T F Torrance whose epistemological position implies an alternative notion of truth Drawing on distinctly Christian sources Torrance emphasizes the distinction between truth and truthfulness thereby reorienting the discussion from a focus on statements to a focus on being This shift challenges the dichotomy between correspondence and coherence theories of truth and provides one way of transcending the scientific realism anti realism debate and gives rise to a practical epistemological tool disclosure models which function as self correcting self marginalizing lenses through which we encounter reality yielding knowledge in accordance to the nature of the thing known

The Essentials of Christian Thought Roger E. Olson, 2017-03-14 Or at least such an outlook should unite Christians of all theological and church backgrounds However alternate visions of reality often infect and corrupt Christians thinking In *The Essentials of Christian Thought* eminent theologian and church historian Roger Olson outlines the basic perspective on the world that all Christians regardless of the place and time in which they are born have historically held This underlying metaphysic accords with all orthodox theologies whether Calvinist or Arminian Roman Catholic Eastern Orthodox or Protestant but it separates Christianity from other religious and secular perspectives It is quite simply the essential requirement of a Christian view of the world Bold and incisive *The Essentials of Christian Thought* will prompt thoughtful readers and students to more consciously appropriate the core of their faith guarding against ideas that subtly but necessarily invite compromise

Getting Real Gary Tyra, 2018-02-08 Some reputable sociological research indicates that a surprising number of evangelical churchgoers are living out a version of the Christian life that's more informed by the values of the surrounding culture than by the discipleship teachings of Jesus and his apostles Viewing the cause of this disturbing trend in the church to be a discipleship deficit that's exacerbated by a pneumatological deficit Gary Tyra has written a book that addresses both In this work Tyra encourages evangelical Christians of all stripes to become more fully aware of the tremendous difference it makes when the Holy Spirit is experienced in ways that are real and existentially impactful rather than merely theoretical conceptual and or ritualistic Intended to be read by church leaders as well as by students in Christian colleges and seminaries the message here is that the cure for the ministry malady currently confronting us is the recovery of a robust fully Trinitarian doctrine of the Spirit A pneumatological realism says Tyra combined with an understanding of just how important a spiritual moral and missional faithfulness is to a genuine Christian discipleship can revitalize the lives of individual Christians and churches making it possible for them to reach their post Christian peers for Christ

A Theology of Word and Spirit Donald G. Bloesch, 2005-08-01 Pointing the way toward a

confessional theology for the twenty first century Donald G Bloesch begins his seven volume work *Christian Foundations* with this introduction to authority and method in theology *Renewing the Center* Stanley James Grenz, 2006 The second edition of this important foundational text for the emerging church includes a new foreword by Biran McLaren and a new afterword from John Franke updating the book for the contemporary church scene **The Unassumed Is the Unhealed** Kevin Chiarot, 2013-09-24 This work addresses a pivotal and controversial area lying at the heart of T F Torrance's Christology Namely that Jesus Christ assumed fallen and sinful humanity and living out a sinless life from within our alienated state healed our human nature This is a claim that is conceptually basic to Torrance's integration of incarnation and atonement and thus to his soteriology as a whole It's pervasive nature and its significance within the overall structure of Torrance's thought is thoroughly and sympathetically set forth Christ's assumption of sinful flesh is seen to lie underneath a number of disputed areas in Torrance's thought such as the role or lack thereof of human responsibility and the question of universalism This work not only illuminates but rigorously examines the claim that the unassumed is the unhealed **Narrative and the Triune Reality** Wai Luen Kwok, 2022-05-13 Robert Jenson is commended as one of the greatest American theologians in the twentieth century This book proposes a critique of Jenson's narrative Trinitarianism by comparing it with Eberhard Jungel's theology It argues for the importance of the double dimensions of event and communicative linguistics of the Divine narrative

themes tasks and goals of evangelical theology making the book ideal for introductory theology courses **The Theology of Dallas Willard** Gary Black Jr.,2013-08-06 Evangelical Christianity in the United States is currently in a dramatic state of change Yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary Christian theology has found its way into the hearts and minds of emerging generations of Christians The Theology of Dallas Willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ Blending both a prophetic critique with pastoral encouragement Willard s unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional Christians to reconsider their faith No Place for Truth David F. Wells,1994-12-20 Has something indeed happened to evangelical theology and to evangelical churches According to David Wells the evidence indicates that evangelical pastors have abandoned their traditional role as ministers of the Word to become therapists and managers of the small enterprises we call churches Along with their parishioners they have abandoned genuine Christianity and biblical truth in favor of the sort of inner directed experiential religion that now pervades Western society Specifically Wells explores the wholesale disappearance of theology in the church the academy and modern culture Western culture as a whole argues Wells has been transformed by modernity and the church has simply gone with the flow The new environment in which we live with its huge cities triumphant capitalism invasive technology and pervasive amusements has vanquished and homogenized the entire world While the modern world has produced astonishing abundance it has also taken a toll on the human spirit emptying it of enduring meaning and morality Seeking respite from the acids of modernity people today have increasingly turned to religions and therapies centered on the self And whether consciously or not evangelicals have taken the same path refashioning their faith into a religion of the self They have been coopted by modernity have sold their soul for a mess of pottage According to Wells they have lost the truth that God stands outside all human experience that he still summons sinners to repentance and belief regardless of their self image and that he calls his church to stand fast in his truth against the blandishments of a godless world The first of three volumes meant to encourage renewal in evangelical theology the other two to be written by Cornelius Plantinga Jr and Mark Noll No Place for Truth is a contemporary jeremiad a clarion call to all evangelicals to note well what a pass they have come to in capitulating to modernity what a risk they are running by abandoning historic orthodoxy It is provocative reading for scholars ministers seminary students and all theologically concerned individuals *Mission and Evangelism in a Secularizing World* Narry F. Santos,Mark Naylor,2019-02-14 Secularization as a movement away from a religious orientation to life is strong in Canada and has influence worldwide In this volume missiologists and practitioners across Canada consider how an agenda of Christian mission and evangelism can be advanced in a secularizing environment How can believers be curious and engaged rather than defensive and fearful What changes are required from the evangelical community so that there is productive dialogue and action in ways that maintain

faithfulness to the cause of Christ What should the approach of mission be to a new generation steeped in secular narratives How do we answer negative caricatures of Christian mission in light of the history of Residential Schools What examples from the past teach us about developing an irenic approach What positive trends are currently evident in Canada and around the world that counter the secularizing narrative These questions and more are considered in this volume by Canadian scholars who recognize the importance of being relevant to society while maintaining integrity with the Gospel message The essays address secularism in Canadian and worldwide contexts with seriousness insight and an underlying theme of hope recognizing that God s mission has been accomplished is being accomplished and will be accomplished **Person,**

Personhood, and the Humanity of Christ Hakbong Kim, 2021-05-19 The quest for an understanding of humanness has been significant As the ways in which we recognize and define our human being have significant impact wide ranging discussions and questions about the human have taken place with significant theoretical and practical implications In *Personhood and the Humanity of Christ* Hakbong Kim explores Thomas F Torrance s critiques of the dualist and individualistic views concerning human beings in the history of philosophy and theology This book sheds important light on Torrance s understanding of humans as persons in relation the trinitarian personhood as the ontological foundation for human personhood and the humanity of Christ as key to the personalization necessary for a new moral ethical and social life This presents a Christocentric anthropology and ethics which focuses on Christ s ongoing reconciling and humanizing ministry for us *Exploring Christology and Atonement* Andrew Purves, 2015-08-05 The Scottish theologians John McLeod Campbell Hugh Ross Mackintosh and Thomas F Torrance were theologians of reconciliation who emphasized the reality of God s redemptive grace in the person and work of Jesus Christ In this magisterial treatment Andrew Purves unfolds the riches of their theology for pastoral ministry today
