dark sometimes sublime always interesting In a land full of character and contradiction there is a strong attraction for those with the spirit to meet the challenges where the one thing you can be sure of is the unpredictable Life is not always easy These stories will tell you why If you want to know more about Romanians and their country the voices in Times New Romanian make for an enjoyable and lively read Inspired by Studs Terkel and Tony Parker Nigel used their oral history style and his own experience in Romania to guide him in recording these interviews Featured in The Bookseller **Summer's Lease** Drew Hunt,2012-11-18 On his first night renting a cottage on the Cornish coast widower John Tennant comes face to face with of all things a grizzly bear Fearing for his life John tries to convince the animal he isn't worth eating and is relieved when the bear ambles away Maintenance man Mitch Benjamin is two hundred years old but doesn't look a day over forty As a werebear he needs to stay under the radar The new renter is making that difficult Not only is John attractive but his vulnerability triggers all of Mitch's protective instincts If that wasn't trouble enough Mitch is struggling with his inner bear's desire to befriend John He knows what his bear is up to but Mitch doesn't want another mate His last one was murdered ninety years ago and he's still grieving John is confused by Mitch's mixed signals Physically Mitch with his bulging muscles and hulking frame is a gay man's wet dream come true But emotionally he keeps closing down John discovers more comfort with the magnificent grizzly bear he occasionally meets on his evening walks along the beach In an effort to help Morwenna the owner of the cottages uses her psychic gifts to give John a message from his dead lover George Far from helping it adds another layer of strangeness to what's already turning out to be the strangest summer John can remember Can a well meaning medium and a determined grizzly bring John and Mitch together Will Mitch come clean about his werebear nature If he does can John accept that a man and bear exist in the same body Survival Thoughts for the Continually Depressed Michael Jean Nystrom-Schut,2005-05-24 TRILOGY BOOK ONE includes three books from my numerous writings As a writer and philosopher these many years it's been my pleasure to ponder the world in ways that most people don't have time to do In my wanderings I wonder if I am getting any closer to the Truth How can any of us distinguish for sure I suppose all we can know is that as long as we are alive we still have the opportunity to keep searching while happily delving into this adventurous world of amazement wonder and awe **Kiss Me, Darling** Alexis Anne,2020-11-17 Lost one Hollywood bad boy Scott Kaine was once the quintessential Hollywood bad boy His smoldering perpetually unhappy gaze made women all over the world swoon He partied hard then turned his life around becoming an award winning actor and producer Until the headlines hit and he retreated to his childhood haven Calusa Key Found one man with a purpose Lucy Davis was too good for me Her brilliance and patience made her one of the most successful CEOs in Hollywood And for some reason she loved me So when my past came crashing down around us I knew I couldn't stay The only way I could be with Lucy is if I became the man she deserved Between the palm trees and sandy beaches I've found peace for the first time in my life I'm ready to start down the path forward with Lucy by my side I just hope the island is as magical to her as it is to me Because I can't live without her

love *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1978 **Out Of Sight, Out Of Mind** Yvonne Vissing, 2014-07-11 Because they're small they're easy to overlook Because their voices don't carry far it's hard to hear them We'd rather not look too closely or listen too carefully And if we don't see them maybe they'll just go away But the invisible homeless cannot simply fly away to never-never land or pull themselves up by their bootstraps or make a wish upon a star These homeless people are children and they are not always in the inner cities as Yvonne Vissing shows in this poignant study of families housing and poverty As many as a third of our nation's homeless are found in rural and small town America They are all too commonly out of sight and out of mind Homelessness in small towns and rural areas is on the rise Drawing on interviews with and case studies of three hundred children and their families with supporting statistics from federal state and private agencies Vissing illustrates the impact this social problem has upon education health and the economy Families vividly describe the ways they have fallen through cracks in the social structure from home ownership into homelessness Looking toward the future Vissing asks if homeless children are destined to become dysfunctional adults and provides a sixteen-year-old girl's moving testimony of the vagabond life her homeless family led While the economy and the very nature of the family have changed over past decades housing education and human service industries have failed to adapt Vissing provides a planning model for improving support networks within communities and challenges Americans with a fundamental philosophical question Do homeless children merit full-scale social intervention Ultimately *Out of Sight Out of Mind* compels us not merely to voice concerns for family and community values but also to assert this commitment consciously through improved essential services *The Sequel Superior* Edward K. Eckhart-Zinn, 2020-10-01 *The Sequel Superior* By Edward K. Eckhart Zinn Edward K. Eckhart Zinn believes strongly that the age of internet criticism has led to a new path of viewing film and television or by the encompassing terminology screen work A healthy array of screen work subjects are covered in *The Sequel Superior* from the serialization of film through franchises like Star Wars or the MCU to the overlooked impact your personal life has on any constructed artworks exploring just how massive and engaged that link is This book is equally for creators and critics alike bringing new light to conceptually finding objective factors in subjective artistry Screen works of all kinds are heavily dissected on this figurative operating table such as Rick and Morty Breaking Bad The Simpsons and the Star Wars sequel trilogy The modern screen work climate is anatomically deconstructed to render an almost scientific schematic breaking down elements such as tropes hype plot threads plot holes the fairly new presence of the internet fandom fan fiction fanfare the benefits of an animated medium rosy retrospection nostalgia and all of their respective effects to generate the take on the current day media environment Instead of retreading the continued deconstruction of such antique masterpieces like *Casablanca* or *The Shining* we instead immerse ourselves in the less respected yet extremely popular popcorn movie and attempt to understand why the highest grossing films for the last ten years have all been sequel installments This book posits that there truly are right ways and wrong ways of making this

artwork and the consumer critic and creator can all benefit greatly from its perspectives *Mysteries in the Classroom*
