Revolution and Its Narratives is a historical literary and critical account of the cultural production of the narratives of China s socialist revolution Through theoretical empirical and textual analysis of major and minor novels dramas short stories and cinema Cai Xiang offers a complex study that exceeds the narrow confines of existing views of socialist aesthetics By engaging with the relationship among culture history and politics in the context of the revolutionary transformation of Chinese society and arts Cai illuminates the utopian promise as well as the ultimate impossibility of socialist cultural production Translated annotated and edited by Rebecca E Karl and Xueping Zhong this translation presents Cai s influential work to English language readers for the first time Romain Rolland and the Politics of the Intellectual Engagement David Fisher,2017-07-05 This intellectual portrait of Romain Rolland 1866 1944 French novelist musicologist dramatist and Nobel prizewinner in 1915 focuses on his experiments with political commitment against the backdrop of European history between the two world wars Best known as a biographer of Beethoven and for his novel Jean Christophe Rolland was one of those nonconforming writers who perceived a crisis of bourgeois society in Europe before the Great War and who consciously worked to discredit and reshape that society in the interwar period Analyzing Rolland s itinerary of engaged stands David James Fisher clarifies aspects of European cultural history and helps decipher the ambiguities at the heart of all forms of intellectual engagement Moving from text to context Fisher organizes the book around a series of debates Rolland s public and private collisions over specific committed stands introducing the reader to the polemical style of French intellectual discourse and offering insight into what it means to be a responsible intellectual Fisher presents Rolland s private ruminations extensive research and reexamination of the function and style of the French man of letters He observes that Rolland experimented with five styles of commitment oceanic mysticism linked to progressive democratic politics free thinking linked to antiwar dissent pacifism and ultimately Gandhism antifacism linked to anti imperialism antiracism and all out political resistance to fascism and most controversially fellow traveling as a form of socialist humanism and the positive side of antifascism Fisher views Rolland s engagement historically and critically showing that engaged intellectuals of that time were neither naive propagandists nor dupes of political parties David James Fisher makes a case for the committed writer and hopes to re ignite the debate about commitment For him Romain Rolland sums up engagement in a striking dialectical formula **New York in the American Revolution** Wilbur Cortez Abbott,1929 *Romain Rolland and the Politics of the intellectual Engagement* David James Fisher,1988 **Revolutionary World** ,1976 *Everybody's Magazine*

,1915 **The Revolution of 1917** Vladimir Il'ich Lenin,1929 For the Love of Psychoanalysis Elizabeth Rottenberg,2019-06-04 One of the most interesting scholars working at the intersection of deconstruction and psychoanalysis Rebecca Comay University of Toronto For the Love of Psychoanalysis is a book about what exceeds or resists calculation in life and in death Elizabeth Rottenberg examines what emerges from the difference between psychoanalysis and philosophy Part I Freuderrida announces a non traditional Freud a Freud associated not with sexuality repression unconsciousness and symbolization but with accidents and chance Looking at accidents both in and of Freud s writing Rottenberg elaborates the unexpected insights that both produce and disrupt our received ideas of psychoanalytic theory Whether this disruption is figured as a foreign body as traumatic temporality as spatial unlocatability or as the death drive it points to something neither simply inside nor simply outside the psyche neither psychically nor materially determined Whereas the close reading of Freud leaves us open to the accidents of psychoanalytic writing Part II Freuderrida addresses itself to what transports us back and limits the openness of our horizon Here the example par excellence is the death penalty and the cruelty of its calculating decision If Freuderrida insists on the death penalty if it returns to it compulsively it is not only because its calculating drive is inseparable from the history of reason as philosophical reason it is also because the death penalty provides us with one of the most spectacular and spectacularly obscene expressions of Freud s death drive Brilliant pathbreaking witty and lucidly argued Elissa Marder Emory University this book will be essential reading for anyone interested in Freud Derrida and the many critical debates to which their thought gives rise **Collected Works of V. I. Lenin: pt.1-2.The revolution of 1917** Vladimir Il'ich Lenin,1929 Autopsy of Revolution Jacques Ellul,2012-06-13 In this significant and very timely book the author of The Technological Society The Political Illusion and Propaganda asks a tremendous question and shows that the answer we give it is decisive for the future of our society Can we learn from history what revolution really is necessary for our survival That is can we distinguish between senseless ineffectual revolt or rebellion and a genuine revolution that can alter fundamentals In his basic closely reasoned way Jacques Ellul examines past and recent history in light of the current overwhelming preoccupation with revolution which seems to have become the daily bread of Western man s thoughts and actions the immediate explanation for every historical movement Ellul insists on examining the possibility that today we are projecting onto past events a fairly recent and distorted image of revolution The new image was created by Marx in the nineteenth century and Ellul questions how long we can continue to live on his legacy More important he suggests that Marx may have brought about an abrupt deviation of the necessary revolutionary current and given a false meaning to the word revolution Is all our talk about Marxian revolution talk about reality or a way of filling a void with words Finally among so many social eddies and agitations are we today caught up in a really revolutionary movement or are we being led into blind combat by false lights that in reality are reflections in distorting mirrors Are we capable of discerning the real Revolution the needed Revolution Ellul does not map out a route in detail he clears paths into

the future making it possible for a route to be found His masterly book should help to change our thinking and therefore our future *The Menshevik Leaders in the Russian Revolution* Ziva Galili, 2019-10-08 At the end of February 1917 the tsarist government of Russia collapsed in a whirlwind of demonstrations by the workers and soldiers of Petrograd Ziva Galili tells how the moderate socialists or Mensheviks then attempted to prevent the conflicts between the newly formed liberal Provisional Government the bourgeois camp and the Petrograd Soviet the democratic camp from escalating into civil war and how in October of that same year they finally failed Placing narrative history in a broad social and political context she creates an absorbing study of idealists who tried in vain to reflect as well as to contain the unfolding revolutionary process Galili focuses on the Menshevik Revolutionary Defensists who became the leaders of the Petrograd Soviet and of the all Russian network of soviets She examines Menshevik political strategy as well as the three way interaction between Mensheviks both in the Soviet and the Provisional Government workers and industrialists She emphasizes the perceptual and interactive aspects of the analysis of revolutions the relations between social realities perceptions of realities and the formulation of political strategies the roles of rhetorics and societal conflict in shaping social identities and the impact of political authority and state institutions on the terms of social interaction Ziva Galili is Associate Professor of History at Rutgers University She is coeditor and annotator of *The Making of Three Russian Revolutions* series Voice from the Menshevik Past Cambridge Studies of the Harriman Institute Columbia University Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
