Reason For Hope The Systematic Theology Of Wolfhart Pannenberg:

Reason for Hope Stanley James Grenz, 1990 First associated in the 1960s with the theology of hope German scholar Wolfhart Pannenberg has since become a major interdisciplinary thinker and a highly respected voice in the theological community In *Reason for Hope* Stanley Grenz a former student of Pannenberg and a noted theologian himself provides a valuable complete exposition of Pannenberg's Systematic Theology The book examines Pannenberg's dogmatics in the context of his other works particularly those in English while also providing an up to date overview of the ongoing debate over his writings **BOOK JACKET**

Hope for the Oppressor Patrick Oden, 2019-07-26 The liberating work of God calls the oppressed out of oppression and the oppressor out of oppressing The challenge in seeking a thorough liberation of oppressors is to help them understand their need for freedom and how to seek this freedom in their own contexts Patrick Oden provides a holistic biblical historical and theological analysis that diagnoses the underlying motivations and inclinations that lead to oppression Part one addresses the context of oppression in which most participants in oppression do not actively seek to harm others but are caught up in systems that tend toward the diminishment of others Part two examines the biblical and early Christian response to oppression discovering a thread that avoids condemning participation in society generally while also cautioning the people of God about being co-opted by society Part three discusses how oppressors can withdraw from oppression through a constructive analysis of four contemporary theologians Wolfhart Pannenberg Jürgen Moltmann Sarah Coakley and Jean Vanier each of whom contributes to a widening vision of liberated and liberating life in which the once oppressed and former oppressor can find peace together in community

Beyond Foundationalism Stanley James Grenz, John R. Franke, 2001-01-01 Grenz and Franke provide a methodological approach for doing theology in the postmodern world They call for a theological method that moves beyond the Enlightenment way of ordering and understanding information foundationalism They propose a theological method that takes seriously the Spirit tradition and contemporary culture while stressing trinitarian structure community and eschatology

The Trinitarian Theology of Stanley J. Grenz Jason S. Sexton, 2013-09-12 Exploring one of the most controversial figures in recent evangelical theology this book thoroughly examines core features of Stanley J Grenz's Trinitarian vision

Hope and Otherness: Christian Eschatology and Interreligious Hospitality Jakob W. Wirén, 2017-11-01 In *Hope and Otherness* Jakob Wirén analyses the place and role of the religious Other in contemporary eschatology In connection with this theme he examines and compares different levels of inclusion and exclusion in Christian Muslim and Jewish eschatologies He argues that a distinction should be made in approaches to this issue between soteriological openness and eschatological openness By going beyond Christian theology and also looking to Muslim and Jewish sources and by combining the question of the religious Other with eschatology Wirén explores ways of articulating Christian eschatology in light of religious otherness and provides a new and vital slant to the threefold paradigm of exclusivism inclusivism and pluralism that has been prevalent in the theology of religions Jakob Wirén's

study pushes forward the frontiers of three disciplines all at the same time theology of religions comparative religions and eschatology This is a challenging and important book Gavin D Costa University of Bristol Professor of Catholic Theology 2017 This book explores of the status of religious others in Christian eschatology and of eschatology itself as a privileged place for reflecting on religious otherness Wiren mines not only Christian but also Jewish and Muslim sources to develop an inclusive eschatology Hope and Otherness thus represents an important contribution to both theology of religions and comparative theology Catherine Cornille Boston College Professor of Comparative Theology 2017 *The Doctrine of God* Veli-Matti Kärkkäinen, 2017-05-16 In recent years the doctrine of God has once again become a central focus of theological discussion and debate In this ecumenical international and contextual introduction internationally respected scholar Veli Matti Kärkkäinen offers a global survey of understandings of God in Scripture Christian history and contemporary theology This new edition incorporates developments in theological research over the past decade and has been substantially updated throughout **Who's Who in Christianity** Lavinia Cohn-Sherbok, 2003-09-02 Who's Who in Christianity is an invaluable reference guide to the leading men and women who have influenced the course of Christian history including the founding fathers saints popes monarchs philanthropists theologians missionaries and heretics The book encompasses both Eastern and Western churches and the lives and opinions of personalities who have shaped the past twenty Christian centuries from Jesus of Galilee to Pope John Paul II and from Paul of Tarsus to Mother Teresa **Natural and Cosmic Theodicy** Jongseock James Shin, 2022-10-21 This book presents a third way to envision the Creatorship of the Triune God who is both compassionate and eschatologically redemptive in providential presence rather than biasedly gravitating toward the openness of a self limiting God or God's all determining sovereignty Not only is God in with and under creation God's kenotic presence invites creatures to participate in the self giving love of God through both general and special divine action in a top down through bottom up mode Creatio continua is God's own journey of fulfilling the eschatological promise for creation This redemptive presence of God in creation is a Trinitarian co protesting against the power of death sin and evil considering the cosmic dimensions of the eschatological hope promised in the resurrection of Jesus The new creation is the ultimate fulfillment of creaturely freedom and contingency divinely granted in creatio ex nihilo In arguing this Shin engages in a comparative and critical study of natural and cosmic theodicy advanced by Catherine Keller Arthur Peacocke Wolfhart Pannenberg and Robert Russell *A Burning House* Brandon Washington, 2023-05-16 Despite the civil rights progress he fought for and saw on the horizon in the 1950s and 60s Martin Luther King Jr increasingly concerned by America's moral vision admitted I've come to believe that we are integrating into a burning house In *A Burning House* Brandon Washington contends that American Evangelicalism is a house ablaze burning in the destructive fires of discrimination and injustice The stain of segregation remains prevalent not only in our national institutions but also in our churches and this has long tarnished the witness of Christianity and hampered our progress toward a Christ like vision of Shalom peace justice and

wholeness in the world Common doctrine may unite black and white evangelicals but rifts such as social ethics and cultural influences still separate us Throughout this challenging but reconciliatory book Washington gives a historical and theological appraisal of American evangelicalism to understand how we came to be where we are and what our response should be Instead of calling the movement to become something new he challenges it to live into what it has always been in Christ and strive for deliberate and sacrificial integration the unity of believers of all ethnicities A Burning House is a rallying call to a waning movement whose most public leaders have often turned a blind eye to or even justified the sin of racism a movement whose theology is sometimes compromised by a secular anthropology This is a call to both white and black evangelicals to better understand our past so that we can better embrace the unifying and comprehensive message of the gospel we preach

Faith, Hope, and Love in the Kingdom of God Robert Hernan Cubillos, 2017-04-27 We live in a world full of challenges The three graces can almost be seen as motors for Christian life in today s world but the words faith hope and love have so many everyday uses that their technical theological meanings are for many difficult to appreciate Modern life also leaves many yearning for authenticity and meaning Many religions have answered that need by calling to mind the image of a path Always profound progressions religious paths tend to be motivated either by practices the act of walking the path or focal points Christianity has a focal point an object and it sees the three graces as distinctively content filled The heart of this book is about helping people find the Christian path and their intellectual emotional and spiritual balance an equilibrium that is sustained by a strong personal faith an enduring hope for the future and genuine love that will withstand the worst of times It contributes to the category of Christian literature that provides a pattern for Christian living without surrendering the intellect to the more popular side of this genre

Scripture in the Theologies of W.

Pannenberg and D.G. Bloesch Frank M. Hasel, 2004-03-01 Scripture has always played an important role in Christian theology This study provides an issue oriented overview of the concepts of Scripture in Protestant theology from the 16th century Reformation onward It then sets forth the concepts of Scripture in the theologies of two contemporary systematic theologians W Pannenberg and D G Bloesch It analyzes compares and evaluates the theological and anthropological presuppositions that have influenced their concept of Scripture Despite fundamentally different starting points and other significant distinctions Pannenberg and Bloesch reveal surprising similarities This seems to suggest that for both the concept of Scripture is determined ultimately by presuppositions that are derived and shaped extra scripturam **Modern Christian Thought: The twentieth century** James C. Livingston, Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments This second edition deals with the entire modern period in both Europe and America and is the first to include extensive treatment of modern Catholic thinkers Evangelical thought and Black and Womanist theology The Unity of Nature and History in Pannenberg's Theology Cornelius A. Buller, 1996 The Unity of Nature and History in Pannenberg's Theology addresses the problematic relationship of humans to the non human world by analyzing Wolfhart Pannenberg's theology and ethics Letters of the Divine Word Robert B. Price, 2011-05-26 The Christian doctrine of God has traditionally been presented in two parts an account of the existence and attributes of God on the one hand and an account of God's triunity on the other The present study is an analysis of Karl Barth's doctrine of the divine attributes or perfections as it appears in his Church Dogmatics II 1 Barth's doctrine of the divine perfections has received comparatively little attention and what attention it has received is typically very selective Authors unaware of larger structural themes in Barth's account often misconstrue significant details of Barth's text Others wrongly discount the implications of Barth's doctrine of the perfections for his theology as a whole The aim of this study is primarily to clarify what Barth says about the perfections and secondarily to relate this to broader themes in Barth's theology T T Clark Studies in Systematic Theology is a series of monographs in the field of Christian doctrine with a particular focus on constructive engagement with major topics through historical analysis or contemporary restatement **The Future of Christology** Dong-Kun Kim, 2019-06-28 The Future of Christology addresses the questions that Christology currently faces and or will face in the future in 12 topics The book consists of two parts In the first part Kim deals with five topics related to traditional Christology while in the second part he wrestles with seven topics related to issues of Christology The twenty first century is a challenging time for Christianity Many in our age are asking what Jesus Christ means in various dimensions of history culture nature and even beyond the Earth Changes in values worldviews and views of the universe are forming a new zeitgeist Dong Kun Kim argues that ways of understanding Christ should change accordingly for a Christology that fails to

communicate meaningfully with the times is void of vitality Postmodernism dehistoricization and life post ideology multiculturalism multiple religions and above all the rapid development of the natural sciences pose a serious challenge to traditional Christology Who is Christ in the age of an infinite cosmos How do daily human life social devotion and praxis relate to salvation How can we discuss salvation history in an era post history Where does Christ stand in the public sphere Can the Chalcedonian definition of the two natures of Christ true God and true human being encompass nature and the cosmos would a third nature of Christ be necessary Will the cyborg which may appear in the near future be the object of Christ s salvation If scientific determinism becomes popular in the future will the basis of faith in Christ lose ground If intelligent life exists in the universe what does Christ mean to such life This book provides innovative answers to these questions in an academic context **Volume 10, Tome II: Kierkegaard's Influence on Theology** Jon Stewart,2016-12-05

Kierkegaard has always enjoyed a rich reception in the fields of theology and religious studies This reception might seem obvious given that he is one of the most important Christian writers of the nineteenth century but Kierkegaard was by no means a straightforward theologian in any traditional sense He had no enduring interest in some of the main fields of theology such as church history or biblical studies and he was strikingly silent on many key Christian dogmas Moreover he harbored a degree of animosity towards the university theologians and churchmen of his own day Despite this he has been a source of inspiration for numerous religious writers from different denominations and traditions Tome II is dedicated to tracing Kierkegaard s influence in Anglophone and Scandinavian Protestant religious thought Kierkegaard has been a provocative force in the English speaking world since the early twentieth century inspiring almost contradictory receptions In Britain before World War I the few literati who were familiar with his work tended to assimilate Kierkegaard to the heroic individualism of Ibsen and Nietzsche In the United States knowledge of Kierkegaard was introduced by Scandinavian immigrants who brought with them a picture of the Dane as much more sympathetic to traditional Christianity The interpretation of Kierkegaard in Britain and America during the early and mid twentieth century generally reflected the sensibilities of the particular theological interpreter Anglican theologians generally found Kierkegaard to be too one sided in his critique of reason and culture while theologians hailing from the Reformed tradition often saw him as an insightful harbinger of neo orthodoxy The second part of Tome II is dedicated to the Kierkegaard reception in Scandinavian theology featuring articles on Norwegian and Swedish theologians influenced by Kierkegaard **Introducing Theological Method** Mary M. Veeneman,2017-11-07 Sound theological method is a necessary prerequisite for good theological work This accessible introduction surveys contemporary theological methodology by presenting leading thinkers of the 20th and 21st centuries as models The book presents the strengths and weaknesses in each of the major options Rather than favoring one specific position it helps students of theology think critically so they can understand and develop their own theological method **An Introduction to Ecclesiology** Veli-Matti Kärkkäinen,2002-10-02 Veli Matti Kärkkäinen provides an up to date

survey and analysis of the major ecclesiological traditions the most important theologians and a number of contextual approaches to both the unity and the diversity of ecclesiastic understandings and practices **Theologies of the 21st Century** David L. Smith, 2014-10-02 What theologies are popular and formative of Christian thinking in the present day How should they be assessed by those Christians who want to be in the world without being of the world Theologies of the 21st Century begins with an overview of the historical roots from which current theological thinking has developed and then moves on to a detailed evaluation of the chief doctrinal and practical emphases taking an evangelical biblical perspective that seeks to be at once both critical and irenic
