*Rebel's Cage* Kate Jacoby, 2014-05-06 *Rebel's Cage* is the fourth volume in Kate Jacoby's epic fantasy series the Books of Elita

**Rebel's Cage: The Books of Elita #4** Kate Jacoby, M OILPHANT, 2013-11-21 A new tyrant reigns in Lusara but there are still men and women who would risk all for freedom these are the darkest days of the Silent Rebellion Magic politics and romance combine in a magnificent tale of betrayal and revenge perfect for lovers of Mercedes Lackey and Robert Jordan Eight years after the Battle of Shan Moss a new tyrant reigns in Lusara King Kenrick dabbles in forbidden sorceries as he follows in the footsteps of his usurper father King Selar pursuing dreams of empire At Kenrick's right hand is the evil sorcerer Nash who just survived his epic battle with Robert Douglas He's mutilated his powers a fraction of what they were but Nash is determined to triumph Only Robert Jenn and Andrew can stop Nash's plan for complete annihilation but can they put aside their own bitter feuds and work together after all the betrayals that have gone before These are the cold bleak days of winter when causes founder and faith stumbles

Why Women Rebel Alexis Henshaw, 2016-12-08 *Why Women Rebel* presents a global analysis of the extent to which women are engaged in armed organized rebellions and why they choose to join such rebellions Henshaw has collected and analyzed data on women's participation in over 70 post Cold War rebel groups The book provides a theoretical analysis drawing upon both mainstream literature in the social sciences and critical feminist inquiry on women and political violence to offer a new gendered theory on why women rebel The book reveals that women are active in over half of all rebel groups sampled and that while the majority of rebel groups have women serving in support roles away from direct combat approximately a third of these groups employ women in the conduct of armed attacks and just over a quarter have women in a leadership capacity Henshaw reaffirms the idea that women are more likely to be engaged in left wing political organizations but does suggest that more conservative or traditional movements may also successfully incorporate women by appealing to concerns about community rights Addressing several gaps in the current literature on this topic this book will be of interest to academics in the fields of political science international relations security studies and gender and women's studies

**Human Shields** Neve Gordon, Nicola Perugini, 2020-08-25 From Syrian civilians locked in iron cages to veterans joining peaceful indigenous water protectors at the Standing Rock Sioux Reservation from Sri Lanka to Iraq and from Yemen to the United States human beings have been used as shields for protection coercion or deterrence Over the past decade human shields have also appeared with increasing frequency in antinuclear struggles civil and environmental protests and even computer games The phenomenon however is by no means a new one Describing the use of human shields in key historical and contemporary moments across the globe Neve Gordon and Nicola Perugini demonstrate how the increasing weaponization of human beings has made the position of civilians trapped in theaters of violence more precarious and their lives more expendable They show how the law facilitates the use of lethal violence against vulnerable people while portraying it as humane but they also reveal how people can and do use their own vulnerability to resist violence and denounce forms of dehumanization Ultimately Human Shields unsettles our common ethical assumptions about violence and the law and urges us to imagine entirely new forms of humane politics
