Piovesana, 1969 *Modern Japanese Political Thought and International Relations* Felix Rösch, Atsuko Watanabe, 2018-09-16 In an ever more globalized world sustainable global development requires effective intercultural co-operations. This dialogue between non-western and western cultures is essential to identifying global solutions for global socio-political challenges. Modern Japanese Political Thought and International Relations critiques the formation of non-western International Relations by assessing Japanese political concepts to contemporary IR discourses since the Meiji Restoration to better understand knowledge exchanges in intercultural contexts. Each chapter focuses on a particular aspect of this dialogue from international law and nationalism to concepts of peace and Daoism. This collection grapples with postcolonial questions of Japan's indigenous IR theory. *Nishi*

Amane and Modern Japanese Thought Thomas R.H. Havens, 2015-03-08 A nineteenth-century aristocrat Nishi Amane 1829

1897 was one of the first Japanese to assert the supremacy of Western culture. He was sent by his government to Leiden to

study the European social sciences. On his return to Japan shortly before the climactic Meiji Restoration of 1868 he

introduced and adapted European utilitarianism and positivism to his country's intellectual world. To modernize Nishi held

Japan must cast off the bonds of the Confucian world view in order to adopt new principles of empirical scholarly

investigation and new standards of self-improvement. Though a Confucian by upbringing Nishi became thoroughly committed

to Western intellectual values in his programs for the new Japanese society. In his roles of teacher, writer, and government

administrator he was influential at one of the most critical times in Japan's history. Originally published in 1970. The Princeton
