Jewish Martyrs in the Pagan and Christian Worlds Shmuel Shepkaru, 2006 This book presents a linear history of Jewish martyrdom from the Hellenistic period to the high Middle Ages. Following the chronology of sources, the study challenges the general consensus that martyrdom was an original Hellenistic Jewish idea. Instead, Jews like Philo and Josephus internalized the idealized Roman concept of voluntary death and presented it as an old Jewish practice. The centrality of self sacrifice in Christianity further stimulated the development of rabbinic martyrology and the talmudic guidelines for passive martyrdom. However, when forced to choose between death and conversion in medieval Christendom, Ashkenazic Jews went beyond these guidelines, sacrificing themselves and loved ones. Through death, not only did they attempt to prove their religiosity but also to disprove the religious legitimacy of their Christian persecutors. While martyrs and martyrologies intended to show how Judaism differed from Christianity, they in fact reveal a common mindset.

Global Terrorism and New Media Philip Seib, Dana M. Janbek, 2010-09-13 Global Terrorism and New Media carefully examines the content of terrorist websites and extremist television programming to provide a comprehensive look at how terrorist groups use new media today. Based partly on a content analysis of discussion boards and forums, the authors share their findings on how terrorism 1.0 is migrating to 2.0 where the interactive nature of new media is used to build virtual organization and community. Although the creative use of social networking tools such as Facebook may advance the reach of terrorist groups, the impact of their use of new media remains uncertain. The book pays particular attention to terrorist media efforts directed at women and children, which are evidence of the long term strategy that some terrorist organizations have adopted, and the relationship between terrorists' media presence and actual terrorist activity. This volume also looks at the future of terrorism online and analyzes lessons learned from counterterrorism strategies. This book will be of much interest to students of terrorism studies, media and communication studies, security studies and political science.

Martyrs Mirror David Weaver-Zercher, 2016-03-15 The first scholarly history of the iconic Anabaptist text. Approximately 2,500 Anabaptists were martyred in sixteenth and early seventeenth century Europe. Their surviving brethren compiled stories of those who suffered and died for the faith into martyr books. The most historically and culturally significant of these, *The Bloody Theater*, more

commonly known as Martyrs Mirror was assembled by the Dutch Mennonite minister Thieleman van Braght and published in 1660 Today next to the Bible it is the single most important text to Anabaptists Amish Mennonites and Hutterites In some Anabaptist communities it is passed to new generations as a wedding or graduation gift David L Weaver Zercher combines the fascinating history of Martyrs Mirror with a detailed analysis of Anabaptist life religion and martyrdom He traces the publication use and dissemination of this key martyrology across nearly four centuries and explains why it holds sacred status in contemporary Amish and Mennonite households Even today the words and deeds of these martyred Christians are referenced in sermons Sunday school lessons and history books Weaver Zercher argues that Martyrs Mirror was designed to teach believers how to live a proper Christian life In van Braght s view accounts of the martyrs helped to remind readers of the things that mattered thus inspiring them to greater faithfulness Martyrs Mirror remains a tool of revival offering new life to the communities and people who read it by revitalizing Anabaptist ideals and values Meticulously researched and illustrated with sketches from early publications of Martyrs Mirror Weaver Zercher s ambitious history weaves together the existing scholarship on this iconic text in an accessible and engaging way *Inspiration and Canonicity of the Scriptures* R. Laird Harris,2008-09-01 In the modern debate on biblical interpretation and verbal inerrancy this book gives weighty evidence for the historic Christian position that the Bible the sacred canon is the very truth of God and that it can be interpreted understood and applied in our time The book considers the phenomena and data of the Bible and finds them consistent with the teaching of Christ and the apostles that they are both true and meaningful in any culture Inspiration of the Bible and the canonical status of its books are closely interrelated matters but the treatment of both subjects in one volume is all to rare In the treatment of the canon the book quotes extensively from the sources the very early Christian writers as well as recent finds the Dead Sea Scrolls and the books and papyri from Nag Hammadi in Egypt It combines the extensive historical evidence with the witness and claims of the Bible itself Reviews of the original work that it was well documented and thorough but profitable for any serious Christian layman are still applicable to the revised and updated edition *Martyrdom* Ihab Saloul,Jan Willem Henten,2025-10-01 The phenomenon of martyrdom is more than 2000 years old but as contemporary events show still very much alive Martyrdom Canonisation Contestation and Afterlives examines the canonisation contestation and afterlives of martyrdom and connects these with cross cultural acts and practices of remembrance Martyrdom appeals to the imagination of many because it is a highly ambiguous spectacle with thrilling deadly consequences Imagination is thus a vital catalyst for martyrdom for martyrs become martyrs only because others remember and honour them as such This memorialisation occurs through rituals and documents that incorporate and re interpret traditions deriving from canonical texts The canonisation of martyrdom generally occurs in one of two ways First through ritual commemoration by communities of inside readers listeners viewers and participants who create and recycle texts re interpreting them until the martyrs ultimately receive a canonical status or second through commemoration as a means of

contestation by competing communities who perceive these same people as traitors or terrorists By adopting an interdisciplinary orientation and a cross cultural approach this book goes beyond both the insider admiration of martyrs and the partisan rejection of martyrdoms and concisely synthesises key interpretive questions and themes that broach the canonised unstable and contested representations of martyrdom as well as their analytical connections divergences and afterlives in the present

The Road to Martyrs' Square Anne Marie Oliver, Paul F. Steinberg, 2006-04-27 Don't expect to find here the usual clichés about suicide bombers and what drives them In this unique study Anne Marie Oliver and Paul Steinberg render the story of two intertwining often clashing journeys The authors lived for six months with a Palestinian refugee family in Gaza at the beginning of the intifada and offer a gritty poetic portrait of the time They also provide an unrivalled documentary of the underground media they collected during the course of six years in the area Although they could not have surmised as much at the beginning they soon found themselves led through these media into the world of the suicide bomber Their early study notably anticipated the spread of suicide missions years in advance Dispensing with the platitudes and dogma that typify discourse on the Israeli Palestinian conflict the authors show that the suicide bomber is a complex contradictory construction and can be explained neither in terms of cold efficacy nor sheer evil Theirs is the only book on the subject to illustrate the ecstatic intoxicating aspects of suicide missions and provide extensive access to materials that have remained largely unseen in the West despite the fact that they have served as indispensable tools in the construction and propagation of the suicide bomber The book contains 86 illustrations drawn from the authors archive as well as numerous conversations with leaders and followers of Hamas including a rare interview with a suicide bomber whose bomb failed to explode on an Israeli bus in Jerusalem Here is an important and timely work that will challenge the way we think about the intifada suicide bombers and the Israeli Palestinian conflict

Salvation at Stake Brad S.

Gregory, 2001-11-15 Thousands were executed for incompatible religious views in 16th century Europe The meaning and significance of those deaths are studied here comparatively providing an argument for the importance of martyrdom as a window onto religious sensibilities and a crucial component in the formation of divergent Christian traditions and identities

Ancient Apologetic Exegesis Stuart Parsons, 2015-02-05 New Testament scholarship uncovers much about first century Christianity Early Christian masters such as Origen and Augustine draw great attention to the third and following centuries Yet oddly despite this flood of attention to both the first century and to the third and later centuries the second century often escapes notice this despite its almost living memory of Jesus and his apostles from only a generation or two prior A distinctive biblical exegesis was used by those second century apologists who challenged Greco Roman pagan religionists Along with introducing the general shape of this ancient apologetic exegesis *Ancient Apologetic Exegesis* aims at its recovery as well Current literature often misunderstands or dismisses second century exegetical approaches But by looking behind anachronistic views of ancient genre literacy and rhetoric we can rediscover a forgotten form of early Christian exegesis

History, Hagiography and Biblical Exegesis Jennifer O'Reilly, 2019-05-31 When she died in 2016 Dr Jennifer O'Reilly left behind a body of published and unpublished work in three areas of medieval studies the iconography of the Gospel Books produced in early medieval Ireland and Anglo Saxon England the writings of Bede and his older Irish contemporary Adomnán of Iona and the early lives of Thomas Becket In these three areas she explored the connections between historical texts artistic images and biblical exegesis This volume is a collection of 16 essays old and new relating history and exegesis in the writings of Bede and Adomnán and in the lives of Thomas Becket The first part consists of seven studies of Bede's writings notably his biblical commentaries and his Ecclesiastical History Two of the essays are published here for the first time The five studies in the second part devoted to Adomnán discuss his life of Saint Columba the *Vita Columbae* and his guide to the Holy Places *De locis sanctis* One essay *The Bible as Map* published posthumously compares his presentation of a major theme the earthly and heavenly Jerusalem with the approach adopted by Bede The third section consists of two essays on the lives of Thomas Becket that were composed shortly after his death They examine in the context of patristic exegesis the biblical images invoked in the texts in order to show how the saint's biographers understood the complex relationship between hagiography and history With the exception of the Jarrow Lecture on Bede and the essays on Becket the studies in both parts were published originally in edited books some of them now hard to come by CS1078
