Reception La Litierature:

Littérature africaine et sa critique Locha Mateso, 1986-01-01 **The Court Reconvenes** International Courtly Literature Society. Congress, 2003 Table of contents **Reception and Renewal in Modern Spanish Theatre, 1939-1963** John London, 1997 The book constitutes the first attempt to provide an overview of the reception of foreign drama in Spain during the Franco dictatorship John London analyses performance stage design translation censorship and critical reviews in relation to the works of many authors including Noel Coward Arthur Miller Eugene Ionesco and Samuel Beckett He compares the original reception of these dramatists with the treatment they were given in Spain However his study is also a reassessment of the Spanish drama of the period Dr London argues that only by tracing the reception of non Spanish drama can we understand the praise lavished on playwrights such as Antonio Buero Vallejo and Alfonso Sastre alongside the simultaneous rejection of Spanish avant garde styles A concluding reinterpretation of the early plays of Fernando Arrabal indicates the richness of an alternative route largely ignored in histories of Spanish theatre

Communication Littéraire Et Réception International Comparative Literature Association. Congress, 1980 **Literary Translation, Reception, and Transfer** Norbert Bachleitner, 2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena they are based on similarities that are related to a form of travelling and imitation or adaptation of entire texts genres forms or contents Transfer comprises all sorts of travelling with translation as a major instrument of transferring literature across linguistic and cultural barriers Transfer aims at the process of communication starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture Reception lays its focus on the receiving culture especially on criticism reading and interpretation Translation therefore forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers Moreover translations are the prime instrument in the distribution of literature across linguistic and cultural borders thus they pave the way for gaining prestige in the world of literature The thirty eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna They are ample proof that the field remains at the center of interest in Comparative Literature *Exegesis and History of Reception* Régis Burnet, 2021-01-26 Why should we take into account the history of reception in biblical methods It is because as exegetes we have no choice Recognizing our dependence on interpretations of the past is not a new method but it is the very way we understand texts R gis Burnet shows how this allows us to put our current interpretations into perspective but also to dialogue with those of the past **Bakhtin and cultural theory** Ken Hirschkop, David Shepherd, 2024-06-04 An important collection of essays which treats Bakhtin as a provocative theorist whose work must be tested explored and compared with the work of others Contributors assess Bakhtin s contribution to difficult issues of colonialism feminism reception theory and theories of the body amongst others New articles

explore the origins previously unacknowledged of Bakhtin's theory of language and provide a vivid account of the dramatic scandal surrounding Bakhtin's thesis on Rabelais. Contains dramatic new material drawn from post perestroika sources which demythologizes the image of this important writer. A new bibliographical essay and introduction bring the English language reader up to date with the progress of Bakhtin studies in Russia.

Receptions of Antiquity Jan Nelis, 2011 This volume presents a series of papers which cover the general theme of the reception of antiquity a topic which has in recent years become a discipline in itself or what some might call a cross discipline. Indeed the Nachleben of the culture of classical antiquity and of antiquity as a whole manifests in a number of diverse domains opening up the field of reception studies to scholars from disciplines other than Classics. This collection of papers illustrates this diversity uniting as it does original research by scholars from a variety of disciplines classicists historians theatre historians architectural historians psychologists archaeologists artists and more all of whom have treated some aspect of the so called classical tradition by means of their own individual approaches leading to a volume rich and dense in themes and methodologies. Receptions of antiquity has been written by friends of Freddy Decreus in honour of his career and in celebration of his thought.

Receptions of Paul in Early Christianity Jens Schröter, Simon Buttica, Andreas Dettwiler, 2018-10-22 The volume deals with interpretations of Paul his person and his letters in various early Christian writings. Simone Weil (1909-1943) Receptions and Actuality, Part 1: Simone Weil's Social and Political Thought Yvanka

Raynova, 2025-11-14 Rereading Simone Weil today now that her work has been published in its entirety and has been the subject of numerous in depth studies is a difficult task. Specially when one considers that her philosophical and methodological approach is difficult to determine. Weil draws on the thinking of various philosophers not blindly but always with a certain distance and therefore does not belong to any philosophical school just as her faith does not belong to any denomination. In the following two volumes we chose to approach Weil's work by focusing on two aspects of her work the physical and spiritual needs. The first part of the publication explores the continuing relevance of Simone Weil's social and

political ideas while the second part highlights her legacy in ethical theory aesthetics mathematics and her contribution to an open non denominational spirituality The diversity of the essays clearly demonstrates the enduring inspiration that Weil s work provides for philosophers of all kinds or as Gustave Thibon once puts it a light for the mind and nourishment for the soul for those who are ready to receive it *Cognate Connections ENGLISH AND FRENCH COGNATES AND SENTENCE EXAMPLES FOR LANGUAGE LEARNERS II* Önder Ertürkler, ENGLISH AND FRENCH COGNATES AND SENTENCE EXAMPLES FOR LANGUAGE LEARNERS Book 2 Over 600 English French Cognates for Self Study Beginners and All Levels Easy Learning Vocabulary Practice and Dictionary Guide French Language Learning eBook Version *The Reception and Interpretation of the Bible in Late Antiquity* Lorenzo DiTommaso, Lucian Turcescu, 2008-08-31 The volume is a Festschrift offered to Charles Kannengiesser on the occasion of his 80th birthday and honours him for his numerous scholarly accomplishments Its twenty five contributions discuss some of the major issues pertaining to the reception and interpretation of the Bible in late antique Christianity and Judaism They focus on the ways in which communities and individuals understood the Bible and interpreted its traditions to address their historical social and theological requirements Since the Bible was by far the most important book during these centuries a discussion of its influence in such contexts will illuminate significant aspects of the formation of western civilisation **Receptions of Simon Magus as an Archetype of the Heretic** Alberto Ferreiro, Ephraim Nissan, 2023-10-14 This book about receptions of Simon Magus uncovers further facets of one who was held to be the evil archetype of heretics Ephraim Nissan and Alberto Ferreiro explore how Simon Magus has been represented in text visual art and music Special attention is devoted to the late medieval Catalan painter Llu s Borrass and the Italian librettist and musician Arrigo Boito The tradition of Simon Magus demonic flight ending in his crashing down first appears in the patristic literature The book situates that flight typologically across cultures Fascinating observations emerge as the discussion spans flight of the wicked in rabbinic texts flight and death of King Lear s father and a Soviet era Buryat Buddhist monk flight and doom of the fool in an early modern German broadsheet and more The book explains and moves beyond extant scholarly wisdom on how the polemic against Mani the founder of Manichaeism was tinged with hues of Simon Magus The novelty of this book is that it shows that Simon Magus receptions teach us a great deal about the contexts in which this archetype was deployed Bourdieu and Culture Derek Robbins, 2000-02-11 An accessible and readable introduction to Bourdieu s work this book places him in intellectual and historical context and shows how Bourdieu is best understood as a cultural analyst It traces his development from his early work on education to his relationship to cultural sociology and cultural studies The book also gives detailed examples drawn from Bourdieu s own work to show how he makes sense of contemporary culture Robbins guides the reader authoritatively through Bourdieu s wide ranging body of theoretical and analytical work and offers a framework within which the most recent aspects of that work can be understood *The Routledge Handbook of the History and Sociology of Ideas* Stefanos Geroulanos, Gisèle Sapiro, 2023-09-26 The Routledge
