Que Vivan Los Tamales! Jeffrey M. Pilcher, 1998 Connections between what people eat and who they are between cuisine and identity reach deep into Mexican history beginning with pre Columbian inhabitants offering sacrifices of human flesh to maize gods in hope of securing plentiful crops This cultural history of food in Mexico traces the influence of gender race and class on food preferences from Aztec times to the present and relates cuisine to the formation of national identity The metate and mano used by women for grinding corn and chiles since pre Columbian times remained essential to preparing such Mexican foods as tamales tortillas and mole poblano well into the twentieth century Part of the ongoing effort by intellectuals and political leaders to Europeanize Mexico was an attempt to replace corn with wheat But native foods and flavors persisted and became an essential part of indigenista ideology and what it meant to be authentically Mexican after 1940 when a growing urban middle class appropriated the popular native foods of the lower class and proclaimed them as national cuisine

Microhistories of Technology Mikael Hård, 2023-02-20 In this open access book Mikael Hård tells a story of how people

around the world challenged the production techniques and products brought by globalization Retaining their autonomy and freedom creative individuals selectively adopted or rejected modern gadgets tools and machines In standard historical narratives globalization is portrayed as an unstoppable force that flattens all obstacles in its path Modern technology is also seen as inexorable in the nineteenth century steamships telegraph lines and Gatling guns are said to have paved the way for colonialism and other forms of dominating people and societies Later shipping containers and computer networks purportedly pulled the planet deeper into a maelstrom of capitalism H rd discusses instances that push back against these narratives For example in Soviet times inhabitants of Samarkand Uzbekistan preferred to remain in and expand their own mud brick houses rather than move into prefabricated concrete residential buildings Similarly nineteenth century Sumatran carpenters ignored the saws brought to them by missionaries and chose to chop down trees with their arch bladed adzes And people in colonial India successfully competed with capitalist run Caribbean sugar plantations continuing to produce their own muscovado and sell it to local consumers This book invites readers to view the history of technology and material culture through the lens of diversity Based on research funded by the European Research Council and conducted in the Global South Microhistories of Technology Making the World shows that the spread of modern technologies did not erase artisanal production methods and traditional tools La tradicional cocina mexicana y sus mejores recetas Adela Fernández,1985

Library of Congress Catalog Library of Congress, 1970 A cumulative list of works represented by Library of Congress printed cards **Menu Del Dia** Rohan Daft, 2008-09-16 The men del dia is Spain's equivalent of the prix fixe menu of the bistros of France On it are good no nonsense dishes that are as long on flavor and tradition as they are short on pretension and fuss Influenced by a unique blend of culinary and cultural influences wine from the Romans rice cinnamon saffron and cumin from the Moors slow cooked stews from the Jews tomatoes peppers chocolate and chilies from the New World these are the tastes that have made Spanish cooking as vibrant as it is today To start there might be Gazpachuelo the mayonnaise enriched shrimp and monkfish soup straight from Mediterranean Málaga followed by a main course of Fabada the gloriously sticky stew of pork and white beans from mountainous Asturias and Bienmesabe Tastes good to me the almond cinnamon honey and lemon cream so beloved by the people of Canary Islands A men in northerly Navarra which borders France might begin with Menestra Riojana a delicate dish of spring vegetables with extra virgin olive oil and continue with Pichón Estofado a robust dish of pigeon stewed with red wine Arroz con Leche creamy rice pudding with a burnt sugar crust makes a sweet ending Library of Congress Catalogs Library of Congress, **The Taste of Nostalgia** Amy Cox Hall, 2024-11-26 An exploration of gender race and food in Peru in the 1950s and 1960s and today From the late 1940s to the mid 1960s Peru's rapid industrialization and anti communist authoritarianism coincided with the rise of mass produced cookbooks the first televised cooking shows glossy lifestyle magazines and imported domestic appliances and foodstuffs Amy Cox Hall's The Taste of Nostalgia uses taste as a thematic and analytic thread to examine the ways that women race and the kitchen were foundational to Peruvian longings for modernity both during the Cold War and today Drawing on interviews personal stories media images and archival and ethnographic research Cox Hall considers how elite European descended women and the urban home were central to Peru's modernizing project and finds that all women who labored within the deeply racialized and gendered world of food helped set the stage for a Peruvian food nationalism that is now global in the twenty first century Cox Hall skillfully connects how the sometimes unsavory tastes of the past are served again in today's profitable and pervasive gastronostalgia that helps sell Peru and its cuisine both at home and abroad **The Taste of Colombia** Antonio Montaña, 1997 It is hard to find a corner of the world where celebrations are not linked to food in one way or another Sharing a meal cooking special dishes and eating symbolic foods are rituals almost inadvertent ones that are present in all cultures and that make up the gamut of what is known as culinary specialties or ethnic food This 224 page book is a complete tour through Colombian cuisine illustrated with 199 exceptional color photographs by Hans Döring that enable us to appreciate the succulent appearance of each dish and of its various ingredients Due to Colombia's geographical and cultural variety this country has a vast culinary repertoire that is deep rooted in its history the native Indian and the Spaniard traditions finely seasoned at times by a pinch of African and by the various influences of immigration This book is a treasure chest of more

than 133 recipes from the diverse regions of Colombia described with just the right amount of detail to obtain a perfect meal
