Rechts Und Links Roman

**Therese Fuhrer, Felix Mundt, Jan
Stenger**

Rechts Und Links Roman:

Facing Modernity Jon Hughes, 2006 This is the first monograph on the work of Joseph Roth 1894 1939 to be published in English by a British based academic and should prove useful both to those with a specialized interest in Roth whose novels and journalism continue to gain admirers around the world and to those interested more broadly in an extraordinarily rich period in twentieth century European culture It serves both as an introduction to the early part of a body of work whose variety and volume were for many years overshadowed by the reputation of the historical novel *Radetzky* 1932 and as a re assessment of Roth s writing both of fiction and of journalism within the modern tradition A perceived fragmentation of social political cultural and other traditions was a particular concern for Roth as for many contemporaries and the thematic chapters present a detailed contextual survey of Roth s intense and often ambivalent engagement with aspects of modern life including travel gender technology the city and cinema Besides assessing the continuities and discontinuities in Roth s attitudes these chapters examine how his responses to the contemporary world impact upon both the form and content of his writing The author argues that Roth s writing of the 1920s should be considered modernist not just in its often prescient sensitivity to cultural and political developments but in its employment of a formal aesthetics and narrative self

consciousness which eventually made possible the illusory wholeness of the later fiction **Classic Book Jackets** Thomas Stansfield Hansen, 2005 Salter s life and work bridged two continents and cultures and spanned the political turmoil of the mid twentieth century He survived both world wars the rise of National Socialism in Germany and permanent exile in a new land but nothing halted his tireless and brilliant design work *Classic Book Jackets* tells Salter s story and describes the innovative thinking he brought to his clients and students including his designation of seven jacket types that are still valid today It includes more than two hundred reproductions of his finest works as well as a complete catalog of his jackets designs and lettering jobs for the book trade **BOOK JACKET Catalog of Copyright Entries. New Series** Library of Congress. Copyright Office, 1931

Cityscaping Therese Fuhrer, Felix Mundt, Jan Stenger, 2015-05-19 The term cityscaping is here introduced to characterise the creative process through which the image of the city is created and represented in various media text film and artefacts It thus turns attention away from built urban spaces and onto mental images of cities One focus is on the question of which literary visual and acoustic means prompt their recipients spatial imagination another is to inquire into the semantics and functions that are ascribed to the image of a city as constructed in various media The examples of ancient texts and works of art and modern literature and films are used to elucidate the artistic potential of images of the city and the techniques by which they are semanticised With its interdisciplinary approach the volume for the first time makes clear how strongly mental images of urban space both ancient and modern have been shaped by the techniques of their representation in media **Monatsschrift Für Das Deutsche Geistesleben** , 1901 **Cybele, Attis**

and Related Cults Eugene N. Lane, 2015-08-27 This volume brings together articles on the cult of the mother goddess

Cybele and her consort Attis from the emergence of the religion in Anatolia through its expansion into Greece and Italy to the latest times of the Roman Empire and its farthest extent west the Iberian Peninsula. It combines the work of established scholars with that of young researchers in the field and represents a truly international perspective. The reader will find treatment inter alia of Cybele's emasculated priests the Galli the dissemination of Cybele cult through the harbour city Miletus the cult of Cybele in Ephesus the rock cut sanctuary of Cybele at Akrai in Sicily the competition between the Cybele cult and Christianity and the role of Attis in Neo Platonic philosophy **Cosmopolis**, 1897 *Joseph Roth - Zur Modernität des melancholischen Blicks* Wiebke Amthor, Hans Richard Brittnacher, 2012-07-30 Das literarische Werk Joseph Roths 1884 1939 fokussiert wie kein anderes die desastrischen politischen Umbrüche der ersten Hälfte des 20. Jahrhunderts. Die im vorliegenden Sammelband präsentierte Beiträge fragen nach der Modernität eines Autors, den die Literaturwissenschaft bisher vor allem als Traditionalisten wahrnahm. Sie sprechen den Bruch in seiner Identität, seiner Mentalität und seiner Schreibweise nach **Der deutsche Roman des 19. Jahrhunderts** Hellmuth Mielke, 1890. Originally presented as the author's thesis, doctoral University of Tübingen Brill's Companion to Cicero James M. May, 2002-09-01. This volume is intended as a companion to the study of Cicero's oratory and rhetoric for both students and experts in the field. For the neophyte, it provides a starting point; for the veteran Ciceronian scholar, a place for renewing the dialogue about issues concerning Ciceronian oratory and rhetoric for all. A site of engagement at various levels with Ciceronian scholarship and bibliography. The book is arranged along roughly chronological lines and covers most aspects of Cicero's oratory and rhetoric. The particular strength of this companion resides in the individual, often very original, approach to sundry topics by an array of impressive contributors, all of whom have spent large portions of their careers concentrating upon the oratorical and rhetorical oeuvre of Cicero. A bibliography of relevant items from the past 25 years, keyed to specific Ciceronian works, completes the volume. Brill's Companion to Cicero will become the standard reference work on Cicero for many years. Right and Left in Early Christian and Medieval Art Robert Couzin, 2021-03-01. Robert Couzin's *Right and Left in Early Christian and Medieval Art* is the first in-depth study of handedness, position and direction in the visual culture of Europe and Byzantium from the fourth to the fourteenth century. Heretofore largely unnoticed or ignored, the pre-eminence of the right and lapses or intentional departures from that norm in medieval imagery are relevant to such major themes as iconography, visuality, reception, narrative form, gender, production and patronage. The author's investigation of right and left in visual culture is informed by modern experimental research on laterality and contextualized within prevailing theological doctrines and socio-cultural practices. Illustrations in the text are complemented by hundreds more made available on Brill's Arkyves platform. *See inside the book* The Grace of Misery.
