Trouble at Work Ralph Fevre,Duncan Lewis,Amanda Robinson,Trevor Jones,2012-06-30 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com Trouble in the workplace whether it is bullying harassment or stress is always in the headlines Yet in many discussions the research and statistics that are cited prove unreliable This book summarizes the largest specialist research programme on ill treatment in the workplace so far undertaken It provides a powerful antidote to half truths and misinformation and offers a new way of conceptualizing trouble at work moving the discussion away from individualized explanations and talk of bullies and victims towards the workplace characteristics that cause trouble at work The biggest problems arise where organisations fail to create a workplace culture in which individuals really matter Paradoxically these are often the organizations which are well versed in modern management practices *Protecting Children from Violence* James Michael Lampinen,Kathy Sexton-Radek,2010-09-13 Providing an evidence based understanding of the causes and consequences of violence against children experts in the field examine the best practices used to help protect children from violence Various types of violence are reviewed including physical and sexual abuse cyber bullying human trafficking online predators abductions and war In addition it reviews the various perpetrators of such violence including parents and relatives strangers other children and societal institutions The possible outcomes of such violence including physical injuries death depression anxiety post traumatic stress disorders and damage to the social fabric of the local community are also explored To enhance accessibility each contributor addresses common themes Opening case studies dramatically illustrate the human cost of abuse and neglect Empirically driven estimates of the scope of problem to better understand who is at risk and why Empirically driven testing of interventions to maximize effectiveness of programs How current research compares to public perception and the impact on public policy The worldwide problem of violence against children Evidence based recommendations for reducing violence against children The book opens with a review of the history of the problem the methodological approaches used to study it and current best practice prevention strategies The methods used to identify peer victims are then explored Next child eyewitness memory is examined including the most effective techniques for maximizing the retrieval of information This is followed by the research on missing and abducted children including the effectiveness of recovery programs such as supermarket campaigns and forensic age profiles Next how the Internet is used in the victimization of children is explored including tips to help protect children online Public attitudes toward sex offender registration laws are then reviewed followed by vulnerabilities that include genetic neuropsychological temperamental cognitive perceptual and social factors

International perspectives on protecting children from violence and global health inequities are then addressed The book concludes with recommendations for future research Contributors are noted scholars from a broad range of disciplines As such the book appeals to researchers and advanced students in developmental counseling clinical cognitive evolutionary and social psychology as well as sociology social work criminal justice education and law enforcement *Bullies in the Workplace* Michele A. Paludi, 2015-07-28 A team of interdisciplinary experts provides an up to date review of current theories empirical research and management strategies that will help organizations address workplace bullying through both prevention and intervention Workplace bullying is a serious issue that can lead to anxiety depression substance abuse absenteeism sleep disturbances and post traumatic stress syndrome This book has a simple goal to help employers see bullying and stop it It does that by providing organizations with best practices management strategies for bullying prevention and protocols for investigating bullying complaints Part I of the book overviews workplace bullying discussing incidence psychological dimensions and explanatory models It looks at reasons bullies do what they do at the difference between a tough boss and a bully and at the cost of bullying for organizations Equally important are the book s insights into the impact of bullying on employees Everyday problems of employees targeted by bullies at work are illustrated including the resulting psychological distress that can lead to suicide Part II of the work focuses on prevention and coping and on legislation that protects employees including Title VII of the 1964 Civil Rights Act Finally to help both employers and employees the book offers sample anti bully policies and bully awareness training programs and also lists organizations concerned with workplace bullying **International Handbook of Education for Spirituality, Care and Wellbeing** Marian de Souza, LESLIE J. FRANCIS, James O'Higgins-Norman, Daniel G. Scott, 2009-10-13 Acknowledging and understanding spiritual formation is vital in contemporary education This book explores the dynamic relationship between education and wellbeing It examines the theory underpinning the practice of education in different societies where spirituality and care are believed to be at the heart of all educational experiences The book recognizes that regardless of the context or type of educational experience education is a caring activity in which the development of the whole person body mind and spirit is a central aim for teachers and educators in both formal and informal learning The chapters in this handbook present and discuss topics that focus on spirituality as an integral part of human experience and consequently essential to educational programs which aim to address personal and communal identity foster resilience empathy and compassion and promote meaning and connectedness *Emotions in Groups, Organizations and Cultures* Charmine E. J. Härtel, Wilfred J. Zerbe, Neal M. Ashkanasy, 2009-07-09 The study of emotions in organizations is unlocking exciting insights into why employees behave as they do in groups organizations and in different cultural contexts This title showcases a collection of the work advancing knowledge and practice in these areas Pastoral Care 11-16 Noel Purdy, 2013-03-14 How can teachers deal with the growing pastoral needs of pupils aged 11 16 in schools This critical guide explores the pastoral role which teachers play in

schools and argues that today's schools continue to offer children an invaluable source of support. This guide explores a number of serious pastoral issues drawing on contemporary research to outline the impact which these issues can have on children aged 11-16 and offering practical strategies for providing support on a whole school and individual classroom level. Consideration is also given to how schools can use the curriculum proactively to help pupils be more prepared to deal with serious pastoral issues. Topics dealt with include supporting children who are experiencing separation or divorce, helping to prevent and deal with bullying including cyber bullying, identifying and responding to possible child abuse, understanding the impact of domestic violence, supporting children through bereavement, responding to self-harm and suicide. This is the essential guide for those training to teach in the secondary sector and for practicing teachers who have recently taken on pastoral responsibilities.
