Sail Tall Ships! 21st Edition Lori Anne Aguiar, 2015-06-10 **The World's Great Sailing Ships** Ollivier Puget, 1998 **The Go Point** Michael Useem, 2009-03-24

What do you do when it's time to get off the fence? One of the world's most noted leadership experts, Michael Useem, uses dramatic story telling to show how to master the art and science of being decisive. He places you smack in the middle of people who faced their go point when actions or lack of them determined the fates of individuals, companies, and countries. Why on earth did Robert E. Lee send General George Pickett on an almost suicidal charge against the Union lines at Gettysburg? How does the leader of a firefighting crew make life or death decisions when one direction means safety, the other danger? You've just assumed responsibility for a scandal wracked corporation, a company teetering on the brink of disaster. What you decide over the course of the next several days will have consequences for thousands of employees and investors. How do you fulfill your responsibilities? You'll discover why some decisions were flawless, perfectly on target, and others utterly disastrous. Most of all, you'll learn how to make the right calls yourself, whether you're changing your career, launching a product, or deciding on a potential acquisition or merger.

Directories in Print, 2004 **Military High Schools in America** William B. Trousdale, 2016-09-17

Once considered a bastion of learning, leadership, and disciplined lifestyle, today's private military academies are often regarded as expensive holding facilities for unwanted incorrigible boys who have nowhere else to go. Their depiction in popular media has reinforced the impression that they are boot camps disguised as educational institutions. The reality is far more complex and far more encouraging. Using a decade of participant observation research, including serving as an instructor at some of these schools, anthropologist William Trousdale explores the contemporary experience of military school life. From the admissions office to daily life in barracks, classrooms, playing fields, and social events, he describes how these schools endeavor to realize their mission of creating educated, mature young men from largely at-risk youth and the challenges both met and unmet in doing so. This volume will be of interest to those studying secondary and alternative education, at-risk youth, and the role of the military in society.

La maniobra en els velers de creu Ricard Jaime Pérez, 2002

Aquest llibre destinat inicialment als estudiants de nàutica vol ser un manual de la maniobra dels grans velers fonamentalment d'aquells que aparellen velam de creu. Després d'analitzar breument els diversos tipus de velers que naveguen actualment s'estudia especialment l'arboradura i la seva eixrcia i concretament l'eixrcia corresponent al velam. A continuació s'aborda la maniobra amb el velam i finalment es descriuen les maniobres que poden fer
