Sailing To Freedom:

Sailing to Freedom Timothy D. Walker, 2021-04-30 In 1858 Mary Millburn successfully made her escape from Norfolk Virginia to Philadelphia aboard an express steamship Millburn's maritime route to freedom was far from uncommon By the mid nineteenth century an increasing number of enslaved people had fled northward along the Atlantic seaboard While scholarship on the Underground Railroad has focused almost exclusively on overland escape routes from the antebellum South this groundbreaking volume expands our understanding of how freedom was achieved by sea and what the journey looked like for many African Americans With innovative scholarship and thorough research *Sailing to Freedom* highlights little known stories and describes the less understood maritime side of the Underground Railroad including the impact of African Americans paid and unpaid waterfront labor These ten essays reconsider and contextualize how escapes were managed along the East Coast moving from the Carolinas Virginia and Maryland to safe harbor in northern cities such as Philadelphia New York New Bedford and Boston In addition to the volume editor contributors include David S Cecelski Elysa Engelman Kathryn Grover Megan Jeffreys Cheryl Janifer LaRoche Mirelle Luecke Cassandra Newby Alexander Michael D Thompson and Len Travers

Illustrated by Andrew Dodds. (Abridged Edition.) [With Maps.]**. Voldemar VEEDAM (and WALL (Carl Bernard)), Carl Bernard WALL, 1961 **Sailing and Social Class** Alan O'Connor, 2024-04-23 This book explores the sociology of sailing and yachting Drawing on original research and

employing a theoretical framework based on the work of Pierre Bourdieu the book argues that sailing is still an upper middle class activity that has much to tell us about the wider sociology of leisure and sport The book examines the historical foundations of blue water sailing as established by naval and colonial shipping to trace the roots of contemporary sailing and yachting culture It also examines archives of sailing narratives and cruising guides as well as the children s books of Arthur Ransome arguing that this archival material offers a social rather than a psychological interpretation of the bodily investment in sailing The book uses Bourdieu s concepts of *illusio* an investment of time emotion and body into a worthwhile activity and *habitus* or lifeworld alongside contemporary data sets to examine the yacht club as a social institution including why many boats never go out on the water the relationship between yacht clubs and the state and social issues as manifested in yacht clubs such as sexism racism and homophobia Offering a vigorous sociological critique of yachting and sailing this book is fascinating reading for anybody with an interest in the sociology of leisure and sport subcultures social theory or social issues in wider society
