Cline, 1994 A reissue of Eric H Cline s highly regarded study of trade in the Late Bronze Age Aegean first published in 1994 and out of print since 2000 The monograph is composed of three principal parts 1 an analytical section discussing the trade and contacts which occurred between the Aegean Italy Egypt and the Near East during the latter half of the second millennium BC and the social economic and cultural implications of such contacts 2 first a catalogue of literary and pictorial references to the LBA Aegean found in outside areas primarily Egypt and the Near East with transliterations and translations of the appropriate texts and second a compilation of the references to and loanwords from other areas of the Mediterranean found in the Linear B texts in the Aegean and 3 a catalogue by object type of all the Orientalia and Occidentalia found in LBA contexts within the Aegean area The monograph utilizes the catalogues in combination with previously published works by a

variety of scholars to provide a detailed analysis of the trade and contacts between the LBA Aegean Italy Egypt and the Near East The work is divided into six sections each consisting of a series of interlinked essays Section One provides an introduction to the topic a brief overview of the previous scholarship in this area and a discussion of the chronological problems involved Section Two consists of an initial chapter discussing LBA trade and contact between the Aegean Italy Egypt and the Near East by centuries followed by chapters discussing trade between the LBA Aegean and individual Mediterranean countries Section Three contains discussions of the trade mechanisms involved the trade routes merchant nationalities goods motivations and partnerships plus a brief look at the Ulu Burun Kas and Cape Gelidonya shipwrecks Section Four presents an overview of the conclusions reached by this study and reiterates that the current work presents much raw data and some preliminary observations but is only the tip of the iceberg in terms of tapping the wealth of information which may be extracted from the accompanying catalogues **Sailing the Wine-dark Sea** Eric H. *Lost Worlds of Ancient and Modern Greece* D. J. Ian Begg, 2021-04-30 By day young Gilbert Bagnani studied archaeology in Greece but by night he socialised with the

elite of Athenian society Secretly writing for the Morning Post in London he witnessed both antebellum Athens in 1921 and the catastrophic collapse of Christian civilisation in western Anatolia in 1922 While there have been many accounts by refugees of the disastrous flight from Smyrna few have been written from the perspective of the west side of the Aegean The flood of a million refugees to Greece brought in its wake a military coup in Athens the exile of the Greek royal family and the execution or imprisonment of politicians whom Gilbert knew Gilbert's weekly letters to his mother in Rome reveal his Odyssey like adventures on a voyage of discovery through the origins of western civilisation As an archaeologist in Greece he travelled through time seeing history repeat itself Minoan Knossos Byzantine Constantinople and Ottoman Smyrna were all violently destroyed but the survivors escaped to the new worlds of Mycenaean Greece Renaissance Venice and modern Greece At Smyrna in the twentieth century history was written not only by the victors but was also recorded by the victims At the same time however the twentieth century itself was so filled with reports of ethnic cleansings on such a scale that the reports brutalized the humanity of the supposedly civilized people reading about them and the tragedy of Smyrna disappeared from public awareness between the cataclysmic upheavals of the First and Second World Wars [Desire of the Everlasting Hills](#) Thomas Cahill, 2010-04-28 NATIONAL BESTSELLER From the bestselling author of How the Irish Saved Civilization comes a compelling historical narrative about Jesus an obscure rabbi from a backwater of the Roman Empire who became the central figure in Western Civilization Divertingly instructive gratifying Cahill makes Jesus a still living literary presence The New York Times In his subtle and engaging investigation into the life and times of Jesus Thomas Cahill shows us Jesus from his birth to his execution through the eyes of those who knew him and in the context of his time a time when the Jews were struggling to maintain their beliefs under overlords who imposed their worldview on their subjects Here is Jesus the loving friend itinerate preacher and quiet revolutionary whose words and actions inspired his followers to journey throughout the Roman world and speak the truth he instilled in the face of the greatest defeat Jesus crucifixion as a common criminal Daring provocative and stunningly original Cahill's interpretation will both delight and surprise **Foreigners in Ancient Egypt** Flora Brooke Anthony, 2016-12-01 In ancient Egypt one of the primary roles of the king was to maintain order and destroy chaos Since the beginning of Egyptian history images of foreigners were used as symbols of chaos and thus shown as captives being bound and trampled under the king's feet The early 18th dynasty 1550-1372 BCE was the height of international trade diplomacy and Egyptian imperial expansion During this time new images of foreigners bearing tribute became popular in the tombs of the necropolis at Thebes the burial place of the Egyptian elite This volume analyses the new presentation of foreigners in these tombs Far from being chaotic they are shown in an orderly fashion carrying tribute that underscores the wealth and prestige of the tomb owner This orderliness reflects the ability of the Egyptian state to impose order on foreign lands but also crucially symbolises the tomb owner's ability to overcome the chaos of death and achieve a successful afterlife Illustrated with colour plates and black and white images this new volume is an important and original

study of the significance of these images for the tomb owner and the functioning of the funerary cult

**The Gifts of the Jews** Thomas Cahill, 2010-04-28 NATIONAL BESTSELLER The author of the runaway bestseller *How the Irish Saved Civilization* takes us on another captivating persuasive as well as entertaining journey into history The New York Times recreating a time when the actions of a small band of people had repercussions that are still felt today *The Gifts of the Jews* reveals the critical change that made western civilization possible Within the matrix of ancient religions and philosophies life was seen as part of an endless cycle of birth and death time was like a wheel spinning ceaselessly Yet somehow the ancient Jews began to see time differently For them time had a beginning and an end it was a narrative whose triumphant conclusion would come in the future From this insight came a new conception of men and women as individuals with unique destinies a conception that would inform the Declaration of Independence and our hopeful belief in progress and the sense that tomorrow can be better than today As Thomas Cahill narrates this momentous shift he also explains the real significance of such Biblical figures as Abraham and Sarah Moses and the Pharaoh Joshua Isaiah and Jeremiah Full of compelling stories insights and humor *The Gifts of the Jews* is an irresistible exploration of history as fascinating and fun as *How the Irish Saved Civilization*

*Do Good Fences Make Good Neighbors?* Brent L. Sterling, 2009-10-30 A number of nations conspicuously Israel and the United States have been increasingly attracted to the use of strategic barriers to promote national defense In *Do Good Fences Make Good Neighbors* defense analyst Brent Sterling examines the historical use of strategic defenses such as walls or fortifications to evaluate their effectiveness and consider their implications for modern security Sterling studies six famous defenses spanning 2 500 years representing both democratic and authoritarian regimes the Long Walls of Athens Hadrian's Wall in Roman Britain the Ming Great Wall of China Louis XIV's Pr Carr France's Maginot Line and Israel's Bar Lev Line Although many of these barriers were effective in the short term they also affected the states that created them in terms of cost strategic outlook military readiness and relations with neighbors Sterling assesses how modern barriers against ground and air threats could influence threat perceptions alter the military balance and influence the builder's subsequent policy choices Advocates and critics of strategic defenses often bolster their arguments by selectively distorting history Sterling emphasizes the need for an impartial examination of what past experience can teach us His study yields nuanced lessons about strategic barriers and international security and yields findings that are relevant for security scholars and compelling to general readers

**How the World Made the West** Josephine Quinn, 2024-09-03 An award winning Oxford history professor makes a forceful argument and tells a story with great verve The Wall Street Journal that the West is and always has been truly global Those archaic Western Civ classes so many of us took in college should be updated argues Quinn who invites us to revel in a richer more polyglot inheritance The Boston Globe AN ECONOMIST BEST BOOK OF THE YEAR LONGLISTED FOR THE CUNDILL HISTORY PRIZE In *How the World Made the West* Josephine Quinn poses perhaps the most significant challenge ever to the civilizational thinking regarding the origins of Western culture that is the idea that

civilizations arose separately and distinctly from one another Rather she locates the roots of the modern West in everything from the law codes of Babylon Assyrian irrigation and the Phoenician art of sail to Indian literature Arabic scholarship and the metalworking riders of the Steppe to name just a few examples According to Quinn reducing the backstory of the modern West to a narrative that focuses on Greece and Rome impoverishes our view of the past This understanding of history would have made no sense to the ancient Greeks and Romans themselves who understood and discussed their own connections to and borrowings from others They consistently presented their own culture as the result of contact and exchange Quinn builds on the writings they left behind with rich analyses of other ancient literary sources like the epic of Gilgamesh holy texts and newly discovered records revealing details of everyday life A work of breathtaking scholarship *How the World Made the West* also draws on the material culture of the times in art and artifacts as well as findings from the latest scientific advances in carbon dating and human genetics to thoroughly debunk the myth of the modern West as a self made miracle In lively prose and with bracing clarity as well as through vivid maps and color illustrations *How the World Made the West* challenges the stories the West continues to tell about itself It redefines our understanding of the Western self and civilization in the cosmopolitan world of today
