## **Saint Bernard Of Clairvaux Studies Commemorating The Eighth Centenary Of His Canonization:**

*Saint Bernard of Clairvaux* M. Basil Pennington, 1977      **Letters of Ascent** Michael C Voigts, 2014-08-28 Bernard of Clairvaux is best known by many today for his mystical approach to spirituality and his eloquent sermons on the Song of Songs In his letters however a different Bernard emerges one who had fled the world for the cloister yet possessed a soaring vision for the Church on earth By examining select letters and placing them in the larger context of the people and the world around him we discover a man who loved the Church but who realized that the Church is compromised of individuals who did not share his ideals and agendas In *Letters of Ascent* we travel to medieval Europe and view society through the eyes of one of history's most passionate ecclesiastical reformers      *The Cistercian Order in Medieval Europe* Emilia Jamrozak, 2015-06-22 The Cistercian Order in Medieval Europe offers an accessible and engaging history of the Order from its beginnings in the twelfth century through to the early sixteenth century Unlike most other existing volumes on this subject it gives a nuanced analysis of the late medieval Cistercian experience as well as the early years of the Order Jamrozak argues that the story of the Cistercian Order in the Middle Ages was not one of a Golden Age followed by decline nor was the true Cistercian spirit exclusively embedded in the early texts to remain unchanged for centuries Instead she shows how the Order functioned and changed over time as an international organisation held together by a novel management system from Estonia in the east to Portugal in the west and from Norway to Italy The ability to adapt and respond to these very different social and economic conditions is what made the Cistercians so successful This book draws upon a wide range of primary sources as well as scholarly literature in several languages to explore the following key areas the degree of centralisation versus local specificity how much the contact between monastic communities and lay people changed over time how the concept of reform was central to the Medieval history of the Cistercian Order This book will appeal to anyone interested in Medieval history and the Medieval Church more generally as well as those with a particular interest in monasticism      *A Companion to Bernard of Clairvaux* , 2011-03-21 Bernard of Clairvaux is perhaps the most controversial figure of Western Europe's vibrant twelfth century Unlike Abelard who is seen as a proponent of modern thinking Bernard is often relegated to the darkest corner of the Middle Ages Nothing is easy with Bernard but these fresh evaluations of him and their reviews of recent scholarship enable the reader to make a more balanced evaluation of the man his writings and his impact on his period Bernard emerges as a multifaceted figure who sought to reform monasticism and ended up becoming a saint with an appeal to virtually all classes in medieval society Bernard lives on today with the lay and monastic scholars who continue to find new layers of meaning in his writings Contributors include Christopher Holdsworth Michael Casey James France Diane Reilly John Sommerfeldt Mette B Bruun Burcht Pranger Chrysogonus Waddell E Rozanne Elder and Brian Patrick McGuire      *Bernard of Clairvaux On the Life of the Mind* John R. Sommerfeldt, 2004      *The Lost Love Letters of Heloise and Abelard* Constant J. Mews, 2016-09-23 This new edition offers fascinating insights into one of the

most celebrated love affairs of the Middle Ages A new chapter charts the debate about the letters and offers fresh evidence to attribute them to Abelard and Heloise The complete Latin text is reproduced with an annotated translation by Chiavaroli and Mews      *Bernard Of Clairvaux* Adrian H. Bredero, 2004-07-01 Bredero has produced a book that summarizes his lifelong preoccupation with the greatest saint of the twelfth century The problem that intrigues Bredero is the tension between Bernard the powerful churchman resented by many contemporaries and by many interpreters still today and Bernard the monk master communicator of the most intimate spiritual experiences beloved by numerous contemporaries by John Calvin and by many readers still today A magisterial overview John Van Engen in *Church History* Adriaan H Bredero first began reading Bernard of Clairvaux in 1944 as a young university student forced into hiding by the Nazi occupation of the Netherlands Over the past sixty years Bredero s academic interest in Bernard has branched out to cover topics as diverse as the historical value of the vita prima Bernard s part in the conflict between C teaux and Cluny and the image of St Bernard as it has been developed by hagiographers and scholars through the ages Bernard of Clairvaux Between Cult and History summarizes Bredero s lifelong study of Bernard the Cistercian monk who was arguably the most influential ecclesiastical figure of the twelfth century and who remains one of the church s most venerated saints      **The Cambridge Companion to the Cistercian Order** Mette Birkedal Bruun, 2013 Presents the Order s figureheads practical life and spiritual horizon and its contribution to medieval Europe s religious cultural and political climate      Aelred the Peacemaker Jean Truax, 2017 In addition to being a prolific spiritual writer and the abbot of the premier Cistercian monastery in northern England Aelred of Rievaulx somehow found the time and the stamina to travel extensively throughout the Anglo Norman realm acting as a mediator a problem solver and an adviser to kings His career spanned the troubled years of the civil war between King Stephen and the Empress Matilda and reached its zenith during the early years of the reign of Henry II In this work Jean Truax focuses on the public career of Aelred of Rievaulx placing him in his historical context deepening the reader s understanding of his work and casting additional light on his underappreciated role as politician mediator and negotiator outside his abbey s walls      **Holy Power, Holy Presence** Elizabeth Dreyer, 2007 Western theology is frequently criticized for not having a fully developed pneumatology According to these critics preoccupation with Christology and an excessive focus on the nature and unity of God have come at the expense of a full theology of the three persons While admitting that there is some truth to these criticisms Elizabeth Dreyer maintains that those who level them base their conclusions on a narrow range of texts and thus fail to establish a true neglect of the Holy Spirit Medieval authors offer a wealth of creative language and insight that speaks to the role of the Holy Spirit in contemporary spirituality and contributes to a renewed pneumatology for the twenty first century Book jacket      *Women and Monastic Reform in the Medieval West, C. 1000-1500* Julie Hotchin, Jirki Thibaut, 2023 New approaches to understanding religious women s involvement in monastic reform demonstrating how women s experiences were more ambiguous and multi layered than previously assumed Over the last two

decades scholarship has presented a more nuanced view of women's attitude to and agency in medieval monastic reform challenging the idea that they were by and large unwilling to accept or were necessarily hostile towards reform initiatives. Rather it has shown that they actively participated in debates about the ideas and structures that shaped their religious lives whether rejecting embracing or adapting to calls for reform contingent on their circumstances. Nevertheless fundamental questions regarding the gendered nature of religious reform are ripe for further examination. This book brings together innovative research from a range of disciplines to re-evaluate and enlarge our knowledge of women's involvement in spiritual and institutional change in female monastic communities over the period c 1000 c 1500. Contributors revise conventional narratives about women and monastic reform and earlier assumptions of reform as negative or irrelevant for women. Drawing on a diverse array of visual material and textual sources it presents snapshots of reform from western Europe stretching from Ireland to Iberia. Case studies focussing on a number of different topics from tenth century female saints' lives to fifteenth century liturgical books from the tenth century Leominster prayerbook to archaeological remains in Ireland from embroideries and tapestries to the rebellious nuns of Sainte Croix in Poitiers offer a critical reappraisal of how monastic women and their male associates reflected individually and collectively on their spiritual ideals and institutional forms.

Pater Bernhardus Franz Posset, 2018-08-09 Collected Works Vol 1 The Two Fold Knowledge Readings on the Knowledge of Self and the Knowledge of God Vol 2 Pater Bernhardus Martin Luther and Bernard of Clairvaux Vol 3 Luther's Catholic Christology According to His Johannine Lectures of 1527      **Mystics** William Harmless, 2008 In *Mystics* William Harmless SJ introduces readers to the scholarly study of mysticism. He explores both mystics' extraordinary lives and their no less extraordinary writings using a unique case study method centered on detailed examinations of six major Christian mystics: Thomas Merton, Bernard of Clairvaux, Hildegard of Bingen, Bonaventure, Meister Eckhart and Evagrius Ponticus. Rather than presenting mysticism as a subtle web of psychological or theological abstractions, Harmless's case study approach brings things down to earth, restoring mystics to their historical context.      A History of Christian Thought Volume II Dr. Justo L. Steckel Jacques Verger and Olga Weijers See inside the book *The Great Beginning of Citeaux* E. Rozanne Elder, 2012-05-01 In the closing decades of the twelfth century the Cistercian Order had become an important ecclesiastical and economic power in Europe Yet it had lost its influential spokesman Bernard of Clairvaux and as the century drew to a close religious sensibilities were changing The new mendicant orders the Franciscans and the Dominicans and the impulses they embodied were to shift the center of gravity in Christian religious life for centuries to come It was in this transitional period that Conrad of Eberbach gradually between the 1180s and 1215 compiled the *Exordium magnum cisterciense* The Great Beginning of Citeaux It is a book of history and lore often with miraculous stories meant to continue a great spiritual tradition and it is also a book meant to justify and repair the Order The *Exordium magnum* was in part an effort to provide a historical and formative context for those who were to be Cistercians in the thirteenth century Conrad's combination of a historical sensibility and the edifying exempla makes the *Exordium magnum* a remarkably innovative book Its unique combination of genres narratio and exempla is conceivable only within the intellectual world of the twelfth or early thirteenth centuries before exempla collections came to be compiled solely for edification or use in sermons The Great Beginning of Citeaux is a revealing book and an excellent place to begin more detailed study of the Cistercian Order between 1174 and the middle of the thirteenth century
