Saint Martha The Dragon:

Fabulous Creatures, Mythical Monsters, and Animal Power Symbols Cassandra Eason, 2007-12-30 Eason provides an extensive overview of the mythology legends and folklore surrounding fabulous and strange fantasy creatures from different lands and ages from Chinese dragons and the Native North American thunderbird to the demon hounds of Celtic and Norse legend She describes how in various ages and cultures people have identified with the idealized qualities of wise creatures as a source of power and better understanding of their own personalities and used the behavior of birds and other sacred creatures to gain oracular information in Ancient Egypt and the Classical and Celtic worlds This book offers both traditional and little known folklore and legend about familiar real life creatures such as the horse the cat and the raven and delves into the weird and wonderful world of saints who claimed to change into deer and modern cryptozoological monsters such as Bigfoot Mothman and lake and sea monsters as well as the rationale behind animal or headed deities of the Aztecs Egyptians and Celts in whose name people went to war Dragons, Serpents, and Slayers in the Classical and Early Christian Worlds Daniel Ogden, 2013-05-30 *Dragons Serpents and Slayers in the Classical and Early Christian Worlds* offers a comprehensive and easily accessible collection of dragon myths from Greek Roman and early Christian sources Drinking with the Saints (Deluxe) Michael P. Lane, 2007-02-26 In the tradition of Kathleen Norris Terry Tempest Williams and Thomas Merton *The Solace of Fierce Landscapes* explores the impulse that has drawn seekers into the wilderness for centuries and offers eloquent testimony to the healing power of mountain silence and desert indifference Interweaving a memoir of his mother s long struggle with Alzheimer s and cancer meditations on his own wilderness experience and illuminating commentary on the Christian via negativa a mystical tradition that seeks God in the silence beyond language Lane rejects the easy affirmations of pop spirituality for the harsher but more profound truths that wilderness can teach us There is an unaccountable solace that fierce landscapes offer to the soul They heal as well as mirror the brokenness we find within It is this apparent paradox that lies at the heart of this remarkable book that inhuman landscapes should be the source of spiritual comfort Lane shows that the very indifference of the wilderness can release us from the demands of the endlessly anxious ego teach us to ignore the inessential in our own lives and enable us to transcend the false self that is ever obsessed with managing impressions Drawing upon the wisdom of St John of the Cross Meister Eckhardt Simone Weil Edward Abbey and many other Christian and non Christian writers Lane also demonstrates how those of us cut off from the wilderness might make some desert in our lives Written with vivid intelligence narrative ease and a gracefulness that is itself a comfort

The Solace of Fierce Landscapes gives us not only a description but a performance of an ancient and increasingly relevant spiritual tradition
