**The Vincentians: A General History of the Congregation of the Mission** John E. Rybolt, THE SUBTITLE OF THIS SIXTH AND FINAL VOLUME of The Vincentians Internationalization and Aggiornamento 1919 1980 describes the growth and change of the Congregation of the Mission in the twentieth century Formerly European in focus the provinces of the Congregation gained their own voice Membership in mission lands such as China Brazil and Ethiopia surged as local vocations joined their European confreres The same is true of maturing provinces elsewhere St Vincent de Paul's congregation became internationalized in both outreach and membership The Vincentians in these recent decades also tasted the bitterness of persecution The Congregation was suppressed at various times in Europe Latin America Asia and Africa Its members often reacted by moving elsewhere thus furthering the internationalization of the Vincentian charism Under the Nazis and Communist regimes many suffered imprisonment torture and death The provinces of Central Europe Slovakia

Hungary and Poland to say nothing of China were particularly hard hit Updating aggiornamento was the watchword toward the close of this period As society changed so did the Church and with it the Vincentians The process was difficult and painful but it moved the Congregation in directions originally laid down by the Founder Increasingly the members emphasized mutual cooperation with many Vincentian inspired lay organizations the Vincentian Family The inspiration shared among them all has been a further manifestation of the compelling insights of St Vincent de Paul Margaret of Scotland, Queen and Saint Thomas Ratcliffe Barnett,1926 The Progress of World-wide Missions Robert Hall Glover,1924 *Christianity in Western and Northern Europe* Todd M. Johnson,Annemarie C Mayer,Kenneth R. Ross,2024-04-30 Although the origins of Christianity lie in the Near East Europe and Christianity have an exceptional relationship since most Europeans perceive Christianity as a Western more precisely as a European religion The region has seen rapid social change in the 21st century set off by factors including energy crisis and environmental awareness poverty and exclusion falling birthrates and increased migration changing attitudes to sexuality gender and family life and challenges to Europe s idea of itself and place in the global order Amidst all this flux this volume focuses on one particular issue the rapidly changing profile of the Christian faith that has shaped the life of the European continent for a millennium and more At a time when patterns of Christian life and worship appear to be dying out yet traces of new life are also appearing this volume maps out the current reality of Christianity in Western and Northern Europe with all its questions and uncertainties **The Homiletic Review** ,1916 *Metropolitan Pulpit and Homiletic Monthly* ,1916
