Rice (Jr.),1988      Herculean Labours: Erasmus and the Editing of St. Jerome's Letters in the Renaissance Hilmar Pabel,2008-07-31 The first monograph in English on Erasmus of Rotterdam as an editor of St Jerome this book belongs to the growing scholarship on the reception of the Church Fathers in early modern Europe Erasmus like other Renaissance humanists particularly admired Jerome d 419 or 420 and he expressed his admiration most conspicuously in his edition of Jerome s letters Proclaiming his editorial Herculean labours Erasmus energetically promoted himself and his publication Erasmus self promotion cannot be reduced to a secular appropriation of Jerome however A detailed examination of a variety of editorial interventions demonstrates Erasmus religious purpose his debt to previous editorial traditions as well as his editorial novelty and his influence on subsequent sixteenth century editions of Jerome

**Alison and Peter Smithson** Alison Smithson,Peter Smithson,Beatriz Colomina,Design Museum (London, England),2004 Striving to adapt the progressive ideas of the pre war modern movement to the specific human needs of post war reconstruction Alison and Peter Smithson were among the most influential and controversial architects of the latter half of the twentieth century As younger members of CIAM Congr s Internationaux d Architecture Moderne and as founding members of Team 10 they were at the heart of the debate on the future course of Modern Architecture Their polemics and designs addressing issues such as the rising consumer society and the orientation of urban planning laid the foundations for New Brutalism and the Pop Art Movement of the 1960s An important adaptation made by the Smithsons and their generation was the rejection of modernism s machine aesthetics The new notions of place and territory were juxtaposed to Le Corbusier s machine habiter To the Smithsons a house was a particular place which should be suited to its location and able to meet the ordinary requirements of everyday life and to accommodate its inhabitants individual patterns of use This exhibition examines the evolution of the Smithsons approach to this everyday art of inhabitation It does this by extensively documenting most of their designs for individual dwellings especially their optimistic House of the Future of 1956 and the series of renovations of and additions to the fairy tale like Hexenhaus in Germany from the late 1980s onward

The Penitent St. Jerome in Italian Renaissance Painting Gloria Steinberg,1970      *The Image of St. Jerome in the Early Italian Renaissance* Candace Cuniberti,1968      The Jews and the Reformation Kenneth Austin,2020-07-14 The first comprehensive account of Protestant and Catholic attitudes toward Jews and Judaism in the European Reformation In this rich wide ranging and meticulously researched account Kenneth Austin examines the attitudes of various Christian groups in the Protestant and Catholic Reformations towards Jews the Hebrew language and Jewish learning Martin Luther s writings are notorious but Reformation attitudes were much more varied and nuanced than these might lead us to believe This book has much to tell us about the Reformation and its priorities and has important implications for how we think about religious pluralism more broadly      **Loyola's Acts** Marjorie O'Rourke Boyle,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1997      *Piero Di Cosimo* Sharon Fermor,Piero Di Cosimo,1993 This is the first book on Piero di Cosimo 1461 1521 widely considered one of the most intriguing figures of the Florentine Renaissance to be written in English for over fifty years Sharon Fermor presents new solutions to questions the function and iconography that have puzzled commentators hitherto and examines Piero s approach to pictorial composition and to gesture that contribute to the distinctiveness of his oeuvre Of crucial importance in this fresh evaluation of Piero s career is the author s explanation of the strategies employed by Vasari for his Life of Piero written in the mid sixteenth century By exposing the misconceptions many still influential today that resulted from Vasari s account she reveals that even Piero s most unusual paintings on mythological themes are in fact coherent and meaningful compositions and not the product of an isolated eccentric at odds with the artistic community of his time      John Calvin William J. Bouwsma,1989-03-17 Historians have credited or blamed Calvinism for many developments in the modern world including capitalism modern science secularization democracy individualism and unitarianism These same historians however have largely ignored John Calvin the man When people consider him at all they tend to view him as little more than the joyless tyrant of Geneva who created an abstract theology as forbidding as himself This volume written by the eminent historian William J Bouwsma who has devoted his career to exploring the larger patterns of early modern European history seeks to redress these common misconceptions of Calvin by placing him back in the proper historical context of his time Eloquently depicting Calvin s life as a French exile a humanist in the tradition of Erasmus and a man unusually sensitive to the complexities and contradictions of later Renaissance culture Bouwsma reveals a surprisingly human plausible ecumenical and often sympathetic Calvin John Calvin offers a brilliant reassessment not only of Calvin but also of the Reformation and its relationship to the movements of the Renaissance      **A Companion to Late Antique Literature** Scott McGill,Edward J. *Latin Christian Writers in Late Antiquity and their Texts* Mark Vessey, 2024-10-28 By close engagement with both traditional and contemporary approaches to ancient Christian literature *Latin Christian Writers in Late Antiquity and their Texts* seeks to delineate a historiographical problem at the same time rendering patristics as part of the subject matter of a new literary history After preliminary essays marking out the field the volume is organized in three sections by authors forms of discourse and disciplines Released from the theological discipline of patristics the writings of the church fathers have in recent decades become the common property of students of early Christianity late antiquity and the classical tradition In principle they are now no more nor less than sources documents and literary texts like others from their period and milieu Yet when replaced in the longer history of Western textual and literary practices the collective literary oeuvre of Latin clerics monks and ascetic freelances of the Later Roman Empire may still seem to occupy a place of decisive if not canonical importance How does one now account for the abiding formativeness of Latin Christian writing of the fourth and fifth centuries CE What demands does such writing lay on a modern history of literature These are the questions asked here in view of a new literary history of patristic texts
