Saints And Role Models In Judaism And Christianity:

Saints and Role Models in Judaism and Christianity Marcel Poorthuis, Joshua J. Schwartz, 2004-01-01 This volume deals with the role of saints and exemplary individuals in Judaism and Christianity Although sharing the Hebrew Bible and recognizing the same Biblical figures there both religions have developed widely divergent perspectives upon the significance of these figures although there are occasional common motifs and themes Moreover even the contrasting themes betray an underlying interaction between both religions as is clear from the contributions on for example Melchizedek Elijah the Desert Fathers Rabbis on clothing the Apostle Peter in Jewish tradition the Maccabees in Christian tradition and the Biblical examples in Saint Antony the Hermit The book examines Jewish and Christian perspectives upon saints and role models from the Biblical period to the present time It will be of special importance to scholars and general readers interested in an interdisciplinary approach to theology rabbinics history art history and much more *Ordinary Saints* Stuart C.

Devenish, 2017-03-08 How does God manifest himself in the world Through the righteous lives of his holy people the saints As a religion of witnesses Christianity is dependent upon its saints defined as activated disciples to testify to the grace of Christ and the kingdom of God Their lives are walking billboards of the value of Jesus teaching and authenticity of Christianity as an ancient spiritual pathway This is a book about saints who are alive now and whose everyday acts of kindness and goodness announce that God is at work in the world Like Jesus their Master they are the message the messenger and the working model of the kingdom of God in a lesser key In following Jesus ordinary saints are willing to give away their lives in order to convey the substance of their faith to a watching world If ever there was a time when saints need to live courageously for Christ in the world it is now But it will take conviction credibility and a great deal of audacity *Ordinary Saints* explores what it means to be a saint in the twenty first century by exploring the depth dimensions of saints lives bodies emotions values and relationships *Crossing Boundaries in Early Judaism and Christianity* Kimberley Stratton, Andrea Lieber, 2016-10-11 This

volume celebrates the scholarship of Alan Segal During his prolific career Alan published ground breaking studies that shifted scholarly conversations about Christianity rabbinic Judaism Hellenism and Gnosticism Like the subjects of his research Alan crossed many boundaries He understood that religions do not operate in academically defined silos but in complex societies populated by complicated human beings Alan s work engaged with a variety of social scientific theories that illuminated ancient sources and enabled him to reveal new angles on familiar material This interdisciplinary approach enabled Alan to propose often controversial theories about Jewish and Christian origins A new generation of scholars has been nurtured on this approach and the fields of early Judaism and Christianity emerge radically redefined as a result

Interaction Between Judaism and Christianity in History, Religion, Art, and Literature Marcel Poorthuis, Joshua Jay Schwartz, Joseph Turner, 2009 This volume contains essays dealing with complex relationships between Judaism and Christianity taking a bold step assuming that no historical period can be excluded from the interactive process between

Judaism and Christianity conscious or unconscious as either rejection or appropriation **A Guide to Early Jewish Texts and Traditions in Christian Transmission** Gabriele Boccaccini, Lorenzo DiTommaso, David Hamidovic, Michael E. Stone, 2019-10-14 The Jewish culture of the Hellenistic and early Roman periods established a basis for all monotheistic religions but its main sources have been preserved to a great degree through Christian transmission This Guide is devoted to problems of preservation reception and transformation of Jewish texts and traditions of the Second Temple period in the many Christian milieus from the ancient world to the late medieval era It approaches this corpus not as an artificial collection of reconstructed texts a body of hypothetical originals but rather from the perspective of the preserved materials examined in their religious social and political contexts It also considers the other non Christian channels of the survival of early Jewish materials including Rabbinic Gnostic Manichaeism and Islamic This unique project brings together scholars from many different fields in order to map the trajectories of early Jewish texts and traditions among diverse later cultures It also provides a comprehensive and comparative introduction to this new field of study while bridging the gap between scholars of early Judaism and of medieval Christianity *Jewish Martyrdom in Antiquity* Yair Furstenberg, Jan Willem van Henten, Friedrich Avemarie, 2023-03-06 This volume offers a comprehensive discussion of all relevant sources concerning Jewish martyrdom in Antiquity By viewing these narratives together tracing their development and comparing them to other traditions the authors seek to explore how Jewish is Jewish martyrdom To this end they analyse the impact of the changing social and religious cultural circumstances and the interactions with Graeco Roman and Christian traditions This results in the identification of important continuities and discontinuities Consequently while political ideals that are prominent in 2 and 4 Maccabees are remarkably absent from rabbinic sources the latter reveal a growing awareness of Christian motifs and discourse **Power, Ethics, and Ecology in Jewish Late Antiquity** Julia Watts Belser, 2015-08-06 This book analyzes rabbinic responses to drought and disaster revealing how the Talmud grapples with problems of power ethics and ecology in Jewish late antiquity **Early Christian Monastic Literature and the Babylonian Talmud** Michal Bar-Asher Siegal, 2013-12-23 This book examines literary analogies in Christian and Jewish sources culminating in an in depth analysis of connections between Christian monastic texts and Babylonian Talmudic traditions **A Holy People** Marcel Poorthuis, Joshua J. Schwartz, 2006-05-01 A Holy People investigates the various ways in which Jews and Christians define their religious identity people or community as being holy Keeping in mind that historical studies can offer food for thought regarding contemporary issues the study offers a large collection of essays relating to the biblical patristic and medieval period and especially to the modern period The obvious question of many in the modern world as to whether the attribute of the holiness allows for acknowledgement of authentic religion outside the own religious community deserves an honest answer and well documented study too easily the claim of holiness intertwines with claims of power whether by rivalling groups within the religious community by groups divided along gender lines or on the level of territorial claims It will be of

special importance to scholars and general readers interested in an interdisciplinary approach to theology rabbinics history political science and much more

The Specter of the Jews Ari Finkelstein, 2018-11-06 In the generation after Constantine the Great elevated Christianity to a dominant position in the Roman Empire his nephew the Emperor Julian sought to reinstate the old gods to their former place of prominence in the face of intense opposition from the newly powerful Christian church In early 363 c e while living in Syrian Antioch Julian redoubled his efforts to hellenize the Roman Empire by turning to an unlikely source the Jews With a war against Persia on the horizon Julian thought it crucial that all Romans propitiate the true gods and gain their favor through proper practice To convince his people he drew on Jews whom he characterized as Judeans using their scriptures institutions practices and heroes sometimes as sources for his program and often as models to emulate In *The Specter of the Jews* Ari Finkelstein examines Julian s writings and views on Jews as Judeans a venerable group whose religious practices and values would help delegitimize Christianity and surprisingly shape a new imperial Hellenic pagan identity

The Watchers in Jewish and Christian Traditions Angela Kim Harkins, Kelley Coblentz Bautch, John C. Endres, 2014 At the origin of the Watchers tradition is the single enigmatic reference in Genesis 6 to the sons of God who had intercourse with human women producing a race of giants upon the earth That verse sparked a wealth of cosmological and theological speculation in early Judaism Here leading scholars explore the contours of the Watchers traditions through history tracing their development through the Enoch literature Jubilees and other early Jewish and Christian writings This volume provides a lucid survey of current knowledge and interpretation of one of the most intriguing theological motifs of the Second Temple period

After Eden Hanneke Reuling, 2005-10-01 This volume charts the interpretation of Genesis 3 16 21 in a number of patristic and classical rabbinic sources It is a case study in the reception of a biblical fragment in two intrinsically related yet distinct interpretative communities early Christianity and rabbinic Judaism Following the lead of the biblical text this study sheds new light on each traditions view of the human condition more specifically on the way Church Fathers and Rabbis approach the themes of procreation labour mortality and corporeality The book carefully studies the reading of the biblical text as proposed by a number of representative and influential authors or documents including Ambrose of Milan Didymus the Blind John Chrysostom and Augustine as well as Genesis Rabbah and Avot de Rabbi Nathan The introductions at the beginning of each chapter enable also the non specialist to enter the distinct literary worlds of midrash and patristic Bible interpretation

Transforming Masculinities in African Christianity Adriaan van Klinken, 2016-02-17 Studies of gender in African Christianity have usually focused on women This book draws attention to men and constructions of masculinity particularly important in light of the HIV epidemic which has given rise to a critical investigation of dominant forms of masculinity These are often associated with the spread of HIV gender based violence and oppression of women Against this background Christian theologians and local churches in Africa seek to change men and transform masculinities Exploring the complexity and ambiguity of religious gender discourses in contemporary African

contexts this book critically examines the ways in which some progressive African theologians and a Catholic parish and a Pentecostal church in Zambia work on a transformation of masculinities

Mapping the New Testament Serge Ruzer, 2007 This volume consists of eight chapters dealing with a selected topic in New Testament biblical interpretation its inherited elements and its relevance for better understanding of wider Jewish exegetical trends

Stories of the Law Moshe Simon-Shoshan, 2012-04-01 Winner of Honorable Mention in the Jordan Schnitzer Book Awards of the Association for Jewish Studies Moshe Simon Shoshan offers a groundbreaking study of Jewish law halakhah and rabbinic story telling Focusing on the Mishnah the foundational text of halakhah he argues that narrative was essential in early rabbinic formulations and concepts of law legal process and political and religious authority The book begins by presenting a theoretical framework for considering the role of narrative in the Mishnah Drawing on a wide range of disciplines including narrative theory Semitic linguistics and comparative legal studies Simon Shoshan shows that law and narrative are inextricably intertwined in the Mishnah Narrative is central to the way in which the Mishnah transmits law and ideas about jurisprudence Furthermore the Mishnah s stories are the locus around which the Mishnah both constructs and critiques its concept of the rabbis as the ultimate arbiters of Jewish law and practice In the second half of the book Simon Shoshan applies these ideas to close readings of individual Mishnaic stories Among these stories are some of the most famous narratives in rabbinic literature including those of Honi the Circle drawer and R Gamliel s Yom Kippur confrontation with R Joshua In each instance Simon Shoshan elucidates the legal political theological and human elements of the story and places them in the wider context of the book s arguments about law narrative and rabbinic authority Stories of the Law presents an original and forceful argument for applying literary theory to legal texts challenging the traditional distinctions between law and literature that underlie much contemporary scholarship

Gerard Lukken Daniela M ller Willemien Otten Marcel Poorthuis Paul Post Ilia Rodov Els Rose Joshua Schwartz Louis van Tongeren and Nienke Vos *The Exegetical Encounter Between Jews and Christians in Late Antiquity* Emmanouela Grypeou, Helen Spurling, 2009 The Exegetical Encounter between Jews and Christians in Late Antiquity is a collection of essays examining the relationship between Jewish and Christian biblical commentators The contributions focus on analysis of interpretations of the book of Genesis a text which has considerable importance in both Christian and Jewish tradition The essays cover a wide range of Jewish and Christian literature including primarily rabbinic and patristic sources but also apocrypha pseudepigrapha Philo Josephus and Gnostic texts In bringing together the studies of a variety of eminent scholars on the topic of Exegetical Encounter the book presents the latest research on the topic and illuminates a variety of original approaches to analysis of exegetical contacts between the two sets of religious groups The volume is significant for the light it sheds on the history of relations between Jews and Christians in Late Antiquity **The Early Enoch Literature** Gabriele Boccaccini, Collins, 2007-12-01 In recent years there has been a lively debate about the early Enoch literature and its place in Judaism This volume is intended to represent that debate by juxtaposing pairs of articles on several key issues the textual evidence the relationship to the Torah the calendar the relation to wisdom the relation to the temple the sociological setting and the relation to the Dead Sea Scrolls It is not the intention of the editors to impose a consensus but rather to stimulate discussion by bringing together divergent viewpoints The book should be a useful textbook not only on the Enoch literature and apocalypticism but more generally on Second Temple Judaism Establishing Boundaries F. j. e.
