Hodge,2022-11-11 Preterism is the belief that the majority if not all of the eschatological passages in the New Testament have already been fulfilled in the first century Although there are some needed correctives that preterism provides when interpreting eschatological statements in the Synoptic Gospels the interpretive methodologies employed are largely plagued with exegetical and logical fallacies On top of these the genre of apocalyptic is often completely lost on the modern interpreter and as a result leads to numerous non sequiturs made when it comes to the nature and time of biblical eschatology This book seeks to correct these hermeneutical missteps by providing exegetical principles that may help guide the reader to a more biblically sound conclusion concerning the timing and nature of biblical eschatology
