Animals ,1888 *Facing the Wild* Chilla Bulbeck,2012-06-25 What do wild animals mean to humans Will they survive both rampant habitat loss and extinction caused by human encroachment and as ecotourists our enthusiasm for them With ecotourism now the fastest growing segment of tourism and encounters with wild animals be it swimming with dolphins going on safari or bird watching ever more popular these are critical questions Yet until now little has been known about why people crave encounters with wild animals and the meaning for the ecotourism industry conservation efforts and society at large Facing the Wild is the first serious empirical examination of why people seek out animals in their natural environment what the desire for this experience tells us about the meanings of animals nature authenticity and wilderness in contemporary industrialized societies and whether visitors change their environmental perspectives and behaviour as the custodians of wildlife parks would like them to The book explores the contradictions and ambivalence that so many people experience in the presence of wild nature in loving it we may diminish it and in the act of wanting to see it we may destroy it Ultimately the book makes a case for respectful stewardship of a hybrid nature and provides insight for both practitioners and ecotourists alike

[The Animal's Defender and Zoophilist](#), 1904 [Animals in Heaven?](#)

Terry Martin, 2024-09-26 Christians of all traditions have often puzzled with the question: Do dogs go to heaven? Drawing on Catholic teaching and on his long pastoral experience as a parish priest, Terry Martin expands that concept to consider wider issues around all animals, domesticated and free living, and why they are here. Within a context of Christian faith, he seeks to understand the place of animals in God's complex creation and the relationship that human beings have for good or ill with those animals. More than that, he looks at the big questions which so many ask about who, under God, animals are and what meaning, if any, animal lives have from a Catholic Christian perspective.
