## **Saints Studies In Hagiographychb:**

Saints Sandro Sticca,1996 This volume consists of fifteen papers selected from those given at the twenty third conference sponsored by the Center for Medieval and Early Renaissance Studies at Binghamton University The Cult of the Saints The arrangement of the essays in the volume lend themselves to categorizing in four different groups saints in hagiographic texts historical and literary studies saints in liturgy and drama St Francis of Assisi iconography and hagiography and a section on the public private and popular cult of the saints      **Lives and Miracles of the Saints** Michael E. Goodich,2024-10-28 Hagiography is a rich source for our knowledge of many aspects of medieval culture and tradition The lives and miracles of the saints may be read on several levels both as an expression of the dominant ideology and as a reflection of long term themes in medieval society The essays in this volume attempt to exploit the Latin hagiographical sources of the medieval West as means of illuminating our understanding of a variety of such themes childhood and adolescence elite and popular religion sainthood and politics the mechanism of canonisation women in the church dreams visions and the concept of the miraculous and the convergence of heresy disbelief and piety      Lives and Miracles of the Saints Michael Goodich,2004 Hagiography is a rich source for our knowledge of many aspects of medieval culture and tradition The lives and miracles of the saints may be read on several levels both as an expression of the dominant ideology and as a reflection of long term themes in medieval society The essays in this volume attempt to exploit the Latin hagiographical sources of the medieval West as means of illuminating our understanding of a variety of such themes childhood and adolescence elite and popular religion sainthood and politics the mechanism of canonisation women in the church dreams visions and the concept of the miraculous and the convergence of heresy disbelief and piety      **Hagiography and Religious Truth** Rico G. Monge,Kerry P. C. San Chirico,Rachel J. Smith,2016-09-16 The hagiographic materials from the world's religions can tell us much about the beliefs and practices of the people yet the limited degree to which hagiography has been used as an instrument for understanding diverse religious traditions is surprising Hagiography and Religious Truth provides a clearer understanding of the ways hagiography functions to disclose truth for practitioners and suggests various ways that these underexploited sources enrich our comprehension of broader issues in religious studies This volume provides a much needed cross cultural and interreligious comparison of saints lives iconography and devotional practices The contributors show that hagiographic sources can in fact be truths of manifestation which function as vehicles for prefiguring configuring and refiguring religious social and cultural life The editors argue that some meanings simply cannot be communicated effectively through historical critical methodologies By exploring how hagiography functions throughout several of the world's religious traditions this volume illustrates how various modes of hagiography articulate religious ideas and uniquely represent conceptions of sanctity      *Understanding hagiography. Studies in the textual transmission of early medieval saints' lives* Paolo Chiesa,Monique Goullet,Paulo Farmhouse Alberto,2020      Wace, The Hagiographical Works Jean Blacker,Glyn S.

Burgess, Amy Ogden, 2013-06-06 Best known for his two chronicles the Roman de Brut and the Roman de Rou Wace one of the great pioneers of twelfth century French writing is also the author of three hagiographical works the Conception Nostre Dame and the Lives of St Margaret and St Nicholas The Conception is the first vernacular work to focus on the life of the Virgin Mary Emphasising Margaret's concern for women in labour the Margaret seemingly contributed to the saint's broad popularity The Nicholas with its many miracles involving children equally played a key role in popularising its protagonist's cult The present volume brings these works together for the first time and provides the original texts the first translations into English notes and substantial introductions

### **The Cambridge History of Medieval Monasticism in the Latin West**

Alison I. Beach, Isabelle Cochelin, 2020-01-09 Monasticism in all of its variations was a feature of almost every landscape in the medieval West So ubiquitous were religious women and men throughout the Middle Ages that all medievalists encounter monasticism in their intellectual worlds While there is enormous interest in medieval monasticism among Anglophone scholars language is often a barrier to accessing some of the most important and groundbreaking research emerging from Europe The Cambridge History of Medieval Monasticism in the Latin West offers a comprehensive treatment of medieval monasticism from Late Antiquity to the end of the Middle Ages The essays specially commissioned for this volume and written by an international team of scholars with contributors from Australia Belgium Canada England France Germany Italy the Netherlands Spain Switzerland and the United States cover a range of topics and themes and represent the most up to date discoveries on this topic

### Medieval Saints in Late Nineteenth Century French Culture Elizabeth Emery, Laurie

Postlewaite, 2004-08-02 Legends tales and mysteries featuring saints captivated the French at the end of the nineteenth century As Jean Lorrain pointed out in an 1891 article for the popular weekly Le Courrier Francais the seemingly simple language of the saints lives their noble battles between good and evil and the atmosphere of religious mysticism appealed to many especially those involved in the visual and performing arts Ironically The Third Republic 1870 1940 a regime that claimed to reinforce and institute the secular ideas of the French Revolution was witness to this great popular interest in the saints and religious imagery The eight essays in this work explore the popularity of the saints from the 1850s to the 1920s The essays evaluate the role they played in literature art music science history and politics examine portrayals of the saints lives in both low and high culture from children's literature shadow plays and the popular press to literature opera and theological studies and reveal the prevalence of the saints in fin de siecle France

### **Hiberno-Latin Saints'**

**'Lives' in the Seventh Century** John Higgins, 2024-03-18 As part of the historicizing corpus of seventh century Irish writing the Lives framed the narrative of the early saints as an effective weapon in contemporary political and ecclesiastical conflicts Cogitosus's Life of Brigit Muirch's and Trech'n's accounts of Saint Patrick and Adomnán's Life of Columba created the understanding of the history of early Ireland that has endured to this day How did the writers accomplish this through their

literary choices The authors of Irish saints Lives used the literary form of hagiography Christian biography miracle stories and an elaborate rhetorical style to present the words and actions of their subjects These Lives created a narrative of early Irish history that supported the political ecclesiastical elites by showing that their power derived from the actions of their patron saints *Syriac Hagiography*, 2020-12-29 Chapters gathered in *Syriac Hagiography Texts and Beyond* explore a wide range of Syriac hagiographical works while following two complementary methodological approaches i e literary and cultic or formal and functional Grouped into three main sections these contributions reflect three interrelated ways in which we can read Syriac hagiography and further grasp its characteristics *Texts as Literature* seeks to unfold the mechanisms of their literary composition *Saints Textualized* offers a different perspective on the role played by hagiographical texts in the invention and or maintenance of the cult of a particular saint or group of saints *Beyond the Texts* presents cases in which the historical reality behind the nexus of hagiographical texts and veneration of saints can be observed in greater details

Boardman, Steve Boardman, Eila Williamson, 2010 A new investigation of the saints cults which flourished in medieval Scotland fruitfully combining archaeological historical and literary perspectives Of all the Celtic countries Scotland has lacked the kind of scholarly attention that has been lavished fruitfully on Wales Ireland Cornwall and Brittany And yet of all of them Scotland offers the widest range of interfaces with broader work on the cult of saints The papers presented here cover this territory very effectively the book brings together excellent studies that successfully explore the wide ramifications

of the topic Anyone with an interest in saints cults will want this book DAUVIT BROUN Professor of Scottish History University of Glasgow This volume examines the phenomena of the cult of saints and Marian devotion as they were manifested in Scotland ranging from the early medieval period to the sixteenth century It combines general surveys of the development of the study of saints in the early and later middle ages with more focused articles on particular subjects including St Waltheof of Melrose the obscure early medieval origins of the cult of St Munnu the short lived martyr cult of David duke of Rothesay and the Scottish saints included in the greatest liturgical compendium produced in late medieval Scotland the Aberdeen breviary The way in which Marian devotion permeated late medieval Scottish society is discussed in terms of the church dedications of the twelfth and thirteenth century aristocracy the ecclesiastical landscape of Perth the depiction of Mary in Gaelic poetry and the pervasive influence of the familial bond between holy mother and son in representations of the Scottish royal family Dr Steve Boardman is Reader in History University of Edinburgh Eila Williamson gained her PhD from the University of Glasgow Contributors Helen Birkett Steve Boardman Rachel Butter Thomas Owen Clancy David Ditchburn Audrey Beth Fitch Mark A Hall Matthew H Hammond Sim Innes Alan Macquarrie Sexuality and its Queer Discontents in Middle English Literature T. Pugh, 2008-02-04 This book exposes the ways in which ostensibly normative sexualities depend upon queerness to shore up their claims of privilege Through readings of such classic texts as The Canterbury Tales and Eger and Grime Tison Pugh explains how sexual normativity can often be claimed only after queerness has been rejected Portrayed on the Heart Cynthia Hahn, 2001-11-20 Hagiography or writing about and illustrating the lives of saints was one of the most creative areas for artistic inspiration in the literature and arts of the Middle Ages This book explores the sumptuously illustrated saints lives that were made in medieval Europe Cynthia Hahn discusses a broad range of manuscripts and other artifacts many of which are reproduced here and provides an analysis of their pictorial and narrative structure Hahn's book is a virtual compendium of images many rarely published as well as a learned study that deepens our understanding of the role of various types of saints the nature of their audience and the historical moment when individual works were produced After two informative introductory chapters setting the historical and narrative context of pictorial hagiography Hahn considers the Lives of Martyrs and Virgins Bishops Monks and Abbots and Kings and Queens and concludes with an examination of the extraordinary chronicles and illustrations of the lives of saints by the English monk Matthew Paris She considers such questions as Why were illustrated saints lives produced in such great numbers during this period Why were they illustrated at all given the trouble and expense of such illustration And to whom did the saints lives appeal and how did their readers use them As she addresses these and other intriguing questions Hahn traces changes that occurred over time both in the images and the stories and shows how their creators mostly the intellectual elite were finely attuned to audience reception This important aspect of hagiographic production has received scant attention in the past and as she considers this issue in light of contemporary narrative theory Hahn brings us to a fresh

appreciation of these intricately illustrated manuscripts and their multiple audiences Routledge Revivals: Medieval Italy (2004). Christopher Kleinhenz, 2017

**Stages of Dismemberment** Margaret E. Owens, 2005 This study has essentially two focuses two stories to tell One story traces the secularization theatricalization and uncanny returns of suppressed religious culture in early modern drama The other story concerns the tendency of the theater to expose contingencies and gaps in politico judicial practices of spectacular violence The investigation covers a broad range of plays dating from the fifteenth century to the closing of the theatres in 1642 however three chapters are devoted to extensive analysis of single plays R B s Apian and Virginia Shakespeare s 2 Henry VI and Marlowe s Doctor Faustus Jacket

*Perceptions of Femininity in Early Irish Society* Helen Oxenham, 2016 An examination of how the feminine was viewed in early medieval Ireland through a careful study of a range of texts

Living with the Dead in the Middle Ages Patrick J. Geary, 2018-07-05 Whereas modern societies tend to banish the dead from the world of the living medieval men and women accorded them a vital role in the community The saints counted most prominently as potential intercessors before God but the ordinary dead as well were called upon to aid the living and even to participate in the negotiation of political disputes In this book the distinguished medievalist Patrick J Geary shows how exploring the complex relations between the living and dead can broaden our understanding of the political economic and cultural history of medieval Europe Geary has brought together for this volume twelve of his most influential essays They address such topics as the development of saints cults and of the concept of sacred space the integration of saints cults into the lives of ordinary people patterns of relic circulation and the role of the dead in negotiating the claims and counterclaims of various interest groups Also included are two case studies of communities that enlisted new patron saints to solve their problems Throughout Geary demonstrates that by reading actions artifacts and rituals on an equal footing with texts we can better grasp the otherness of past societies

The Making of Saint Louis Marianne Cecilia Gaposchkin, 2008 Canonized in 1297 as Saint Louis King Louis IX of France r 1226 1270 was one of the most important kings of medieval history and also one of the foremost saints of the later Middle Ages As a saint Louis became the centerpiece of an ideological program that buttressed the ongoing political consolidation of France and underscored Capetian claims of sacred kingship M Cecilia Gaposchkin reconstructs and analyzes the process that led to the monarch s canonization and the consolidation and spread of his cult Differing political and religious ideals produced competing images of the sanctity of Louis in late thirteenth and early fourteenth century France Drawing on hagiography sermons and liturgical evidence the latter a rich but little explored historical source Gaposchkin shows how various groups including Dominicans Cistercians and Franciscans and individuals such as Philip the Fair and Joinville used commemoration of the saint king to sanctify their own politics and notions of identity and religious virtue Louis cult was disseminated to a wider nonelite public through sermons in the fourteenth and fifteenth centuries and then revived by the Bourbon kings in the seventeenth century In deepening our knowledge of this royal saint this elegantly written book opens the curtain on the religious sensibilities and

secular politics of a transitional period in European history
