Resources,1983 *Gender, Class and Education (Routledge Revivals)* Stephen Walker,Len Barton,2013-11-05 First published in 1983 Gender Class and Education is a collection of papers that formed presentations at the Westhill Sociology of Education Conference in January 1982 and is the fifth such collection to emerge from the annual conference The conference theme Race Class and Gender was not only chosen because of its topicality but also to provide a framework for debate between educational researchers and teachers The papers focus on the reproduction of gender relations through education and provide important insights into how this process works how it is resisted in schools and colleges and the possibilities for radical intervention This volume includes three teaching bibliographies on gender and education which were not presented at the conference but were compiled specially for the book **Adverse Impact Analysis** Scott B. Morris,Eric M. Dunleavy,2016-12-01 Compliance with federal equal employment opportunity regulations including civil rights laws and affirmative action requirements requires collection and analysis of data on disparities in employment outcomes often referred to as adverse impact While most human resources HR practitioners are familiar with basic adverse impact analysis the courts and regulatory agencies are increasingly relying on more sophisticated methods to assess disparities Employment data are often complicated and can include a broad array of employment actions e g selection pay promotion termination as well as data that span multiple protected groups settings and points in time In the era of big data the HR analyst often has access to larger and more complex data sets relevant to employment disparities Consequently an informed HR practitioner needs a richer understanding of the issues and methods for conducting disparity analyses This book brings together the diverse literature on disparity analysis spanning work from statistics industrial organizational psychology human resource management labor economics and law to provide a comprehensive and integrated summary of current best practices in the field Throughout the description of methods is grounded in the legal context and current trends in employment litigation and the practices of federal regulatory agencies The book provides guidance on all phases of disparity analysis including How to structure diverse and complex employment data for disparity analysis How to conduct both basic and advanced statistical analyses on employment outcomes related to employee selection promotion compensation termination and other employment outcomes How to interpret results in terms of both practical and statistical significance Common practical challenges and pitfalls in disparity analysis and strategies to deal with these issues **Statistical Methods in Discrimination Litigation** D.H. Kaye,Mickel Aickin,2014-07-22 This book sketches some of the legal doctrines that underlie discrimination litigation It describes and probes frequently seen statistical methods The book also describes the more or less standard methods being brought into United States Supreme Court **Reasoning about Discrimination** Richard Allen Lester,2014-07-14 In this book Richard Lester develops an analytical basis for judging sex race and age discrimination in professional and executive employment Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions

preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
