both in the past and the present These jargon free entries are cross referenced and provide suggestions for further reading Readers who want to know what is behind the heat in current debates will find entries on United States Supreme Court decisions on religion and education current controversies regarding religion in the public schools religious legal and educational associations involved in these controversies religion and the curriculum religious schools individuals and movements that have affected the role of religion in education and religion and education developments in the eighteenth and nineteenth centuries This one of a kind set also includes a convenient table summarizing all of the religious liberty **Limited English Proficiency Students in Wisconsin:** decisions of the Supreme Court from 1815 to the present Native American students (Menominee and Oneida) Constance K. Knop,1982 The Praeger Handbook of **Faith-Based Schools in the United States, K-12** Thomas C. Hunt, James C. Carper, 2012-08-06 Exploring a subject that is as important as it is divisive this two volume work offers the first current definitive work on the intricacies and issues relative to America's faith based schools The Praeger Handbook of Faith Based Schools in the United States K 12 is an indispensable study at a time when American education is increasingly considered through the lenses of race ethnicity gender and social class With contributions from an impressive array of experts the two volume work provides a historical overview of faith based schooling in the United States as well as a comprehensive treatment of each current faith based school tradition in the nation The first volume examines three types of faith based schools Protestant schools Jewish schools and Evangelical Protestant homeschooling The second volume focuses on Catholic Muslim and Orthodox schools and addresses critical issues common to faith based schools among them state and federal regulation and school choice as well as ethnic cultural confessional and practical factors Perhaps most importantly for those concerned with the questions and controversies that abound in U S education the handbook grapples with outcomes of faith based schooling and with the choices parents face as they consider educational options for their children **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1968 **Encyclopedia of Educational Reform and Dissent** Thomas C. Hunt, 2010-01-20 The history of American education is replete with educational reform and to a lesser extent educational dissent Consider the present you have various forms of privatization school choice the No Child Left Behind act home schooling value added accountability alternative teacher preparation programs on line instruction etc This range of activity is not exceptional For instance consider the past progressive education open education the junior high school the middle school Life Adjustment education career education vocational education the comprehensive high school school to work year round schooling behavioral objectives proficiency exams high stakes testing whole language learning packages and self paced instruction modular scheduling site based management all presented as the way to reform American schools at least in part Then you have the reformers themselves such as John Dewey George Counts Herbert Kohl John Holt Charles Silberman Admiral Hyman Rickover James Bryant Conant all the way back to Horace Mann himself Dissenters and dissenting movements while not as

numerous and certainly not as well known in educational circles count the various faith based schools and individuals such as Archbishop Hughes of New York Clearly this is an area rich in ideas rife with controversy and vital in its outcome for individuals and the nation as a whole And yet strangely enough there exists no major encyclopedia bringing the varied strands together in one place as a ready reference for scholars teachers school administrators and students studying to enter the educational profession This two volume work is intended to be that authoritative resource Key themes and topics include biographies of reformers and dissenters theoretical and ideological perspectives key programs and legislation judicial verdicts impacting educational change in America the politics and processes of educational reform and policy making dissent and resistance to reform technology s impact on educational reform A Reader s Guide in the front matter groups entries around such themes to help readers find related entries more easily **Moral Education in America's Schools** Thomas C. Hunt, Monalisa McCurry-Mullins, 2006-03-01 This book is not a comprehensive history of moral education in American schools Rather it is an episodic history that deals with selected periods movements and individuals throughout the course of American education history from the time of colonial Massachusetts in the 17th century up to present times It is almost entirely devoted to public schools It is a tale that is fraught with friction and controversy even legal challenge Given the nature of the topic and the passion with which it has been and is currently viewed it will ever be thus Limited English Proficiency Students in Wisconsin: Hispanic students (Mexican and Puerto Rican) Constance K. Knop, 1982 The Americanization Syndrome Robert A. Carlson, 2022-11-16 The Americanization Syndrome 1987 examines the historical role of education in the process of Americanization It argues that beginning with seventeenth century puritan leaders such as John Winthrop and Cotton Maher the pattern of American education has been not the promotion of a blend of different cultures but the indoctrination of norms of belief of religion politics and economics and an explicit discouragement of cultural variety It traces the political role of education at key junctures of American history after Independence in the reconstruction of the South after the Civil War in the establishment of settlement houses and the use of scientific management techniques by employers The author focuses on the period 1900 1925 when new waves of immigrants from southern and eastern Europe led to a new drive for orthodoxy Limited English Proficiency Students in Wisconsin: Hispanic students (Cuban), Indochinese students (Cambodian), Native American students (Chippewa) Constance K. Knop, 1982 Limited English Proficiency Students in Wisconsin: Indochinese students (Hmong and Vietnamese) Constance K. Knop, 1982 The Politics of Curriculum Decision-Making M. Frances Klein,1991-01-22 Recent proposals for school reform have involved a significant shift in how curriculum decisions are made particularly at the state level In response to these proposals actions taken by educators have underscored the critical nature of the issue regarding who makes curriculum decisions This book examines the issues involved in how this pivotal concern has been addressed in the past and how it is being handled now Each chapter contributes to a more complete understanding of the complexities involved in the recent trend toward the centralization of

curriculum decision making The book will assist both researchers and practitioners in better understanding the issues involved as well as the impact of the movement Curriculum Windows Thomas S.
