suspenseful meticulously observed enlightening by Margot Lee Shetterly 1 New York Times bestselling author of Hidden Figures now adapted for young readers Sally Ride may have been the first US woman in space but did you know there were five other incredible American women who helped blaze the trail for female astronauts by her side When NASA sent astronauts to the moon in the 1960s and 1970s the agency excluded women from the corps arguing that only military test pilots a group women were also aggressively barred from had the right stuff But as the 1980s dawned so did new thinking and six elite women scientists Sally Ride Judith Resnik Anna Lee Fisher Kathy Sullivan Shannon Lucid and Rhea Seddon set out to prove they had exactly the right stuff to become the first US women astronauts In The Six Young Readers Edition acclaimed journalist Loren Grush shows how these brilliant and courageous women fought to enter STEM fields they were discouraged from pursuing endured claustrophobic and often deeply sexist media attention underwent rigorous survival training and prepared for years to take multi million dollar equipment into orbit Told with contributions from nearly all the living participants and now adapted for young readers this book is an inspiring testament to their struggles accomplishments and sacrifices and how they built the tools that made the space program run It s a legacy that lives on to inspire young people today

The Last Minute Christmas Miracle William J. Smith, 2017-12-19 Bill and Sally Smith are heading back to Sally s childhood town of Centerville Indiana for a very special Christmas celebration with Sally s family as this isn t any ordinary Christmas but the first Christmas since Sally gave birth to triplets William Candace and Carol Anne so that her parents can meet them for the first time but when a snowstorm hits as they are heading cross country either plans are put in jeopardy until a last second Christmas miracle saves them from the depths of despair

The Six Loren Grush, 2024-10-22 Vivid The Guardian Engrossing Booklist Suspenseful meticulously observed enlightening Margot Lee Shetterly 1 New York Times bestselling author of Hidden Figures In this account of America s first women astronauts Grush skillfully weaves a story that at its heart is about desire not a nation s desire to conquer space but the longing of six women to reach heights that were forbidden to them The New York Times When NASA sent astronauts to the moon in the 1960s and 1970s the agency excluded women from the corps arguing that only military test pilots a group then made up exclusively of men had the right stuff It was an era in which women were steered away from jobs in science and deemed unqualified for space flight Eventually though NASA recognized its blunder and opened the application process to a wider array of hopefuls regardless of race or gender From a candidate pool of 8 000 six elite women were selected in 1978 Sally Ride Judy Resnik Anna Fisher Kathy Sullivan Shannon Lucid and Rhea Seddon In The Six acclaimed journalist Loren Grush shows these brilliant and courageous women enduring claustrophobic and sometimes deeply sexist media attention undergoing rigorous survival training and preparing for years to take multi million dollar payloads into orbit Together the Six helped build the tools that made the space program run One of the group Judy Resnik sacrificed her life when the Space Shuttle Challenger exploded at 46 000 feet Everyone knows of Sally Ride s history making first space ride but each of the Six would make their mark A

spirited group biography it's hard not to feel awe for these women *The Wall Street Journal* **Women in Space - Following Valentina** Shayler David, Ian A. Moule, 2006-08-29 Space exploration has developed from early unmanned space probes through the pioneering years of the Manned Mercury Gemini and Apollo missions to missions that now include women in the crew as a matter of course Dave Shayler tells the story of the first woman balloonist in 1784 to their breakthrough as astronauts and cosmonauts in a range of professional roles He covers the contribution women have made to space exploration and draws on interviews with Shuttle and Mir crew members who were women These interviews detail the achievements of the first female Shuttle commander and the first female resident crew member of the International Space Station These and many other events are presented in a detailed and highly readable account that recalls the difficult path to space exploration by women **The Path Given** D.C.
