

A scenic photograph of a white lighthouse with a black band around its middle, situated on a dark, rocky cliff. A winding path leads up to the lighthouse. The sky is filled with dramatic, colorful clouds in shades of orange, yellow, and blue, suggesting a sunset or sunrise. The ocean is visible in the foreground, reflecting the light from the sky.

Christian Citizenship Training Course, Vol. 2, Form #12.008 Sovereignty Education and Defense Ministry (SEDM),2020-02-06 Good citizenship from a Christian Perspective Christian Responses to Spiritual Incursions into the 21st Century Church and Society Nikolaos Asproulis, Stuart Devenish,2020-10-30 This volume provides an account of the surprising in breaking of spiritual life that persists in our culture despite the best efforts of atheist spokespersons and secular theorists Spirituality in its varying forms is irrepressible resisting our attempts to exclude it by continuing to seep through the cracks and leak through the gaps When it is allowed to manifest itself through the Christian faith tradition it has the power to surprise transform and renew everything it touches This volume contains a series of case studies each of which describes the inner functionings and out workings of the spiritual life as a transformative point of contact between God world society and self Each chapter contains high level inquiry drawing on best practice scholarship that is deeply aware of the needs and opportunities that confront 21st century society **Outline of Christian Ethics** Kwing Hung,2014-10-14 Outline of Christian Ethics is a Q yet the extent of the book is broad and deep Dr Hung does not use purely rational and argumentative methods he employs the method of lighthearted conversation with the reader Every chapter is introduced with some stories to stir up the interest of the reader Furthermore statistical facts are added to strengthen the persuasive power of the points made The wealth of information contained in this book will help busy pastors and Christians find the necessary information quickly Rev Dr Peter Au principal Canadian Chinese School of Theology at Tyndale Seminary Toronto **A Relational vision for Europe:** Matthew N. Williams,2022-12-05 The political landscape of Europe is more fractured today than at any time since the Second World War There are such strong polarising forces that the rhetoric of unity sounds increasingly empty At the same time European Christian Democracy has lost its distinctive identity and it threatens to be incorporated into one or other of the competing sides Is there a promising way forward This book sets out a relational vision that can act as a revitalising and unifying force By reaching beyond the cultural and traditional roots of Christian division we find in the biblical text a unique source for political common ground So often the Bible has been used in a divisive way but at its heart is a message that establishes and sustains relationships at every level of society With this publication we can begin

to see how this relational vision becomes reality **Urban Apologetics** Christopher W. Brooks, 2014-06-01 Much of the New Testament was written in urban settings in which the Christian communities had to deal head on with issues such as race equality justice sexuality money and economics But much of today s apologetics engagement with the questions that people are asking about Christianity come from suburban churches and academic studies Urban believers those who live and minister in America s inner cities often face unique issues not often addressed by the larger Christian community These questions aren t neat or easy to answer but need to be addressed by applying biblical truth in the culture and challenges of urban life Author Chris Brooks has ministered for years in the urban environment as well as received extensive theological training In Urban Apologetics he seeks to connect the riches of the Christian apologetic tradition with the issues facing cities such as poverty violence and broken families He brings an urban rhythm and sensitivity to the task of demonstrating the relevance of faith and the healing truth that Christ provides **Evangelical Christian Responses to Islam** Richard McCallum, 2024-02-08 Do Christians and Muslims worship the same God Who was Muhammad How does the Israeli Palestinian conflict affect Christian Muslim relations This is a book about Evangelical Christians and how they are answering challenging questions about Islam Drawing on over 300 texts published by Evangelicals in the first two decades of the twenty first century this book explores what the Evangelical micro public sphere has to say about key issues in Christian Muslim relations today From the books they write the blogs they post and the videos they make it is clear that Evangelical Christians profoundly disagree with one another when discussing Islam Answers to the questions range from seeing Muslims as the enemy posing an existential threat to Christians through to welcoming them as good neighbours or even as close cousins

Politics and Piety Aaron Menikoff, 2014-05-29

Historians have painted a picture of nineteenth century Baptists huddled in clapboard meetinghouses preaching sermons and singing hymns seemingly unaware of the wider world According to this view Baptists were so heavenly minded they were of no earthly good Overlooked are the illustrative stories of Baptists fighting poverty promoting abolition petitioning Congress and debating tax policy Politics and Piety is a careful look at antebellum Baptist life It is seen in figures such as John Broadus whose first sermon promoted temperance David Barrow who formed an anti slavery association in Kentucky and in a Savannah church that started a ministry to the homeless Not only did Baptists promote piety for the good of their churches but they did so for the betterment of society at large Though they aimed to change America one soul at a time that is only part of the story They also engaged the political arena forcefully and directly Simply put Baptists were social reformers Relying on the ideas of rank and file Baptists found in the minutes of local churches and associations as well as the popular parochial newspapers of the day Politics and Piety uncovers a theologically minded and controversial movement to improve the nation Understanding where these Baptists united and divided is a key to unlocking the differences in evangelical political engagement today

Presence in the Modern World

Jacques Ellul, 2017-09-28 Presence in the Modern World is Jacques Ellul s most foundational book combining his social analysis with his theological orientation Appearing first in French in 1948 and later in English as The Presence of the Kingdom it has reached the status of a classic that retains all of its relevance dealing with today s challenges How should we respond to such complex forces as technology or the state How can we communicate with one another despite the problems inner to modern forms of media Do we have hope for the future of our civilisation Ellul responds by describing how a Christian s unique presence in the world can make a difference Instead of acting as sociological beings we must commit ourselves to the kind of revolution that will occur only when we become radically aware of our present situation and undertake a ferocious and passionate destruction of myths In this way states Ellul we become the medium for God s action in the modern world
