Private Contentment A Play:

Private Contentment Reynolds Price, 1992 **Full Moon and Other Plays** Reynolds Price, 1993 The second collection of plays from award winning novelist Reynolds Price Delicate examinations of love faith family and race written in the eloquent vernacular of Price s native North Carolina Includes *Full Moon* 1992 *Early Dark* 1977 and *Private Contentment* 1982 A born playwright Time *Understanding Reynolds Price* James A. Schiff, 1996 This critical analysis of Price s writings traces the development of an esteemed American writer from the 1962 publication *A Long and Happy Life* Demonstrating how literary trends have often run counter to Price s career Schiff argues that Price has remained committed to a personal vision *DPS: Catalogue of New Plays 2009-2010* , *New Music* Reynolds Price, 1990 A trilogy of plays that follows the Avery family their friends and acquaintances through 37 years of life in a North Carolina town from pre World War II until the Vietnam era Through their terse elegant often poetic speech a certain melancholy at its base readers gradually know these people and enter their world Includes *August Snow* *Night Dance* and *Better Days* *The Collected Stories* Reynolds Price, 2004-02-10 In this spellbinding collection a book to be treasured The New York Times Book Review a great American writer offers 50 stories to astonish delight and inspire *New Poetics of Chekhov's Major Plays* Harai Golomb, 2014-01-01 This text attempts to map the unique structure and meaning that comprise Chekhov s immensely rich artistic universe The prime components of his theatrical technique and fictional world are explored to uncover the basic principles governing the Chekhov s universe *The No-growth Imperative* Gabor Zovanyi, 2013 More than two decades of mounting evidence confirms that the existing scale of the human enterprise has surpassed global ecological limits to growth Based on such limits The No Growth Imperative discounts current efforts to maintain growth through eco efficiency initiatives and smart growth programs and argues that growth is inherently unsustainable and that the true nature of the challenge confronting us now is one of replacing the current growth imperative with a no growth imperative Gabor Zovanyi asserts that anything less than stopping growth would merely slow today s dramatic degradation and destruction of ecosystems and their critical life support services Zovanyi makes the case that local communities must take action to stop their unsustainable demographic economic and urban increases as an essential prerequisite to the realization of sustainable states The book presents rationales and legally defensible strategies for stopping growth in local jurisdictions and portrays the viability of no growth communities by outlining their likely economic social political and physical features It will serve as a resource for those interested in shifting the focus of planning from growth accommodation to the creation of stable sustainable communities While conceding the challenges associated with transforming communities into no growth entities Zovanyi concludes by presenting evidence that suggests that prospects for realizing states of no growth are greater than might be assumed **Learning a Trade** Reynolds Price, 1998 This journal offers a rich reward for those seeking to enter the guild of writers as well as those intrigued by the process of the literary life Price is the award winning author of 30 books and is a regular broadcast commentator for NPR s

All Things Considered **Collected Stories of Reynolds Price** Reynolds Price, 1993-06-21 For over three decades Reynolds Price has been one of America's most distinguished writers in a career that has been remarkable both for its virtuosity and for the variety of literary forms he has embraced. Now he shows himself as much a master of the story as he is of the novel in a volume that presents fifty stories including two early collections, *The Names and Faces of Heroes* and *Permanent Errors*, as well as more than two dozen new stories that have never been gathered together before. In his introduction Mr Price explains how, after the publication of his first two collections, he wrote no new stories for almost twenty years. But once I needed for unknown reasons in a new and radically altered life to return to the story it opened before me like a new chance. A collection like this, then, he adds, will show a writer's preoccupations in ways the novel severely rations. Novels are partly made for that purpose: the release from self, long flights through the Other. John Keats's assertion that the excellence of every Art is its intensity has served as a license and standard for me. From the start my stories were driven by heat, passion and mystery, often passion for the mystery I've found in particular rooms and spaces and the people they threaten or shelter, and my general aim is the transfer of a spell of keen witness perceived by the reader as warranted in character and act. There is indeed much for the reader to witness here of passion and mystery of character and act. And the variety of stories, many of them set in Reynolds Price's native North Carolina but a surprising number set in distant parts: Jerusalem in *An Early Christmas*, the American Southwest in *Walking Lessons*, and a number in Europe will astonish even his most devoted readers. In short, *The Collected Stories of Reynolds Price* is as deeply rewarding a book as any he has yet published.
