Kogan, 2025-11-24 This volume explores games and gamification as a pedagogical approach to teaching linguistics and languages at the university level It introduces a variety of games and gamified activities that can be integrated into almost any linguistics course from phonetics and phonology to psycholinguistics and language evolution The authors not only share their experiences using games in the classroom but also embrace a broader educational philosophy of ludic pedagogy This approach centers on engaging students in meaningful authentic activities and empowering them to take charge of their learning Through this method teachers can boost learner motivation foster self efficacy build a supportive community of practice and make learning an enjoyable experience Many of the games and activities in this book are flexible and can be adapted to suit various class types and student demographics This collection of best practices serves as a practical guide for teaching with games and a resource that helps educators navigate potential challenges and misconceptions Ultimately the book aims to enhance the teaching experience for linguistics instructors improve learning outcomes and promote productive collaborative relationships with students The book is complemented by an online repository of printable games which will be continuously updated and expanded <https://linguisticgames.weebly.com> The Acquisition of French as a Second Language

Martin Howard, 2025-05-05 *The Acquisition of French as a Second Language A Research Overview* is the first text to present in one place a comprehensive systematic overview of research on the acquisition of French as a second or additional language. Drawing on classic and current empirical studies on learner cohorts at different proficiency stages in various learning contexts all over the world, Martin Howard expertly synthesises and analyses a range of linguistic features, factors affecting learning, theoretical approaches or conceptual frameworks and methodological or experimental issues in French SLA, and connects these insights from L2 French to key applied and theoretical questions in SLA research more broadly. The text further offers details of key corpora of L2 French data and sets the agenda for future work in French SLA by indicating gaps in the literature and recommending directions for future research. This unique cohesive volume will be an invaluable foundational resource to advanced students and researchers in SLA, bilingualism, multilingualism, French Romance studies, applied linguistics, language education and related areas, to those who are interested in LOTE languages other than English, and French SLA in particular. It will also be useful to those studying to become French second language educators.
