The Heart and Mind in Teaching Alyssa

Magee Lowery, William Hayes, 2014-07-30 *The Heart and Mind in Teaching Pedagogical Styles Through the Ages* provides an important historical context for an issue confronting every American teacher administrator student parent and citizen As the art of teaching is rapidly replaced by formulas clinical studies and one size fits all scientific pedagogy it is important to ask the question How did we get here Authors Alyssa Magee Lowery and William Hayes trace the history of teaching from Greek philosophy to twenty first century educational issues in an effort to provide some perspective in the long art versus science debate ultimately finding that the two components may be able to coexist peacefully **Consensus** William

Hayes, 2013-07-01 As we consider the current status of educational reform it is clear that the United States lacks a clear vision as to how to improve our schools In the recent past we have been able to gain support for ideas such as the need for special education programs free and reduced lunches pre school programs and equal educational opportunities for both boys and girls While programs such as these were possible because of a national consensus our challenge today is to agree on the way to move forward Although it is most obvious in our inability to act on No Child Left Behind the failure to define a common vision is true of many other issues in the field of education Without an agreed upon vision which includes the support of those working in our schools true reform will be extremely difficult The purpose of this book is to help the reader understand our differences and to suggest a way that we can reach a consensus on education reform **Case Studies in**

Constructivist Leadership and Teaching Arthur S. Shapiro, 2003 These 27 actual case studies plus two quick hitting research chapters provide practical down to earth hands on strategies that teachers supervisors and administrators in all sorts of settings can use to improve their professional operation through the gradual use of constructivist practices They point to the increased personal and professional satisfaction teachers experience and to students increased achievement and satisfaction that results when practitioners pull off constructivist processes Additionally these cases tell how to do it safely

Ethics for School Leaders Dan Mahoney, 2022-09-14 *Ethics for School Leaders The Human Condition and Organizational Dynamics* is about the complex role of formal and informal leaders in schools It presents multiple perspectives to enhance comprehension of the organizational and psychological dynamics that come into play when school leaders those with authority and those without authority are faced with ethically challenging situations In addition to a tour of leadership theories organizational dynamics psychological dynamics and ethical perspectives the case studies in this book weave together aspects of people s emotional make up cognitive framework and past experiences to illustrate how school leaders use reason and emotion to make complex connections between their inner lives and the demands of their profession This book identifies specific examples of ways school leaders can enhance ethical practice at the organizational level as well as how to focus on the things they can do personally and interpersonally to improve their work as school leaders in order to make lives better for all of the people they serve By integrating various approaches to the study of the leadership process this book makes an important contribution to fields of leadership studies and professional ethics **Building Sustainability**
