To Believe or Not to Believe You aren t the first to grapple with the question of belief in God The vast number of different religions already tell us that humans have been grasping at the divine from the very beginning This alone speaks to the existence of God All humans have an innate desire for something an emptiness that longs for fulfillment Filling this void with worldly desires like riches power and sensual pleasures might distract you for a little while but it s ultimately unfulfilling It

comes down to two choices First you can trust in human s limited knowledge of religions philosophies isms and many others that were made by humans looking for answers But this reasoning can only go so far because it starts with itself and ends with itself The second option is to lean not on your understanding but on God Many skeptics equate trust in religion to a rejection of logic or reason But belief in God doesn t mean you aren t using sense Seeking God can open your eyes and grant you wisdom Psalm 119 18 Proverbs 8 While there are many reasons to put your faith in God here are some compelling reasons we must believe God of Tactics VS God of Ethics Focusing on the world s third largest religion followed by a one billion plus population It brings forth stories ideas and philosophies its societal formation culture and the main tenets of Hindu philosophies Dharma Kama Karma and Moksha The author has not used this book to make a comparative study of other religions but rather focused on Sanatan ideas only Para Brahma Tattva God s Particle Higgs Boson Truth is found in his various manifestations that have been covered in simple Leelas God s stories Shiva and Sri Krishna are the two Hindu Gods being discussed here This book will help the younger generation across the globe to know their religion and heritage and is highly recommended for reading by them their parents families and friends To understand Space Time Matter and Multiple Universes concepts in Sanatan Dharma you must read this book In this 75th year of India s Independence also called Amrit Kal this is the author s gift to the great nation of India also called Bharat Why so many Gods Who is Supreme Who should we pray to Vedas define 33 koti category of Gods which Sanskrit to English language translations made this koti category to crore and started saying 33 crore devi and devtas it should be 33 categories The 33 categories of gods are calculated as eight Vasus eleven Rudras different forms of Shiva twelve Adityas different forms of Vishnu one Indra and one Prajapati Brahma This adds up to 33 The Prism Theory to Understand Why So Many Faiths and Gods Globally To make you understand better the author has formed a theory named The Prism Theory This is Copyright of the author Sharad Mohan His Interpretation of Para Brahma One God Tattva satisfying various distinct manifestations and incarnations is used as an analogy to understand why Sanatan Dharma loosely referred to as Hinduism has so many gods meaning the entire world is one big family Do read and share with friends and family Author Sharad Mohan USA X SharadAuthor [Stephen Knapp Reading List: The Key To Real Happiness/ Yoga and Meditation/ Krishna Deities and Their Miracles](#) Stephen Knapp,2022-09-13 Stephen Knapp s Reading List is a transformative collection of three profound works by renowned spiritual author Stephen Knapp The books in this collection Key to Real Happiness and Meditation and Deities and Their Miracles offer insightful guidance on the path to spiritual growth inner peace and deeper understanding of the divine These works are not just for spiritual seekers but for anyone interested in unlocking their highest potential and gaining a deeper connection to the universe The Key to Real Happiness serves as a guide to understanding the true meaning of happiness Stephen Knapp explores spiritual practices that lead to inner joy and contentment By applying the principles discussed in this book readers are empowered to overcome life s challenges and uncover the lasting peace that comes from spiritual wisdom Yoga and Meditation explores the transformative
