Reasonable Belief A Survey Of The Christian Faith:

Reasonable Belief Anthony Tyrrell Hanson, Richard Patrick Crosland Hanson, 1980 This book is an attempt to survey the main areas of Christian thought and doctrine The authors are convinced that many thoughtful Christians or would be Christians are puzzled and even alarmed by the difference between the Christian faith as it is usually presented in pulpits Sunday Schools and popular Christian literature on the one hand and on the other realities of contemporary scientific philosophical and historical thought Many are repelled from Christianity by the inadequacy of the way in which it is conventionally presented This book sets out to preserve the great central constitutive truths of Christianity in opposition to many contemporary reductionist tendencies in theology while presenting these truths in such a way as to suggest that they are relevant to twentieth century society and not irretrievably involved with an obsolete world view The doctrines of God of Christ of the Holy Spirit of the Trinity of the relation of Christianity to history are surveyed and of the Church ministry and sacraments The authors endeavour to do justice to the views of the significant thinkers both of the past and of the present while suggesting their own interpretation on several points Both authors are Anglicans and on several issues write as Anglicans but they believe that their point of view is a comprehensive and inclusive one which should be of interest and concern to Christians of all traditions

Reasonable Belief Anthony Tyrell Hanson, R. P. C. Hanson, 1980 **Systematic Theology, Volume 1, Fourth Edition** James Leo Garrett, 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett's system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist

Theological Seminary **Karl Rahner** Pádraic Conway, Fáinche Ryan, 2010 Padriac Conway is Director of the UCD International Centre for Newman Studies and a Vice President of University College Dublin Book Jacket **'Hell': A Hard Look at a Hard Question** David J. Powys, 2007-01-01 I welcome this rigorous examination of some of the many questions which are raised by the doctrine of hell At a time when it is rare to hear even heaven spoken about in our churches it is encouraging that this sober theme is once more in our sights It was plainly often on the lips of Jesus Nigel M de S Cameron Trinity International University Dr Powys has pursued a rigorous examination of the Scriptures He rivets our attention on what the New Testament actually says about the fate of the unrighteous This is a seminal work David Claydon Federal Secretary CMS Australia The author writing from a position of biblical conservatism has presented a powerful convincing and scholarly case for the view that the unrighteous will forfeit resurrection life in the Kingdom of God It is in my judgment the most thorough treatment of the issue in recent years John W Pryor Macquarie University This book is an impressive thorough discussion of a thorny question Dr Powys is at home in many branches of biblical studies He examines the biblical evidence carefully and sets his case out lucidly and with real insight showing convincingly how ill founded are many ancient and many recent views on the fate of the unrighteous His own solution of a set of complex exegetical and theological issues is judicious and clearly the end result of careful thought from the Foreword by Graham Stanton University of Cambridge David Powys has made a significant contribution to an increasingly important debate His book's real strength lies in its very careful study of New Testament teaching in the light of a comprehensive analysis of the Old Testament and Jewish literature This literature is rightly seen not merely as background but as the key to a right understanding of the New Testament teaching I wish that such a clear discussion had been available when I first began engaging with these questions Stephen Travis St John's College Nottingham David Powys was educated at The University of Melbourne He gained degrees in arts and social work studied theology at Ridley College and was ordained in 1981 Dr Powys has ministered in four Melbourne parishes He is an Examining Chaplain to the Archbishop of Melbourne and a member of Archbishop in Council and National Synod He was awarded the Doctor of Theology by the Australian College of Theology in 1994 for his *The Hermeneutics of Hell* The present volume is a slightly abbreviated version of that dissertation **SCM Studyguide: Christian Doctrine** Astley Jeff, 2015-04-21 An accessible textbook for all engaging with Christian doctrine for the first time A valuable resource and suitable for all clergy and all training for ministry *A Church for the Twenty-first Century* Robert Hannaford, 1998 *Obstacles to Divine Revelation* Rolfe King, 2011-11-03 A fascinating philosophical approach to the concept of divine revelation exploring the implications this theory may have for generating a new concept of religious truth *Christian Doctrine* Jeff Astley, 2010 An accessible textbook for all engaging with Christian doctrine for the first time A valuable resource and suitable for all clergy and all training for ministry *The Living Church*, 1947 *A Case for Latter-Day Christianity* Robert Starling, 2019-08-26 Can a Mormon be a Christian How does that work That's the idea behind this personal book by Robert Starling a lifelong

member of The Church of Jesus Christ of Latter day Saints who grew up in the heart of the Bible Belt Some folks there and elsewhere believe that Mormons are members of a non Christian cult Robert s purpose for this book is not to convert anyone but to give his strong reasons to dispel that misconception As a child of converts to Mormonism whose uncle is a retired Methodist pastor Robert has a unique perspective to share with Mormons and non Mormons alike He attended a Baptist vacation Bible school as a child and so did his own children and his best friend in college at Georgia Tech was the president of the Catholic student Newman Club Having resided in Utah for twenty years where he worked as a media producer for the LDS Church at its worldwide headquarters Robert has lived really inside Mormonism for decades While Robert is not an official spokesman for the LDS Church he has trained local church leaders in how to work with news media He s been active in defending his faith from critics he s been sued by them twice for a total of 30 million and sharing his knowledge with anyone interested in learning what Mormons really believe For instance Do Mormons believe in a different Jesus What do Mormons believe about the Trinity How are Mormons saved Do Mormons baptize dead people Is there only one true church What happens in Mormon temples Do Mormons wear magic underwear Do Mormons worship Joseph Smith Is the Bible God s word for Mormons Do Mormons want to become like God What kind of evidences does Robert use to make his case Whether you re a Mormon or not you ll be surprised Take a look inside and find out and be sure to read the introduction Divine Becoming Charlene Embrey Burns, The universally human element of Jesus incarnation Despite the feverish pace of publishing in historical Jesus studies biblical scholars and theologians have not notably progressed in addressing the meaning and significance of the figure of Jesus in ways credible for contemporary persons In this creative and insightful work Burns seeks to understand the significance of Jesus and his incarnation through the category of participation The central theological claims in the traditional concept of incarnation are anchored and illumined by Jesus particular ability for empathy sympathy attunement and entrainment This notion derived from the psychological research of Daniel Stern allows Burns to show that incarnation the capacity to participate in the life of others is present not only in Jesus but to some extent in all people and in all religions It further illumines features of God s trinitarian life and our lifelong journey into God deification

Gerard Manley Hopkins and Tractarian Poetry Margaret Johnson, 2016-12-05 Gerard Manley Hopkins and Tractarian Poetry for the first time locates Hopkins and his work within the vital aesthetic and religious cultures of his youth It introduces some of the most powerful cultural influences on his poetry as well as some of the most influential poets from the well known fellow convert John Henry Newman to the almost forgotten historian and poet Richard Dixon From within the context of Hopkins developing catholic sensibilities it assesses the impact of and his responses to issues of the time which related to his own religious and aesthetic perceptions and provides a rich and intricate background against which to view both his early often neglected poetry and the justly famous idiosyncratic and deeply moving verse of his mature years By detailing the influences Tractarian poetry had upon Hopkins early work and applying these to the productions of his later

years Gerard Manley Hopkins and Tractarian Poetry demonstrates how Hopkins best known mature works evolved from his upbringing in the Church of England and remained always indebted to this early culture It offers readings of his works in light of a new appraisal of the contexts from which Hopkins himself grew providing a fresh approach to this most challenging and rewarding of poets Redemptive Criminology Aaron Pycroft, Clemens Bartollas, 2022-04-19 Challenging concepts and practices of rehabilitation this text draws on criminology philosophy and theology to develop a theory of redemptive criminology that could revolutionise the rehabilitation system It offers new insights into punishment and retribution and explores the connections between victims perpetrators and the community Canterbury Cousins Owen F. Cummings, 2007 Canterbury Cousins is an effort in ecumenical theology setting out to show how close the traditional Anglican theology of the Eucharist is to Roman Catholic theology Book jacket *New Directions in Philosophical Theology* Gavin Hyman, 2018-01-18 At the beginning of a new millennium philosophical theology has become more contested than ever before The appearance of non realist theologies postmodern theologies and the theology of radical orthodoxy has provoked a vibrant debate about the nature of theology itself In what new directions should theology be moving in the wake of the end of modernity For over thirty years Don Cupitt has been provoking theologians to reconsider the nature of their discipline Taking their inspiration from his work and writing in his honour on the occasion of his 70th birthday some of the leading figures in the contemporary theological scene address urgent questions facing theology today and in doing so exemplify the methodological diversity which characterises the contemporary field **Scripture, Tradition and Reason** Richard Bauckham, Benjamin Drewery, 2004-10-28 Essays on scripture tradition and reason at the heart of every major issue confronting the life and thought of all the Christian Churches today in honour of R P C Hanson **The Kenotic Trajectory of the Church in Donald MacKinnon's Theology** Timothy G. Connor, 2011-09-29 The Future of Anglicanism Robert Hannaford, 1996 **Anglicanism, Methodism and Ecumenism** Andrew Chandler, 2018-09-30 For almost 200 years the city of Birmingham has been a key location for the training of clergy From 1828 Anglican clergy studied at the Queen s College and in 1881 the Methodist Church developed their own training facility at Handsworth College In this book Andrew Chandler tells the tale of these two colleges This is a history not simply of the creation and evolution of these two religious institutions but a study full of significance for the wider history of Christianity in British society across the nineteenth and twentieth centuries The foundation of both colleges occurred in a confident age of civic progress and reform and their subsequent histories reveal much that was at work in the experience of the British churches at large They were at first expressions of denominational identity and a determination to educate a class of clergy In time they found themselves negotiating new prospects within the ecumenical currents of a later age and the deepening realities of secularization In 1970 they united This is a book which blends local national and international dimensions and also shows how the two theological colleges came to embrace all kinds of intellectual cultural social and political history in a period of restless change
