

REASSESSING THE SIXTIES

Debating the Political and Cultural Legacy

IN THE PAST TWO DECADES, HISTORIANS have come to the 1960s as a decade of intense ideological and cultural change, and the 1960s have become a laboratory for testing new theories of history. In the past, historians have tended to view the 1960s as a decade of radical change, but now they are beginning to see it as a decade of transition. The 1960s were a time of great change, but they were also a time of great continuity. The 1960s were a time of great change, but they were also a time of great continuity. The 1960s were a time of great change, but they were also a time of great continuity.

Reassessing The Sixties

Rozell, Ted G. Jelen**

Reassessing The Sixties:

Reassessing the Sixties Stephen Macedo, 1997-01-01 Essays examine the impact of the sixties in the areas of gender roles the family education race relations and the Civil Rights movement *Taking Back the Academy!* Jim Downs, Jennifer Manion, 2004 This text is both an historical look at activism on campus since the 1960s and an exploration of the ways in which the historians craft leads to social change The authors defend political dissent and document the importance of activism and public debate on college campuses Revisiting the Sixties Laura Bieger, Christian Lammert, 2013-11 The Vietnam War the Cuban Missile Crisis the Civil Rights Movement and the Summer of Love the 1960s were one of the most turbulent decades in US history These years launched an unprecedented public debate over the meaning of America dividing US society in deep and troubling ways Yet despite the passage of time the contemporary crises in the American way of life and the political system that sustain it might well make one wonder to what degree are we still living on the outskirts of the 60s By examining crucial events trends and individuals from the civic social political intellectual cultural and economic spheres across a range of disciplines this volume offers a nuanced and pluralist account of the longest decade in America

Stuck In The Sixties George Rising, 2010-11-08 The 1960s were a colorful tumultuous age that transformed American society Ever since the decade ended Americans have debated the changes that it unleashed While most liberals argue that the era's effects were mainly positive and long overdue conservatives perceive the 1960s as a disastrous time that has left ruinous legacies for us Stuck in the Sixties analyzes conservatives' views about the 1960s era and its legacies by examining their discourse about such sixties figures and movements as John F Kennedy Martin Luther King Jr the civil rights movement the Warren Court the Great Society the Vietnam War the anti war movement the New Left and the counterculture The book reveals that for a generation a focus on attacking and reversing the legacies of the 1960s has been essential to the conservative Republican agenda *1968: The World Transformed* Carole Fink, Philipp Gassert, Detlef Junker, 1998-10-28 1968 The World Transformed presents a global perspective on the tumultuous events of the most crucial year in the era of the Cold War By interpreting 1968 as a transnational phenomenon authors from Europe and the United States explain why the crises of 1968 erupted almost simultaneously throughout the world Together the eighteen chapters provide an interdisciplinary and comparative approach to the rise and fall of protest movements worldwide The book represents an effort to integrate international relations the role of media and the cross cultural exchange of people and ideas into the history of that year 1968 emerges as a global phenomenon because of the linkages between domestic and international affairs the powerful influence of the media the networks of communication among activists and the shared opposition to the domestic and international status quo in the name of freedom and self determination The Columbia Guide to America in the 1960s David Farber, Beth Bailey, 2003-04-09 The 1960s continue to be the subject of passionate debate and political controversy a touchstone in struggles over the meaning of the American past and the direction of the American future Amid

the polemics and the myths making sense of the Sixties and its legacies presents a challenge This book is for all those who want to take it on Because there are so many facets to this unique and transformative era this volume offers multiple approaches and perspectives The first section gives a lively narrative overview of the decade s major policies events and cultural changes The second presents ten original interpretative essays from prominent historians about significant and controversial issues from the Vietnam War to the sexual revolution followed by a concise encyclopedia articles organized alphabetically This section could stand as a reference work in itself and serves to supplement the narrative Subsequent sections include short topical essays special subjects a brief chronology and finally an extensive annotated bibliography with ample information on books films and electronic resources for further exploration With interesting facts statistics and comparisons presented in almanac style as well as the expertise of prominent scholars The Columbia Guide to America in the 1960s is the most complete guide to an enduringly fascinating era

The Sixties Arthur Marwick,2011-09-28 If the World Wars defined the first half of the twentieth century the sixties defined the second half acting as the pivot on which modern times have turned From popular music to individual liberties the tastes and convictions of the Western world are indelibly stamped with the impact of this tumultuous decade Framing the sixties as a period stretching from 1958 to 1974 Arthur Marwick argues that this long decade ushered in nothing less than a cultural revolution one that raged most clearly in the United States Britain France and Italy Marwick recaptures the events and movements that shaped life as we know it the rise of a youth subculture across the West the sit ins and marches of the civil rights movement Britain s surprising rise to leadership in fashion and music the emerging storm over Vietnam the Paris student uprising of 1968 the growing force of feminism and much more For some it was a golden age of liberation and political progress for others an era in which depravity was celebrated and the secure moral and social framework subverted The sixties was no short term era of ecstasy and excess On the contrary the decade set the cultural and social agenda for the rest of the century and left deep divisions still felt today

A Cultural History of the Radical Sixties in the San Francisco Bay Area Anthony Ashbolt,2015-10-06 The San Francisco Bay Area was a meeting point for radical politics and counterculture in the 1960s Until now there has been little understanding of what made political culture here unique This work explores the development of a regional culture of radicalism in the Bay Area one that underpinned both political protest and the counterculture

The Sixties in America M. J. Heale,2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company

Debating the 1960s Michael W. Flamm,David Steigerwald,2008 The conventional interpretation of the 1960s emphasizes how liberal even radical the decade was It was after all the age of mass protests against the Vietnam War and social movements on behalf of civil rights and women s rights It was also an era when the counterculture challenged many of the values and beliefs held by morally traditional Americans But a newer interpretation stresses how truly polarized the 1960s were It portrays how radicals liberals and conservatives repeatedly clashed in ideological combat for the hearts and minds of Americans Millions

in the center and on the right contested the counterculture defended the Vietnam War and opposed civil rights Debating the 1960s explores the decade through the arguments and controversies between radicals liberals and conservatives The focus is on four main areas of contention social welfare civil rights foreign relations and social order The book also examines the emergence of the New Left and the modern conservative movement Finally it assesses the enduring importance of the 1960s on contemporary American politics and society Combining analytical essays and historical documents the book highlights the polarization of the decade by focusing on the political social and cultural debates that divided the nation then and now

The 1960s Brian Ward,2009-11-02 Drawn from a wide range of perspectives and showcasing a variety of primary source materials Brian Ward s The 1960s A Documentary Reader highlights the most important themes of the era Supplies students with over 50 primary documents on the turbulent period of the 1960s in the United States Includes speeches court decisions acts of Congress secret memos song lyrics cartoons photographs news reports advertisements and first hand testimony A comprehensive introduction document headnotes and questions at the end of each chapter are designed to encourage students to engage with the material critically

Civic Innovation in America Carmen Sirianni,Lewis A. Friedland,2001-07 A new philosophy of organizing is afoot in the land It works with as well as opposing City Hall It forms ongoing relationships It takes the long view It works from the bottom up It deliberates about ends and means It crafts voluntary agreements It fosters common work After reading this book you think Maybe we are entering a new era of citizen activism and self government We ve learned I recommend this book to any activist and to anyone who wants to understand activism in America Jane Mansbridge Adams Professor of Political Leadership and Democratic Values John F Kennedy School of Government Harvard University This book is an extraordinarily useful and comprehensive account of the wave of renewal that is occurring in the United States today Americans should read this excellent book John Gardner founder of Common Cause and former U S Secretary of Health Education and Welfare Civic Innovation in America by Carmen Sirianni and Lewis Friedland is a wonderful book rich in insights and stories of the growth of civic learning dazzling in its facility with issues of contemporary democratic and social theory It is also a book of democratic hope As the authors weave together an account of the steady accumulation of learning that has developed over the last generation they also help to give this growing movement depth and visibility and self consciousness Civic Innovation in America not only chronicles the broad and diverse stirrings of a movement for democratic revitalization it aids in bringing the movement into being It could not come at a more crucial time Harry Boyte Co Director Center for Democracy and Citizenship University of Minnesota This book offers a fresh innovative approach to social movements especially with its focus on the emergence of partnership strategies as distinct from more purely adversarial strategies The book reminds us of the importance of designing public policies that build civic capacity There is important and insightful information here for scholars agency professionals and community activists alike Anne Schneider Dean of the College of Public Programs at Arizona State University Civic Innovation in America is a remarkably

detailed catalog of major efforts at civic renewal in health the environment journalism and community organizing taking place in scores of cities and towns around the country in the past 20 years Yes vital innovative in the trenches civic work in the midst of the Reagan Bush New Democrat era To document these efforts and to persuasively show in them common origins common patterns and common problems is a civic achievement in itself Sirianni and Friedland not only describe important social change but contribute to it Michael Schudson Professor of Communication University of California San Diego *Memories of 1968* Ingo Cornils, Sarah Waters, 2010 Some years figure more keenly in the collective memory than others This volume explores how 1968 has come to be perceived in France Germany Italy U S Mexico China how various national preoccupations with order political violence individual freedom youth culture self expression have been reflected

Progressive and Conservative Religious Ideologies Richard Lints, 2016-04-15 This book explores the surprisingly disruptive role of religion for progressive and conservative ideologies in the tumultuous decade of the 1960s Conservative movements were far more progressive than the standard religious narrative of the decade alleges and the notoriously progressive ethos of the era was far more conservative than our collective memory has recognized Lints explores how the themes of protest and retrieval intersect each other in ironic ways in the significant concrete controversies of the 1960s the Civil Rights Movement Second Feminist Movement The Jesus Movements and the Anti War Movements and in the conceptual conflicts of ideas during the era The Death of God Movement the end of ideology controversy and the death of foundationalism Lints argues that religion and religious ideologies serve both a prophetic function as well as a domesticating one and that neither conservative nor progressive movements have cornered the market in either direction In the process Lints helps us better understand the complex role of religion in cultural formation One America, Indivisible Sheldon Hackney, 1997 Special Relations Howard Malchow, 2011-02-18 Special Relations reevaluates Anglo American cultural exchange by exploring metropolitan London s culture and counterculture from the 1950s to the 1970s It challenges a tendency in cultural studies to privilege local reception and attempts to restore the concept of Americanization in this critical era of mass tourism professional exchange and media globalization while acknowledging an important degree of cultural hybridity and circularity The study begins with the influence of American modernism in the built environment and in Swinging London generally and then moves to its central project the re exploration of British counterculture the anti war movement student rebellion hippies popular music the alternative press and the late Sixties triad of black feminist and gay liberationisms as intimately tied to American experience and to American agents of cultural change Special Relations retrieves these phenomena as more central and enduring in British metropolitan life than the current orthodoxy allows and subjects to sharp critical scrutiny prevalent assertions of cultural authenticity in their British variants Finally the book looks at aspects of the turn against modernism and the counterculture in the 1970s American Political Culture Michael Shally-Jensen, Mark J. Rozell, Ted G. Jelen, 2015-04-28 This all encompassing encyclopedia provides a broad perspective on U

S politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation Demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation s place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process The Triple Package Jed Rubenfeld,Amy

Chua,2014-02-05 Why do Jews win so many Nobel Prizes and Pulitzer Prizes Why are Mormons running the business and finance sectors Why do the children of even impoverished and poorly educated Chinese immigrants excel so remarkably at school It may be taboo to say it but some cultural groups starkly outperform others The bestselling husband and wife team Amy Chua author of *Battle Hymn of the Tiger Mother* and Jed Rubenfeld author of *The Interpretation of Murder* reveal the three essential components of success its hidden spurs inner dynamics and its potentially damaging costs showing how ultimately when properly understood and harnessed the Triple Package can put anyone on their chosen path to success

The United States and Germany in the Era of the Cold War, 1945-1990 Detlef Junker,Philipp Gassert,Wilfried Mausbach,David B. Morris,2004-05-17 Publisher Description **The Long March** Roger Kimball,2001-06-01 In *The Long March* Roger Kimball the author of *Tenured Radicals* shows how the cultural revolution of the 1960s and 70s took hold in America lodging in our hearts and minds and affecting our innermost assumptions about what counts as the good life Kimball believes that the counterculture transformed high culture as well as our everyday life in terms of attitudes toward self and country sex and drugs and manners and morality Believing that this dramatic change cannot be understood apart from the seductive personalities who articulated its goals he intersperses his argument with incisive portraits of the life and thought of Allen Ginsberg Norman Mailer Timothy Leary Susan Sontag Eldridge Cleaver and other cultural revolutionaries who made their mark For all that has been written about the counterculture until now there has not been a chronicle of how this revolutionary movement succeeded and how its ideas helped provoke today s culture wars *The Long March* fills this gap with a compelling and well informed narrative that is sure to provoke discussion and debate

This Enthralling World of Kindle Books: A Thorough Guide Unveiling the Benefits of E-book Books: A World of Ease and Flexibility E-book books, with their inherent portability and ease of availability, have freed readers from the constraints of physical books.
