Rebels Informers:

The Informers Andrew Boyd, 1984 **Resistance and Rebellion** Roger D. Petersen, 2001-05-07 Resistance and Rebellion Lessons from Eastern Europe explains how ordinary people become involved in resistance and rebellion against powerful regimes The book shows how a sequence of casual forces social norms focal points rational calculation operate to drive individuals into roles of passive resistance and at a second stage into participation in community based rebellion organization By linking the operation of these mechanisms to observable social structures the work generates predictions about which types of community and society are most likely to form and sustain resistance and rebellion The empirical material centres around Lithuanian anti Soviet resistance in both the 1940s and the 1987-91 period Using the Lithuanian experience as a baseline comparisons with several other Eastern European countries demonstrate the breadth and depth of the theory The book contributes to both the general literature on political violence and protest as well as the theoretical literature on collective action *The House on the River* Shoeb Hamid, 2018-07-23 The House On The River Insurrection tries to shed light on the path of deviation in the backdrop of roles played by different state and nonstate actors in a conflict zone It offers an insight of the conflict situation from an insurgents point of view Samir who has had a rebellious childhood is provoked to join a group of insurgents to avenge his best friends murder After initial failures he devises a plan to kill a renegade who works for armed forces and is responsible for his friends death He makes his own gun but his resolve to kill the renegade cedes after he shoots and injures him Despite strong forces that tend to influence the characters inherent and elemental traits in them keep resisting the coercion against all odds **War and Underdevelopment: Country experiences** Frances Stewart, Edmund Valpy Knox Fitzgerald, 2001 This series traces the economic and social consequences of conflict both theoretically and through empirical investigations including seven country case studies *Army of Shadows* Hillel Cohen, 2008-01-03 Tells the story of Arabs who from the very beginning of the Arab Israeli encounter sided with the Zionists and aided them politically economically and in security matters This book features Bedouins who hosted Jewish neighbors weapons dealers and pro Zionist propagandists *How Insurgency Begins* Janet I. Muslim Rulers and Rebels Thomas M. McKenna, 1998-08-10 Thomas McKenna has provided the first convincing explanation of a major insurgency that continued on its bloody course for nearly a quarter century Given the enormous complexity of the revolt the patchwork of ethnicities involved and the opaque quality of the literature McKenna's accomplishment is a considerable one Alfred W McCoy author of *The Politics of Heroin in Southeast Asia* Superb as both ethnography and social history offers significant new insights into the changing direction of Muslim politics in the Philippines and how to understand comparable movements elsewhere It will be a basic reference for those interested in the dynamics of ethnoreligious political movements in general Dale Eickelman author of *Knowledge and Power* *Hitler's Children* Gerhard
